No. 2497. Ordinance further amending and supplementing Article 14 of Ordinance 210, known as the Fire Prevention Code, approved May 11, 1966.

Mr. Givens:

I move to suspend Rule 8 by providing consideration of a bill only until or after the 9th calendar day following the meeting in which the bill was introduced so it will be on the agenda this Wednesday.

I'd like to make one statement in regards to this particular bill. This is a complementary bill — this complements the bill that was introduced on the High-Rise Building Code and if you can recall over the weekend — in Baltimore 15 people were very seriously injured and I think three people were killed.

Fire kills or maims more than 100,000 Americans every year. The property loss it causes has risen to 2.75 billion dollars annually. Pittsburgh, as a city of older buildings and new high rise structures, must provide the strongest fire protection for its citizens. Without a strictly enforced high-rise building code, we are gambling with the lives and property of Pittsburgh.

For over a year I have urged, coaxed, and advised the Administration and departmental officials to introduce a code for the safety of high rise buildings. There have been many delays and excuses, but still there is no high-rise building code.

Discussion must be opened. The introduction of this high-rise code will stimulate government, business, and citizen concern. Lives and property are involved and we cannot permit further delay.

I might add that it has been almost 11 years since our fire code has been brought up to date and the City of Pittsburgh is one of the few cities of our size and magnitude of high rise structures.

The Chair:

What reasons did they give for not obeying?

Mr. Givens:

This is something that takes a lot of time on the part of Captain Sanner and his office of Fire Prevention and part of Chief Kennelly's concern also. They have been working over a year to update this code to bring it up to the present code qualifications for the type of materials that we are using. Of course there is a good debate going on — the sprinkler system versus that of fire protection and that has been going on since I have been chairman of the Public Safety Committee and with these two ordinances introduced and discussed on Wednesday, hopefully a public hearing will come from this. That is all I have to say.

Mr. Stone:

Is that the one you are moving up? If there is discussion, what are you rushing it for?

Mr. Givens:

The bill that was introduced last week. This is a companion bill to go along with it and I think both of them should be discussed at the same time and from there it will go to a public hearing.

Mr. Lucchino:

I second the motion.

Which motion prevailed.

Mr. Lucchino:

Is a copy going to the Board of Standards and Appeal?

Mr. Givens:

It will be as soon as it is introduced to Council.

Which were read and referred to the Committee on Public Safety.

Which was read.

The Chair:

Is there any discussion on the bill?

Mr. Givens:

I'd like to make one point on Bill No. 2429 which is the \$2,000 payment on a lawsuit.

If you will recall over the weekend an article or so was written which indicated that the City of Pittsburgh lost a lawsuit totaling somewhere I believe of \$330,000. The salt truck had moved into the opposite lane and a vehicle behind it ran into the salt truck, and I was always under the impression that the driv-

er has to be in control of the vehicle and I wonder how the settlement turned out.

My concern is the fact that this was a \$330,000 lawsuit and the City of Pittsburgh does not have insurance to insure ourselves.

If you can recall about six months or better, we had another suit where an officer was discharged and a person was injured and there was \$240,000 involved in that. So we are talking about a period of six months where a half million dollars was outstanding and I think we are going to have to look at our driving accidents. In most institutions where people drive a particular tractor or other vehicle, they have a refresher course that is put on by the state and I think the drivers are going to need that.

The Chair:

That is all well and good but we are still going to have the accidents from time to time.

Also,

Bill No. 2430. A Resolution entitled, "Providing for the issuance of a warrant in favor of Central Medical Health Services in the aggregate amount not to exceed \$50,500 in payment for medical tests rendered in connection with the Civil Service Commission's Medical Examination Program for Police Officer and Fire Fighter candidates, furnished for the benefit of the City without previous authority of law."

Which was read.

Ayes:

Mr. Coyne
Mr. Givens
Mr. Lally

Mr. Lucchino
Mrs. Masloff
Mr. Stone
Mr. DePasquale
(Pres't pro tem)

Ayes 7 Noes none

And there being two-thirds of the votes of Council in the affirmative, the bills passed finally.

Also,

Bill No. 2431. A Resolution entitled, "Transferring \$55,000.00 from Code Account 1443, Salaries and Wages, Regular and Temporary Employees, Department of Police, to the Civil Service Commission Code Account 1100, Miscellaneous Services."

Which was read.

The Chair:

Is there any discussion on the bill?

Mr. Givens:

The only other discussion is Bill No. 2431, which is again taking Code Account 1443, Salaries and Wages of temporary employees and the Police Department and putting it into the Civil Service Miscellaneous Services — that is \$55,000.

When we went over the budget in November — the Police Department particularly, we took it right down to the bone and I judge the wisdom of it if we are to put all these policemen on the force, and I don't think we are going to have a great surplus within our manpower as we have had in the past years and I am one for the budget.

The Chair:

Any further discussion?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

UNFINISHED BUSINESS

The Chair presents:

Bill No. 2485. A Resolution approving the appointment of Paul Brophy as Director of the Department of Housing for the City of Pittsburgh, until the end of the present interim term of the present interim Mayor.

Which was read.

Mr. Coyne:

Mr. Present, being that we have some members not present today, I move to hold the appointment for two weeks.

Mr. Lally:

I second the motion.

Which motion prevailed.

REPORTS OF COMMITTEES

Mrs. Masloff (for Mr. Stone) presented

No. 2574. Report of the Committee on Finance for May 18, 1977, transmitting sundry Resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2476. A Resolution entitled, "Providing a residency exemption for Mr. Edward deLuca, in the position of Director of the Department of City Development."

Which was read.

Also,

Bill No. 2443. A Resolution entitled, "TRANSFERRING the sum of \$70,000.00 from Code Account No. 1655, Salaries and Wages, Regular Employees to Code Account No. 1612-5, Rental of Equipment; both accounts within the Bureau of Operations, Department of Public Works."

Which was read.

The Chair:

Is there any discussion on the bills?

Mr. Givens:

I have one comment on Bill No. 2476. Mr. deLuca, who I am sure will be approved by this Council — I'd like to encourage part of the record that if he wants to remain within the Department of City Development, hopefully he will move back into the City of Pittsburgh.

The Chair:

We will make a note of that.

Mr. Givens:

And, on Bill No. 2443 — again coming out of the Salaries and Wages Account — \$70,000 is going into the Department of Public Works to the Bureau of Equipment. That was for snow removal only and because of that emergency, I will go along with it but as you know Mr. President, I frown upon Salaries and Wages Account going into anything else other than emergency situations.

Mr. Lally:

Mr. Chairman in the case of Mr. deLuca, I will vote on it today, but I would like to go on the record stating that I will no longer vote for anybody for any job unless he is a resident of the City of Pittsburgh. Being that Mr. deLuca had a year as the Director and that other monies are coming in from the Federal Government, I will go along with the residency waiver.

The Chair:

I echo your sentiments Mr. Lally and I know there was a motion on Council made by Mr. Stone, and seeing that this is an emergency I will go along with it.

The Chair:

Is there any other discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Coyne
Mr. Givens

Mr. Lally
Mrs. Masloff
Mr. DePasquale

Mr. Lally
Mrs. Masloff
Mr. DePasquale
(Pres't pro tem)

Ayes 5 Noes none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

MOTIONS AND RESOLUTIONS

The Chair:

If I may take the liberty for a mo-

ment. Over the weekend Three Rivers Stadium was crowded with about 20,000 people and all of them trying to get out of that parking lot at once created a tremendous traffic jam. This was due to complete carelessness and it has been that way since 1970.

Well, this past weekend was no exception and I want everyone to know that a crowd of this type did do excellent business for the City of Pittsburgh and everyone benefitted by it — the hotels, motels and restaurants, but the traffic was unbelievable. In fact, Joe O'Toole from Three Rivers had to cancel the tickets at 6:30 and I'm sure there were a lot of angry fans.

I bring this up because a lot of people were surprised that there happened to be only one cop there Friday night and two or three on Saturday and Sunday and the stadium officials begged Superintendent Coll to put extra police on. So far they have heard nothing — so all I can say is that if Mr. Coll doesn't put more police on, there is going to be a tremendous loss of fans in the City of Pittsburgh. I have nothing further.

Mr. Lally:

Was it just on Friday night?

The Chair:

Yes.

Mr. Lally:

How about yesterday?

The Chair:

It wasn't as bad then because people would park their cars over on the North Side and then walk to the stadium.

Mr. Givens:

Mr. President, I would like for Superintendent Coll to be here Wednesday.

Let's find out some questions as to why we are not getting the proper traffic control.

The Chair:

Thank you.

Mr. Givens:

I received this Friday a couple of phone calls in regards to the ten point preference on the Civil Service exam.

I know there were many veterans who fought so worthy in our wars and are now being denied ten points on the Civil Service exam. To my knowledge this is the only city in the State of Pennsylvania that is doing this right now and I know the Federal Government is not doing it.

Here in front of me I have a judgment that was made by the Civil Service Commission to our solicitor in regards to the Commonwealth Military Code. It states in Section 7101 — Soldier defined. As used in this chapter, "soldier" means a person who served in the armed forces of the United States . . . during any war or armed conflict in which the United States engaged, or who so served or hereafter serves in the armed forces of the United States . . . since July 27, 1953, including service in Vietnam, and who has an honorable discharge from such service.

The Fire Civil Service Statute states:

Any person who served in the Armed Forces of the United States during any war or armed conflict in which the United States was engaged and who has an honorable discharge from such service and who shall successfully pass a civil service examination for the position of fireman in the bureau of fire shall be marked or graded an additional ten points above the mark or grade he received on the examination and the total mark or grade thus obtained shall represent the final mark or grade of such person and shall determine his standing

on the competitive list, but otherwise the provisions of subsection (a) of this section shall apply to such person.

The Civil Service Commission has been following the City Solicitor's recommendation that veterans' points should be given to those who served at any period from 1941 thereafter. Now the question is — what times should be considered those of armed conflict? For what periods served should veterans preference be granted? The decision they came to — the Commission agrees that the periods of "war" and/or "armed conflict" are December 7, 1941 to July 27, 1953 and August 3, 1964 to January 28, 1973 and the other time periods from 1953 to 1964 and since January 28, 1973 are not.

I would also like to site Mr. President that this case went over to Common Pleas Court and was thrown out and another thing that is interesting is that it is hereby ordered that from this date forward (10th of February, 1977), the list for all future classes, except for those that have begun to be processed, will be readjusted to deny veterans bonus points for the time periods of July 28, 1953 through August 4, 1964 and subsequent to January 28, 1973.

I would like if the City Clerk contact our veterans organizations, mostly our legal advisors, our City Solicitor, the Civil Service Commissioners — Glickman and Melanie Smith, and a representative from the Mayor's Office, and I would like to encourage all the members of the various fire, police, and municipal unions to participate in this because I think this is something that we have to know.

I have sympathy for those veterans who are saying that they are being discriminated against but cannot sit here and tell us because they are in the Veterans' Hospital today — so I would like some of these people to come down here this Wednesday.

The Chair:

You bring up a very good point, Mr. Givens. I find I am a little confused in

this and I don't know why this is the only city doing it.

Mr. Givens:

One other thing. I'd like to say for the record that some men were killed not because of the actual battle itself, but from accidents relating to the war.

The Chair:

I agree with you Mr. Givens. Would you backtrack please. Whom did you want up here?

Mr. Givens:

Commissioner Glickman.

Mr. Perry:

This is going to end up as a hearing. Why don't we just invite the Civil Service Commissioners and the City Solicitor — then we can take it from there.

Mr. Givens:

I said a few other people also. I just want them to sit in on it along with the Commissioners.

The Chair:

Fine, Mr. Givens.

Mr. Lally moved

That Mr. Lucchino and Mr. Stone be excused for absence from this meeting.

Which motion prevailed.

Mr. Lally moved

That the minutes of Council of Monday, May 16, 1977, be approved.

Which motion prevailed.

Mr. Coyne:

I move that we adjourn this meeting and the next regular legislative meeting be held next Tuesday, May 31, 1977 at 2 p.m.

Mr. Lally:

I second the motion.

Which motion prevailed.

EUGENE P. DePASQUALE, Pres't pro tem
MICHAEL A. PERRY ----- City Clerk
WILLIAM F. McCRAE -- Ass't City Clerk

Pittsburgh, Pa.

Tuesday, May 31, 1977

PRESENT:

Mr. Coyne	Mr. Lucchino
Mr. Givens	Mrs. Masloff
Mr. Lally	Mr. Stone
	Mr. DePasquale
	(Pres't pro-tem)

The meeting was opened by the recitation of the pledge of allegiance to the Flag of the United States of America.

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one Nation under God, indivisible, with liberty and justice for all.

The Chair presented

Bill No. 2580

COMMONWEALTH OF PENNSYLVANIA
County of Allegheny

CERTIFICATE OF ELECTION

We, the undersigned, constituting the Return Board of the County of Allegheny do hereby certify that at the Election held on the 17th day of May, 1977,

JIM BULLS

was duly elected to the office of
MEMBER OF COUNCIL
(unexpired term)
for the

CITY OF PITTSBURGH
IN THE COUNTY OF ALLEGHENY,
COMMONWEALTH OF PENNSYLVANIA

Witness our hands and seal this 31st day of May, 1977

THE RETURN BOARD:

JIM FLAHERTY
ROBERT N. PIERCE
Board of Elections
Ex Officio, the Return Board
of Allegheny County

Which was read, received and filed.

The Chair:

Before we get into the highlights of the meeting, which will be the swearing in of James Bulls, I would like for the record to point out that the former president of Council is in attendance here — Lou Mason and the Mayor-elect, Tom Foerster — please stand up and take a bow.

The next order of business will be the swearing in of Councilman James Bulls.

(Councilman Coyne and Councilman Lally escorted Councilman Bulls into the Chamber)

The Oath of Office will be administered by District Magistrate Bernard Reagan, a very good friend of Jim Bulls from the North Side.

Magistrate Reagan:

First of all I'd like to say that being a district magistrate, you have to understand that we are non-political and we are not allowed to work during campaigns, but I'm now going to take my Jim Bulls for City Council out of my pocket and I'm going to put it on the front of my lapel. I was for him all the time!

Lally escorted Councilman Bulls into the Chamber)

I guess you take a look at Jim's color and you take a look at my color and wonder how I got here. Well, Jim was reading an article in the Pittsburgh Catholic the other day which read, 'Alex Haley Discovers Irish Roots.' But I hear so many ceremonies where they just get up and swear the elected official in, and I have to say that — not as a black or not as an Irishman, not as a different nationality or different religion but as an American, I am here to swear in one of the finest gentlemen that I have ever met; a man that has worked hard, a family man and a good church man, dedicated to his community and to the people — there are so many of them here today that I couldn't count them, but I want you to know that as an American I am honored to have the honor of swearing in the Honorable James Bulls.

(Magistrate Reagan administers the Oath of Office to James Bulls)

Mr. Bulls:

Thank you very much. Baldy is a very good friend from the North Side of Pittsburgh. So many people have contributed so much and have worked so hard in my behalf and I have to mention a few.

I would like to say at this particular

time — to my wife, Frances, my daughter Rena, and to my son James, that this day belongs as much to you as it does to me, and I would like to introduce at this time my mother, Mrs. Lucille Willson and my grandmother, Mrs. Marie Bulls. Would you please stand. (Applause) I have to mention these two ladies because the people in the audience will understand that they have the marks on their knees from doing day's work so that I could be standing here today and I love them both.

Getting into politics was a terrific experience and along the way I met a lot of wonderful people. At this time I would like to acknowledge them. First of all, Mrs. Katherine Porter; two people who are very dear to me, Bob and Goldie Riley; City Chairman, Mr. Al Conway; and I would like to add some people who are really special to me. Please stand: Doc and Janet Fielder, Harvey Adams and Jack Winston. I would like to say something about these guys. It's been my pleasure to be associated with them. They taught me — a grown man — the meaning of honor, integrity and what is right and what is wrong and they are truly my friends and I wouldn't be standing here if it wasn't for these people. Thank you very much.

At this time I would like to say something about a store I had heard recently. There were five guys on an airplane — Jimmy Carter, there was ex-president, Gerald Ford, Henry Kissinger, a hippie and a priest. They had discovered that the plane was going down so Carter said, "I'm the President, and he took a parachute and he left. They looked around and they found out that there were four guys and three parachutes and with that Gerry Ford said, "The President needs me" and he took a parachute and he left. Now, looking around there were three guys and two parachutes. Henry Kissinger said to him, "I'm the smartest guy in the world" so he took a parachute and he left. And the priest looked over at the hippie and said, "My friend, I have lived to be a ripe old age, take the remaining parachute and relax and go." The hippie said, "Relax Father, the smartest man in the world just jumped out of this airplane with my backpack!"

I don't profess to be a genius, but coming from the North Side I do know the difference between a parachute and a backpack and as a Councilman, I recognize the many hats that I must wear. I must wear the hat of a lawyer to know the laws; the hat of an engineer, to understand the municipal problems; the hat of an accountant, to handle the budget and most of all the hat of a taxpayer and with so much money to go around, I will promise that I will work very hard and diligently to be the best Councilman possible and I would like to say very clearly — today is a sober undertaking to fill Lou Mason's shoes and it is quite an experience. His dedication and his duty as effective public record speaks for itself. I only hope that I can use Lou Mason as an inspiration to me and I would like to close with one brief remark. As I stand here before you today, I truly know the meaning of the words, "God Bless America." Thank you.

The Chair:

In a short while I will ask for a recess so the friends of Jim Bulls can congratulate him. I realize many of you are here just for this occasion but we would also like to have you stay for the meeting if you wish, because we don't get too many.

I do want to beg your forgiveness — I just received a note that the Mayor was in his office ready to come in.

(Mrs. Masloff and Mr. Stone escorted Mayor Caliguiri into the Chamber)

Mayor Caliguiri:

Jim and family and friends. I am sure this day has a special meaning to it because you are certainly embarking upon — what I think — a time when government is getting much, much closer to the people and you have been selected in that manner. We have a lot of things to accomplish and it is not going to be done in this room and it is not going to be done in any room across the hall, but rather out in the neighborhoods.

It is so good to see so many of your friends here, Jim — they think that much of you and so do we and for that reason we are very proud that you will be a Councilman, and I can assure you that we will be working very closely together as well as all my other colleagues on City Council to making this city an ever better city than it has been in the past. Thank you so much Jim.

The Chair:

I would like to introduce these distinguished people in the audience today: Harvey Adams, head of NAACP; Judge Farino, the Ward Chairman from the 10th Ward, John McNamara; the Ward Chairman from the 12th Ward, Rocky Burello; the Coroner of Allegheny County, Cyril Wecht; the County Controller, Jack Lynch; the Ward Chairman from the 16th Ward, Ted Erdel; and a former Councilman, Chuck Leslie. I also forgot to mention the former chairman from the 15th Ward, Warren Brady and Mrs. Brady. And in looking around, behind Mr. Brady — Wayne Kelly, the Clerk of Courts and from KDKA Channel 2, Greg Bennedetti.

I would also like to mention that there are very few of us who make it to our rank, and I want to say that it is a pleasure to have Jim join the team and I know he will do a great job.

Now I will ask for a motion to recess this meeting so that friends and relatives of Jim's can congratulate him.

Mr. Stone:

I move for a recess.

Mrs. Masloff:

I second the motion.

Which motion prevailed.

The Chair:

Before the Presentation of Papers, I

would like to appoint Jim Bulls to the chairmanship of the Water Committee and Mr. Coyne, the former chairman, will assume the duties of the Public Works Committee. Other than that, there will be on other changes, thank you.

MOTIONS AND RESOLUTIONS

Mr. Givens presented

Bill No. 2611. WHEREAS, Article 6, of Section 604 of Pittsburgh's Home Rule Charter does not indicate whether Community Advisory Board Members are to be elected on a bi-partisan or non-partisan basis; and

WHEREAS, conflicting legal interpretations have prevented a final resolution of this issue;

NOW THEREFORE, BE IT RESOLVED,

That the Council of the City of Pittsburgh requests the General Assembly of Pennsylvania to amend the Pennsylvania Election Code of June 3, 1937, P. L. 1333, to enable the non-partisan election of Community Advisory Board members created in Article 6 of Pittsburgh's Home Rule Charter.

Which was read.

Mr. Givens:

Mr. President if I might, over the past I had been the chairman of the Neighborhood Advisory Board and we had one meeting and it was desirous of all of the neighborhood groups and that particular sub-committee to ask that this particular legislation be brought before this Council body. Therefore, I am petitioning in behalf of the neighborhood organizations and that particular sub-committee.

Mr. Lucchino:

I scnd it and I would like to speak in favor of this resolution. I think that what the Home Rule Charter was trying to accomplish was some additional community involvement in Government and most community organizations that are successful in the city are those that are held regardless of political aciliation and the people involved and are just working for the good of the community. That would be the best way to function — for the people to ron on a non-partisan or be allowed to cross-file-either one. At least it will get this cleared up so we can move ahead and I think it will help the Charter stay strong.

The Chair:

Can that be put on the November ballot?

Mr. Givens:

It will be in the November election if passed in this Council and if the legis-

lation or the General Assembly would pass it, then it would be in the general election.

Mr. Lucchino:

What would appear?

Mr. Givens:

This waiving of the requirements to have the election be brought up this coming November.

Mr. Lucchino:

No community groups have petitioned yetand they have been ready for two or three months. I think the basic issue is the partisan or non-partisan and I think it is a good idea.

Mr. Coyne:

Mr. President, I'd like to speak in opposition to the resolution. I think that no matter what happens with this resolution or what the General Assembly does, it's going to be the members of the Democratic Party who are going to get elected in the City of Pittsburgh.

It has been my experience that the most active community groups have been active as a result of people within the Democratic Party who are the heads of most of the community organizations throughout the City of Pittsburgh, and due to the overwhelming registration in the City of Pittsburgh, it is my guess that the Democrats will get elected anyhow.

The Chair:

In other words, a lot of people would pull the straight Democratic lever and therefore would get elected, right?

Mr. Coyne:

It is my experience that the people who are acting in the community organizations are Democratic anyhow and

would be elected no matter if it is partisan or non-partisan.

Mr. Stone:

You mean whatever the makeup of that community is that group will get elected?

Mr. Coyne:

That's exactly what I mean — the Democrats would get elected.

Mr. Stone:

Yes, but certain areas you are going to have a different composition.

Mr. Givens:

Mr. Chairman, in regards to chairing that particular board, I had petitioned against this non-partisan resolution that I put forward to this Council today, but I did that out of the fact that the resolution within that chairmanship was brought forward and I felt compelled as the chairman to bring this resolution forward to Council.

Mr. Lucchino:

I want to say that I don't think it makes a whole lot of difference with regard to Bill's (Coyne) point of view like the Democrats and Republicans and I think that anybody who can suggest what the political party is of some of these people who are involved in Community organizations who have been in here, think that Council has always taken the lead in implementing the Charter in the last year and a half. I think this is a good point and it will go a long way.

Mr. Givens:

I just have one other point Mr. President. I will go along with Bill's (Coyne) statement and if it is non-partisan, I don't know who that individual is and and I want to know.

Mr. Stone:

You introduced it but you are against it?

The Chair:

Now you are against it? I think previously you were against it.

Mr. Givens:

I was never for the piece of legislation. It was just that I was the chairman and I felt obligated because the committee voted on it at one time and the neighborhood organizations wanted this piece of legislation to be introduced in Council.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Noes

**Mr. Coyne
Mr. Givens

**Mrs. Masloff
Mr. Stone**

Ayes 1 Noes 5

(Mr. Bulls and Mr. DePasquale abstaining)

And there not being a majority of the votes of Council in the affirmative, the Resolution was defeated.

Mr. Stone:

I would like to explain if I may. I

wholeheartedly agree that the Home Rule Charter was envisioned to give the City of Pittsburgh residents an opportunity to engage in giving counsel and advice to Council and the Mayor, but I can't help but make this point as I see more of it as we did in the recent election where we had with the County Home Rule Charter where we are voting "yes or no" and at the same time picking up in addition to the other hundreds of people running for office — an additional 65 people running as nominees for the Charter Commission.

I begin to wonder whether or not we are not at this point diluting the election process to the point where we are no longer have a Home Rule Charter, but total chaos.

I think as far as I personally am concerned, I think there has to be at this point something that insures at least that there will be representation by the group in that particular ward or district of the makeup of the elected group there — namely, it could be — depending on the area of the City of Pittsburgh — Republican or Democrat or even Independent — depending on the particular community involved.

At this point — until the Charter gets a little more straightened out, I don't think we can continue to play what we are doing right now and that is a perpetual game of Russian Roulette. We are always saying we are for the Home Rule Charter while we continue to destroy it by the inappropriate, unsensible and illogical way of electing officials.

As I have indicated, 65 more are on top of 100 some officials in the municipal election and that doesn't make sense. I think we are not picking what was intended people who you want to pick rather than hit and miss as it goes on and for that reason, I don't favor changing the partisan election at this time.

The Chair:

I want to make a comment on this. I myself was against the Home Rule Charter because I felt it couldn't be im-

plemented and it has been proven lately that it's rather difficult on the part of the Mayor of the City of Pittsburgh, at one time and even amongst ourselves. It seems that the Charter is there and no one is doing anything about it. It's a tragedy and now that the Charter has been passed, I think it should be implemented on all counts, but apparently where it doesn't suit the Administration or somebody else, we just say heck with the Home Rule Charter. I think it is sad but true and therefore I abstain.

Mr. Givens presented

Bill No. 2612. WHEREAS, Pennsylvania's Institutional Assistance Grants Act of 1974 provides private Colleges and Universities with direct financial assistance, and

WHEREAS, Independent Institutions make a significant contribution to higher education and it is in the public interest to facilitate optimum utilization of all higher education resources in the Commonwealth; and

WHEREAS, since 1974 the State has appropriated \$12,000,000 each year for the program; and

WHEREAS, this amount does not utilize the maximum authorized level of funding provided in the original legislation; and

WHEREAS, tuition and fees charged to students do not cover the cost of education;

NOW, THEREFORE, BE IT RESOLVED,

That the Council of the City of Pittsburgh supports and endorses this year's increase in the IAG appropriation from \$12,000,000 to approximately \$16,400,000 thereby utilizing the full authorized level of funding.

Which was read.

Mr. Givens:

Mr. Chairman, if I might speak here a little bit. What is happening is the state's General Assembly is allocating somewhere around \$550 million a year for higher education — I am referring to the college level and above. Out of that, this is the total grants to the students that are in these particular schools of which \$12 million is given to the private schools.

It's noted that the private schools educate 42 percent of all the students in higher education. The bills presently of the General Assembly amount up to \$400 and some for a grant for each student. Presently, that is law within the state — they can allocate up to that amount. Right now they are only allocating \$315 per year up to the college students but this bill is asking our legislators to support the full \$400 or raise from the \$12 million to \$16 million.

In talking to the state education people they are keenly aware of this and are anxiously awaiting this in legislation. I have talked to certain legislators within Allegheny County and they would also welcome this type of legislation.

The Chair:

When are they expected to vote on it?

Mr. Givens:

They are debating on it right now, but it should be within the next couple of weeks.

Mr. Stone:

Do you have it broken down into the local colleges?

Mr. Givens:

Yes, Bob. It was 12 percent, I think for the City of Pittsburgh and it almost includes all of the particular universities within our Allegheny County and it is interesting to note that Philadelphia County received about 38 percent of the

\$12 million. Does that answer your question?

Mr. Stone:

Yes.

Mr. Givens:

Higher education is getting to the point right now in the private sector where if the students don't receive some help, it again goes onto the taxpayer and as a result we are going to hurt those people that can't afford to send their son or daughter to a university.

Mr. Givens:

I move for approval.

The Chair:

There being no second to Mr. Givens motion, motion denied.

Mr. Givens presented

Bill No. 2613. WHEREAS, the General Assembly of Pennsylvania is considering legislation establishing a fund, providing for employee contributions, and providing for cost-of-living increments for the care, maintenance and relief of aged, retired and disabled employees of the Bureau of Fire in cities of the second class;

NOW THEREFORE, BE IT RESOLVED

That the Council of the City of Pittsburgh urges the General Assembly to adopt House Bill No. 175 of 1977, and develop similar legislation for Police and Municipal employees of cities of the second class.

Which was read.

Mr. Givens:

Again Mr. Chairman, we had set aside deliberations, which are on Page 134 —

\$169,535 and it was the intention at that time, I thought while it was in Council to go the route that we were participants within the fire, police or municipal employees, would make a contribution of 0.5 percent of their total gross earnings and that would have made a contribution of somewhere around 75 percent of the total monies allocated.

A study was conducted on the Fire Department and those figures verify that out — that the police and the municipal would be the same even a little more so for the city.

Mr. Lucchino:

Mr. Chairman, my concerns about this resolution and the bill accompanying it are threefold. First, I don't think the legislature — now that we have home rule powers, regardless of how we feel about the Charter, should have anything to do with telling us about the pension benefits of the employees. I think that should be a decision for us to make one way or the other.

Secondly, I think that this benefit — as anybody who has been involved in any kind of labor negotiations — knows that the pension benefit is of an ongoing nature and it is one of the most substantial benefits that could be gained by the collective bargaining, and I favor the idea that the City of Pittsburgh — you know — should deal with the representative unions for all of the employees on this basis — the collective bargaining basis, because the hardest thing for us to do is what we were elected to do — in essence, managing.

The third thing is — we don't have any idea of what the cost of this is going to be and that is my concern — how much is this going to cost us down the road. Now it is on at 5 percent and if passed, there's nothing to say that the cap won't be removed as has been the traditions in labor negotiations, it's either been removed or increased. So not knowing what the cost is going to be to us in three years and knowing these facts, I don't think we can intelligently vote on it.

The Chair:

Mr. Lucchino, aren't the police and fire at the present time negotiating, or beginning to negotiate?

Mr. Lucchino:

My understanding is that the police demands just came out today and one of the things that they are including is a request to negotiate for previous pensioners who have retired in the past. I think that's appropriate and I think that matter will be handed over the bargaining table.

Mr. Givens:

That is my point — no one can take any money out of your paycheck without the General Assembly's approval regardless of the others.

Mr. Lucchino:

Dick, one of the things that we have given is the dental plan to the policeman and there's no authority from the General Assembly to have the dental plan.

I think I believe in collective bargaining and this is the kind of thing that should be bargained for — I mean what is it going to cost us in five years?

Mr. Givens:

Frank, did you vote on the budget?

Mr. Lucchino:

I sure did.

Mr. Givens:

Did you make any objections at that time?

Mr. Lucchino:

I sure did.

Mr. Stone:

Dick, your resolution doesn't cover what we put into the budget. What we put into the budget was to cover his year and I think the general consensus was that we were going to try to do something about a cost-of-living increment for this year and I don't think there's any question of that. But the way you are writing this resolution, it is tying us down to a perpetual cost-of-living and that is what it wrong with the resolution.

The Chair:

I think you should bring that up in the June 8 meeting.

Mr. Stone:

He is attempting here is an enabling statute from the Commonwealth of Pennsylvania General Assembly and what almost always comes up is the May Bill — you may do it if you want to but the way the resolution is written, it doesn't get into that.

Mr. Givens:

I move to withdraw the motion to approve this Resolution.

Which motion prevailed.

Mr. Coyne, Mr. Givens and Mr. Lally presented

Bill No. 2614. WHEREAS, the people of Pittsburgh believe in the preservation of human rights for all men and women; and

WHEREAS, the population of Pittsburgh is made up of a variety of ethnic groups including Irish-American; and

WHEREAS, our nation is calling on the House Committee on International Relations of the House of Representatives to hold hearings on possible American

involvement in the conflict in Northern Ireland;

NOW, THEREFORE, Be it

Resolved, that the Council of the City of Pittsburgh fully urges the House of Representatives to adopt Resolution 88 so that the House Committee on International Relations can determine if any officials, agencies, or instrumentalities of the federal government are directly or indirectly involved in the hostilities in Northern Ireland and to determine the nature and extent of any such involvement.

Which was read.

Mr. Lally:

I move to approve.

Mr. Coyne:

I second the motion.

Mr. Stone:

To the makers of the motion, I'd just like to get a posture position if I may because here we are in City Council dealing on an international subject and I am just wondering how far we want to go with that — whether or not we are going to start engaging in total international politics on city level and if we get into this, then I have some questions on the legislation.

Mr. Coyne:

First of all, I don't think we are dealing in international relations. I think we are just asking the Congress of the United States to hold public hearings on the subject.

Mr. Stone:

We are saying here to determine the nature and the extent of any involvement. We are investigating. Once we find something, then what is being done?

Mr. Coyne:

It is up to the Congress to respond to that. We are only asking to hold public hearings.

Mr. Stone:

That is my point. Don't we need something and take some action?

Mr. Coyne:

No, I think that is the action of Congress.

Mr. Givens:

This bill Bo, not only affects Ireland but other countries as well.

The Chair:

These are United States citizens spying on us?

Mr. Givens:

Yes, they are.

Mr. Stone:

Mr. President if I may. I don't think there is any question of good intentions. Goodness knows, you want to resolve hostilities as much as possible and in that particular area of conflict where there has been so much killing of children and families as it is, I think something ought to be done in a proper manner.

The Chair:

Is there any other discussion on the bill?

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally"

The ayes and noes were taken, agreeably to law, and were:

Mr. Givens	Mr. Stone
Mr. Lally	Mr. DePasquale

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. Bulls presented

Bill No. 2615. WHEREAS, softball has long been played throughout Pittsburgh, Allegheny County, and Southwestern Pennsylvania; and

WHEREAS, the Pittsburgh Hard Hats are owner Jim DiIorio's franchise in the newly created American Professional Slowpitch Softball League; and

WHEREAS, the Pittsburgh Hard Hats opened their season with exciting action and spirited team play epitomized by slugging first baseman, Big Miller;

NOW THEREFORE, Be it

RESOLVED, that the Council of the City of Pittsburgh on behalf of the people of Pittsburgh congratulates the owners, coaches, and players of the Pittsburgh Hard Hats for establishing professional softball in Pittsburgh with an enthusiastic brad of play that enriches the sports and entertainment life of our City.

Which was read.

Mr. Bulls:

I move for approval.

Mr. Lally:

I second the motion.

Which motion prevailed.

The Chair presented

Bill No. 2616. Communication from Mayor Calliguri submitting the name of Elias A. Hyman as Police Magistrate in City Court.

Which was read, received and filed.

Also,

Bill No. 2617. Resolution approving and confirming the appointment of Mr. Elias A. Hyman as Police Magistrate in City Court.

Which was read.

Mr. Lally:

Mr. Chairman, it has been procedure to hold for two weeks, but due to the fact that a couple of colleagues will be out of town, I would move to hold for three weeks.

Mr. Lucchino:

I second the motion.

Which motion prevailed.

The Chair:

If I may take the liberty a moment. I would like the Mayor to withdraw that

nomination. I hate to do this in regards to a person's future and I would be the last to jeopardize it but the fact that Mr. Hyman has been in the newspapers and on the air — his conduct on racial issue which shouldn't have risen due to his position as a prosecutor. His chief job is to prosecute and seek conviction not to sentence the convicted persons. It has happened in two cases and Mr. Hyman called the judge a racist and he denied this when later called upon and I called the judge and he said not only had he called him a racist, but he called him filthy names that are unprintable. The judge happened to be Mr. Sam Strauss of the Common Pleas bench and Hyman's conduct was uncalled for.

I am just curious that if Mr. Hyman is appointed to serve in magistrate's court, how he would act otherwise. I have received several letters and calls from people opposing Mr. Hyman's appointment and they feel there should be a black person succeeding Mr. Givens and I have to agree with them.

Mr. Stone:

I agree with the Chair — it's kind of unusual.

Mr. Lucchino moved

That the Minutes of Council of Monday, May 23, 1977, be approved.

Which motion prevailed.

And on a motion of Mr. Lucchino,

Council adjourned.

Also,

No. 2597. A Resolution entitled, "INCREASING the bonded indebtedness of the City of Pittsburgh by an issue of Serial General Obligation Bonds of the denomination of \$5,000 in the principal amount of \$13,200,000.00 and in an additional amount not to exceed \$66,000.00 principal amount, by an issue of General Obligation Bonds of the denomination of \$100.00 for the purposes of paying a portion of the cost of acquiring and constructing its 1977 Capital Improvements Program, capitalizing one years interest and paying the costs of the bond issue; fixing the form, number, date, interest rates and maturities thereof; levying a tax for payment of debt service charges; authorizing execution, sale and delivery thereof; pledging the repayment of said bonds; and authorizing the filing for approval of said debt with the Department of Community Affairs, and authorizing the payment of the required filing fee therefor."

Which was read.

The Chair:

Is there any discussion on the bill?

Mr. Stone:

If I may, on Bill No. 2597 — In Section 1 add The Northern Trust Company of Chicago, whose bid was at par and accrued interest with a premium of \$212.60, at a net interest rate on all of said bonds of 5.718% per annum, and with an average annual debt service of \$1,139,631.50.

In Section 3, add the interest rate chart.

In Section 4, add at least thirty (30) days before the redemption date, the city shall mail such notice to each registered owner of the bonds to be redeemed at the last address of said registered owner appearing upon the registration book, Standard & Poors, Moody's Investors Service and The Northern Trust Company of Chicago, but failure so to mail any such notice shall not affect the validity of the proceedings for

redemption. Such notice shall specify the maturities and the serial numbers of the bonds so to be redeemed, if less than all are to be redeemed, the date fixed for redemption, the redemption price and the place of payment, and shall further state that, from and after such date, interest thereon will cease to accrue.

Which was read.

Mr. Givens:

I second the motion.

Which motion prevailed.

Mr. Givens:

Mr. Chairman and Bob, is it normal procedure for us to approve this resolution, for example, without you know — going back to Page 6 where it has the Mayor's signature, the City Controller's and the City Treasurer's and yet we don't have a signature?

Mr. Stone:

It goes from us to them. They have no authority to do it.

Mr. Givens:

But they made all the negotiations already and this ordinance will now put it into law, right?

Mr. Stone:

Right, it goes from us to the Mayor for his signature.

Mr. Givens:

So the signature doesn't have to be affixed?

Mr. Stone:

We are not the last signators — this is no different from all the other resolutions. It comes to us for the authority after they have been negotiated.

The Chair:

Is there any other discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

MOTIONS AND RESOLUTIONS

Mr. Stone:

Mr. President if I may, I would like to

bring to the attention the matter relative to the concession stand on the first floor of the City-County Building.

If you will recall in the past, I indicated at that time that the portion of the building — even though we have had ownership for some 35 years — belongs to Allegheny County. They have begun to take bids for that concession stand and we also have a legal opinion from Mr. Mulvihill, the City Solicitor, in which he indicates rather strongly that because of some 35 years of experience, we still have to this present time, joint ownership in this particular building.

I spoke to him just before coming into the meeting and he indicated that they were attempting to resolve amicably and he said that since we have joint rights, we should protect them in all instances.

He also represented to me that in any event we can't work it out amicably — and from a newspaper account, he indicated that the concessionaire presented to file a legal action which does not include the City of Pittsburgh. I bring this to the attention of this body.

In addition, there is another subject that has been standing some four or five months and that is the railroad tracks as well as the PAT Authority tracks on some of our streets.

Right now we are suffering a great deal of problems in the City of Pittsburgh where there are actual roadway crossings over railroad tracks and the railroad is not taking care of them. I happened to come across one of them in which the middle of my car was hit, and I bring this up because we use these particular roadways all the time, especially in the South Side where there are seven of them and we have not been able to get the railroad to do anything about it. We had asked them about four months ago and they tell us they are continuing their legal research on it.

I think we should — No. 1, force the railroads to do something about it and No. 2, seek reimbursement. I am putting that on the record because it is long standing and it ought to be done.

Mr. Lucchino moved

That the Minutes of Council of Tuesday, May 31, 1977, be approved.

Which motion prevailed.

And on motion of Mr. Stone,

Council adjourned.

MOTIONS AND RESOLUTIONS

Mr. Lally presented

Bill No. 2727. WHEREAS, The J. P. Stevens Corporation is the second largest textile corporation in America, running some eighty-five plants in the deep South, with 44,000 employees and annual profits in excess of thirty-five million dollars; and

WHEREAS, the J. P. Stevens Corporation, in its campaign to crush union organizing efforts, has fired and black-listed employees, closed plants, wire-tapped the phones of union organizers, and coerced and intimidated pro-union workers; and

WHEREAS, J. P. Stevens has been convicted of violating the National Labor Relations Act 15 times, more than any other company in American history; and

WHEREAS, Workers in J. P. Stevens Corporation factories are paid \$1.75 an hour below the national manufacturing average; and

WHEREAS, In the past 25 years J. P. Stevens has closed 21 mills in the North-eastern states, including Pennsylvania and shifted production to low wage areas of the South, wiping out a total of 11,700 jobs; and

WHEREAS, The collective bargaining victories that are won by the workers in the South will upgrade Southern wages and working conditions and help impede the movement of run-away industry from Pennsylvania communities, such as Allegheny County; and

WHEREAS, American workers have the right to choose, without fear of reprisal, representatives to collectively bargain with their employers about pay and working conditions,

THEREFORE, Be it

RESOLVED, That Council of the City of Pittsburgh deploras the J. P. Stevens Corporation's treatment of employees, and their campaign to deny workers the basic right to organize in a union of their choice, and

BE IT FURTHER

RESOLVED, That the City Council strongly urges Pittsburgh citizens to consider these facts when purchasing textile products marketed by the J. P. Stevens Company, and join with their neighbors and support the Amalgamated Clothing and Textile Workers Union.

UNFINISHED BUSINESS

The Chair presented

Bill No. 2617. Resolution on the appointment of Erias A. Hyman as Police Magistrate in City Court.

Which was read.

The Chair:

Do we have a motion to accept Mr. Hyman?

Mr. Lucchino:

I move that Mr. Hyman's appointment be affirmed.

Mr. Coyne:

I second the motion.

Mr. Lucchino:

Mr. Chairman if I may speak on behalf of the motion, please. In the nearly four years that I have been on Council, it has been no secret that I was in favor of a basic structure in city court. I think that is something — to this day — has gone by. I think that the nomination of Mr. Hyman — for the first time since I have been on Council — we have somebody nominated who has had criminal experience. I think Mr. Hyman would be the first to admit that his experience is limited to less than a year, but just last year we approved Gretchen Donaldson who has had no criminal ex-

perience whatsoever or any knowledge of any criminal cases, and I am sure that she possibly had never tried a case. Now there is a vacancy that may be filled.

Nearly half of the persons charged and trying to go through there are black. Mr. Hyman would satisfy a need of providing equality to the black people and that position has been vacant now for the four years since Mr. Givens — Mr. Joseph Givens — resigned as the magistrate. I think that the single most outstanding credential Mr. Hyman has to offer is his conduct here before Council last Wednesday. I think the conduct was exemplary, and I hope Council will vote to approve him.

Here is a young man who has a great deal of composure, poise and was able to express himself very eloquently and in my judgment I think it would do this Council and the City of Pittsburgh a great deal of good to have a man like Mr. Hyman confirmed.

Mr. Stone:

Mr. President, if I may. I would like everyone to know that my vote does not take into consideration the incident with Judge Strauss or the remarks made by Judge Strauss. That incident and those remarks, in my opinion should not and must not be considered here.

I do not take into consideration the remarks of Mr. Reilly of the D.A.'s office, who called the incident "a mistake" by Mr. Hyman. I question whether it was a mistake.

I do not take into consideration that Mr. Hyman's remarks were in error as they tended to hurt his cause rather than help.

I do not take into consideration Mr. Hyman's views or his qualifications as a lawyer or an Assistant D.A. In fact, they appear to me to be good!

I do not take into consideration his efforts on behalf of the opponent of the present city councilman in the recent

election, but I feel I should and must be consistent.

When Gretchen Donaldson was nominated, I voted against her because I questioned her ability to handle the variety of problems of which she had little or no advance knowledge. In short, she was not experienced enough.

Today I am asked to vote on Mr. Elias Hyman and as a new person and I see the similarity between him and the present magistrate. Presently this has compounded the problem for the following reasons:

If we were to approve him at this time, we would then have two relatively inexperienced magistrates and secondly, we are in a transitional period with regard to the City of Pittsburgh and I believe we should be watching very carefully for a more tested or experienced individuals.

Now I promised that as Chairman of the Finance Committee we would give Mr. Hyman a fair and impartial hearing and I would like to believe that we had. He did acknowledge that he was satisfied with the hearing he received, but I believe that the problem has caused a considerable amount of deliberations as to which way we might go.

Right now I am considering presently the best interest of the City of Pittsburgh and of all the parties involved so therefore, I must reluctantly vote "no".

I would also like to add that if Mr. Hyman is not approved, it should not be hard to find or select a qualified black lawyer because I personally know many, many able and talented black lawyers for such a position as this and as I had indicated earlier, this is a great deal of concern to me and with a great deal of reluctance at this time, I say "no" at this time.

The Chair:

If I may make a comment for a moment. I would like to say that we have

inexperienced justices in the Federal courts and we have jurors in the Common Pleas courts that are inexperienced but they are doing a good job. However, my vote is "no."

And the roll being called, the ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Coyne

Mr. Lucchino:

ment with Psychological Service of Pittsburgh to increase the authorized amount from \$8,000.00 to \$12,000.00 for professional services in connection with the research, preparation, evaluation, administration and validation of Civil Service entrance and promotional examinations."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Bulls	Mr. Lucchino
Mr. Coyne	Mrs. Masloff
Mr. Givens	Mr. Stone
Mr. Lally	Mr. DePasquale
	(Pres't pro-tem)

Ayes 8 **Noes none**

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Mr. Stone presented

No. 2766. Report of the Committee on Planning and Redevelopment for June 22, 1977, transmitting one ordinance and sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2306. An Ordinance entitled, "An Ordinance amending the Zoning Ordinance, No. 192, approved May 10, 1958, as amended, Zoning District Map Sheet No. 16 by changing from 'R1' One-Family Residence District to 'I-M' In-

stitutional-Medical District all that certain property having 459.5 feet of frontage on the northerly side of Lincoln Avenue between Campania Avenue and Wiltsie Street known as Lot Numbered 302, Block 173-B in the Allegheny County Block and Lot System, 12th Ward."

Which was read.

The Chair:

Is there any discussion on the bill?

Mr. Stone:

Mr. President, if I may, relative to Bill Nos. 2306 and 2307, I'd like to give some remarks if I may for the benefit of City Council here.

Originally when I learned what was the opposition to the bill, when it came through, there was first to be housing for the elderly and two other developments, and the opposition seemed to be generated, at least from the citizens, in opposition to Stages 2 and 3.

There was a public hearing on this matter. I was out of town at that time but I think the majority of this body was there and I have understood since that time, there is some opposition to Stage 1 — the housing for the elderly. I was told about it since I didn't attend, but they indicated that apparently their opposition didn't come through to City Council at that time. Although I had spoken to some members of Council, they indicated they recalled there was opposition from the citizens.

In view of some remarks which I questioned last Wednesday, I attempted to see whether or not we might be able to create some exceptions — to try it this Monday, but I see that it can't be done. I am told at the present time that this Conditional Use is for the erection of a 3 sty. institutional facility only and they have within two years to carry it out and it will not be changed until they go through with it.

I am offering this for members of this body so that they may take this into consideration.

The Chair:

The people made it clear that they want a nursing home.

The Chair:

Is there any other discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Bulls
Mr. Coyne
Mr. Givens
Mr. Lally

Mr. Lucchino
Mrs. Masloff
Mr. Stone
Mr. DePasquale
(Pres't pro-tem)

Ayes 8 **Noes none**

And there being three-fourths of the votes of Council in the affirmative, the bill passed finally, in accordance with the provisions of the Act of Assembly of May 11, 1921, which provides that where a protest is filed against a proposed zoning amendment a three-fourths vote of all the members of Council in the affirmative shall be required for final passage.

Also,

Bill No. 2307. A Resolution entitled, "Approving a Conditional Use under Section 2801-1-A-(10) of the Zoning Ordinance, No. 192, approved May 10, 1958, as amended, for the erection of a three story and basement Institutional Facility (nursing care and housing for the elderly) in a 'I-M' Institutional-Medical District for Lemington Home for the Aged on certain property having 459.5 feet of frontage on the northerly side of Lin-

coln Avenue between Campania Avenue and Wiltsie Street known as Lot Numbered 302, Block 173-B in the Allegheny County Block and Lot System, 12th Ward."

MOTIONS AND RESOLUTIONS

Mr. Givens:

I move to table Bill Nos. 2497 and 2450 for 90 days pending receipt from the Administration of the minutes of the high-rise building code. Then we will cancel the public hearing that is scheduled for July 12, 1977. If the amended resolution of the high-rise building code does read within 90 days, I will untable 2497 and 2450 for reconsideration.

Mr. Stone:

Excuse me Mr. President. Dick, that is on the committee meeting right now, isn't it? I think you have to do it Wednesday. Wednesday is really the official time. I think what he is trying to do is to give some notice. You are talking about high-rise, right?

Mr. Givens:

I think we can do it either way.

Mr. Stone:

Mike wants the authority to cancel that bill because now it is lying in committee. He assumed that we all agreed on it that we do it Wednesday. Mike wants to know what our feelings are so he can cancel the meeting.

Mr. Givens:

I know, but I still want to go through with it.

Mr. Stone:

Do it twice then.

Mr. Givens:

The main reason for this is that I was trying to get the various departments to come up with a bill and I would have submitted both of the bills and presented to the Administration. It would be up to the Administration to see if they feel fit to come up with a joint bill collectively. Now I want to reinstate that for 90 days — I think that is very important because just recently in Kentucky, 43 inmates were trapped and Pittsburgh is one of the few major cities in this country that does not have a high-rise building code.

The Chair:

Mr. Givens, do you want Captain San-
ner to come up.

Mr. Givens:

Well, it is really between the Admin-
istration and him.

Mr. Lally:

I second the motion.

Mr. Stone:

Mike needs the consent from us.

Which motion prevailed.

The Chair:

We have, at this time, a motion to accept a member of the Personnel Appeals Board. Mr. Lucchino, I believe has an amendment to that motion.

Mr. Lucchino:

Yes, in appointing a member of the Appeals Board — under our section of the Charter, there is no provision for how long any person must serve, and I think that unless Council puts in a provision for whomever it nominates, that person could go on and on and not be removed. I think we ought to set them for a term.

Mr. Stone:

Has anyone set a time yet?

Mr. Givens:

The ordinance states for the length of the term of the Mayor.

Mr. Lucchino:

The ordinance covers our appointee?

Mr. Givens:

Yes, along with the Mayor. This goes according to the term of the Mayor.

Mr. Lucchino:

I would move that the appointee's term expire the first Monday in the month of January, 1978.

Mr. Stone:

I second the motion.

Which motion prevailed.

Mr. Lucchino:

I nominate Mary Hall.

The Chair:

Mrs. Mary Hall has been nominated by Mr. Lucchino. Any further nominations?

Mrs. Masloff:

I want to nominate Dr. Martin Krauss.

Mr. Givens:

Yes Mr. President, I want to nominate Joseph Reddington.

The Chair:

I believe the proper procedure is a roll call vote.

Mr. Stone:

I move that the nominations be closed.

Mr. Lucchino:

I second the motion.

Which motion prevailed.

The Chair:

Will the Clerk call the roll?

Mr. Bulls:

Mr. Krauss.

Mr. Coyne:

Mr. Krauss.

Mr. Givens:

Mr. Reddington

Mr. Lally:

Mr. Krauss.

Mr. Lucchino:

Mrs. Hall

Mrs. Masloff:

Mr. Krauss.

Mr. Stone:

Dr. Krauss.

The Chair:

Mr. Krauss.

Mr. Givens:

Mr. President, I want to withdraw my nomination for Mr. Reddington and vote for Mr. Krauss.

Mr. Lucchino:

I will also withdraw Mrs. Mary Hall and make the vote unanimous.

And the vote being unanimous, Dr. Martin Krauss was appointed as a member of the Personnel Appeals Board by City Council.

Mr. Stone moved

That the Minutes of Monday, June 20, 1977 be approved.

Which motion prevailed.

Mr. Bulls:

Mr. President, I want to make a motion to adjourn this meeting and the next regularly scheduled meeting will be held on Tuesday, July 5, 1977, at 2 p.m.

Mr. Lally:

I second the motion.

Which motion prevailed.

MOTIONS AND RESOLUTIONS

Mr. Bulls presented

Bill No. 2801. WHEREAS, Clara O. Brady was a teacher and Reading Specialist at Cowley Elementary School from 1936 to 1948; Principal of Cowley Elementary School from 1948 to 1972; Principal of Horace Mann Elementary School from 1972 to 1977; and

WHEREAS, the results of her hard work and dedication to quality education for her students are shining examples of what can be accomplished within the Public School System; and

WHEREAS, Clara Brady retired June 27, 1977 after 41 years of service to her community, the Public School System and to the City of Pittsburgh as a whole;

NOW, THEREFORE, Be it

RESOLVED, that City Council, on behalf of the City of Pittsburgh, now commends with gratitude, Clara O. Brady, for her many years of dedication and service to this community.

Which was read.

Mr. Bulls

I move for approval.

Mr. Lucchino:

I second the motion.

Which motion prevailed.

Mr. Lucchino presented

Bill No. 2802. WHEREAS, The Shady-side community of the City of Pittsburgh is a very important asset to this city both residentially and commercially; and

WHEREAS, The Parking Authority of the City of Pittsburgh is contemplating construction of additional parking facilities in Shadyside; and

WHEREAS, The residents of the community, the business people of the Community, and the Pittsburgh Parking Authority have reached an understanding regarding the business area of Shadyside; and

WHEREAS, All parties involved have requested that City Council adopt a Resolution encompassing their understanding.

NOW, THEREFORE,
THE COUNCIL OF THE CITY OF
PITTSBURGH HEREBY ENACTS AS
FOLLOWS:

1. Reaffirm Bill No. 386 read and adopted on March 18, 1968 by the Council of the City of Pittsburgh.
2. Commercial development in Shadyside is not to be extended beyond the existing A-1 District.
3. Hereby appointing the Walnut Street Study of the Planning Commission dated November 1976 with the following amendments:

- a) That the last paragraph on page 11 which includes the sentence "New parking facilities should generally be located within the 'A-1' district."

shall be amended to read:

"New parking facilities should be

located within the 'A-1' district, the only exception being the 30' wide x 100' long section to the south of and abutting 52.D 163 (the 100' to be parallel to 52.D 163.)"

- b) The last paragraph on page 111 part of which reads:
"That merchants be encouraged to lease parking spaces for employees in existing or proposed new parking facilities."

shall be amended to read:

"That owners tenants be required as part of the agreement for a new parking facility to permanently use at least 85 spaces for employee parking by some form of lease or purchase. Any future variances to be granted shall meet the requirement that one of every three parking spaces for which a variance is requested will comply with the above stipulations."

4. The number of new parking spaces to be provided is to be in accordance with the understanding of the residents, business people and the Public Parking Authority of the City of Pittsburgh.

Which was read.

Mr. Lucchino:

I move for approval.

Mr. Coyne:

I second the motion.

Which motion prevailed.

The Chair presented

Bill No. 2803. WHEREAS, a recent survey by the American Iron and Steel Institute has revealed a substantial increase in the import of foreign steel by

the United States which in many cases is being sold below production costs; and

WHEREAS, foreign steel imports could conceivably increase to 30 percent of our nation's steel market; and

WHEREAS, such a rise in foreign steel imports would jeopardize growth of our steel industry and 90,000 potential steel worker jobs in this country.

NOW, THEREFORE, BE IT

RESOLVED, That the Council of the City of Pittsburgh ask President Carter, our congressmen and senators, to do all in their power to curtail foreign steel imports; and be it further

RESOLVED, That such action be undertaken in accordance with present trades laws in order to preserve the full potential of production and employment in our nation's steel industry.

Which was read.

The Chair:

For those of you who are not familiar with this, on Friday afternoon I attended a seminar at the Hilton where Thomas Graham, who is President of J&L Steel and Lloyd McBride, who is President of the United Steelworkers also attended and both parties stressed the importance of curtailing foreign steel imports and the employment of the nation's steel industry. I know that if they go through with this, a lot of people will be out on the streets.

This is an opportunity for the Congressmen and the Senators to get moving and do something about it. Mr. Givens was there also and I think he would agree to what I just said.

Mr. Givens:

I second the motion.

Which motion prevailed.

The Chair presented

Bill No. 2804. WHEREAS, Mary Anne Hruska has been selected by the Golden Triangle Tall Club as "Miss Tall Pittsburgh" of 1977, and

WHEREAS, Mary Anne Hruska is a resident of Squirrel Hill and is employed as a Stenotype Reporter for Pittsburgh City Council, and

WHEREAS, Mary Anne will be representing Pittsburgh at the National Convention of Tall Clubs in Portland, Oregon, July 11-17, where she will compete for the title "Miss Tall International", and

WHEREAS, The Golden Triangle Tall Club is composed of men and women of above average height, formed in the belief that it will provide opportunities for cultivation of friends and common interests and create opportunity for social contacts.

NOW, THEREFORE, BE IT

RESOLVED, that the Mayor and the members of the Council of the City of Pittsburgh do hereby extend official congratulations to Mary Anne Hruska on her selection as "Miss Tall Pittsburgh" of 1977, and wish her success at the National Convention of Tall Clubs in Portland, Oregon, where she will compete for the title "Miss Tall International."

Which was read.

Mr. Lucchino:

I move for approval

Mr. Givens:

I second the motion.

Which motion prevailed.

Mr. Givens:

Mr. President, I just have one subject that I would like to bring up regarding the Appeals Board and the Civil Service Commission.

Last week this Council and that of the Controller selected their particular candidate for this Appeals Board and in going over and reading Ordinance No. 42 and Section 702 of the Appeals Board, I am very concerned of all the employees, especially of the ones that are under the Civil Service Commission.

Two out of three members do make a majority and I feel legally that once that is done, we will have no jurisdiction.

There is one case pending where there were very serious implications on it dealing with the ten-point veterans preference and the fact that just a couple of years ago some 30 cases were heard as compared to three cases that were heard last year and this year there is one pending.

I hope that this Appeals Board would be formed as soon as possible so that the people who work for the City of Pittsburgh are covered and could have the option of going to that Board.

The Chair:

You make a good point, Dick. I feel exactly the same way you do.

The Home Rule Charter states that the Board shall consist of three persons; one appointed by the Mayor, one by

Council and one by the Controller. Council has selected Dr. Martin Krauss and Mr. McGrady has selected Joseph Reddington and the Mayor has yet to select his member.

I think that since we have a quorum, we should go ahead with this board. Frank do you have anything to add?

Mr. Lucchino:

I have nothing.

The Chair:

We should go ahead with this.

Mr. Stone moved

That Mr. Lally be excused for absence from this meeting.

Which motion prevailed.

Mr. Stone moved

That the Minutes of Council of Monday, June 27, 1977, be approved.

And on a motion of Mr. Stone,

Council adjourned.

MOTIONS AND RESOLUTIONS

The Chair:

We will now have the swearing in ceremony for Dr. Martin Krauss and Joseph Reddington, as members of the Personal Appeals Board.

The Oath of Office was administered by Eugene P. DePasquale, President of City Council.

The Chair:

If I may say, these positions filled this afternoon are very sensitive and necessary to the City of Pittsburgh and are mandated in the Home Rule Charter. Why we didn't do it before, or why it didn't happen, is past history.

At the present time, the Mayor seems to be dragging his heels on his appointment. However, we are going ahead with these two members, which constitutes a majority, will assign a staff to them, and the Personnel Appeals Board will be in operation.

This Board would seem to be a court of last resort. In regards to those who appeal to the Civil Service Board and are unsatisfied with their decision, they can go to this Appeals Board, Mr. Krauss and Mr. Reddington, and whoever the Mayor may appoint. These two members, however, do represent a quorum, or majority.

I do want to thank the families for taking time out from their busy lives to

come here to acknowledge these worthy gentlemen coming here taking the oath.

Thank you.

Mr. Givens:

I wonder if we can get a word from Mr. John McGrady regarding this?

Mr. DePasquale:

John McGrady, do you care to say a few words?

Mr. McGrady:

No, Mr. DePasquale said it all.

Mr. Lucchino moved to approve the minutes of Tuesday, July 5, 1977.

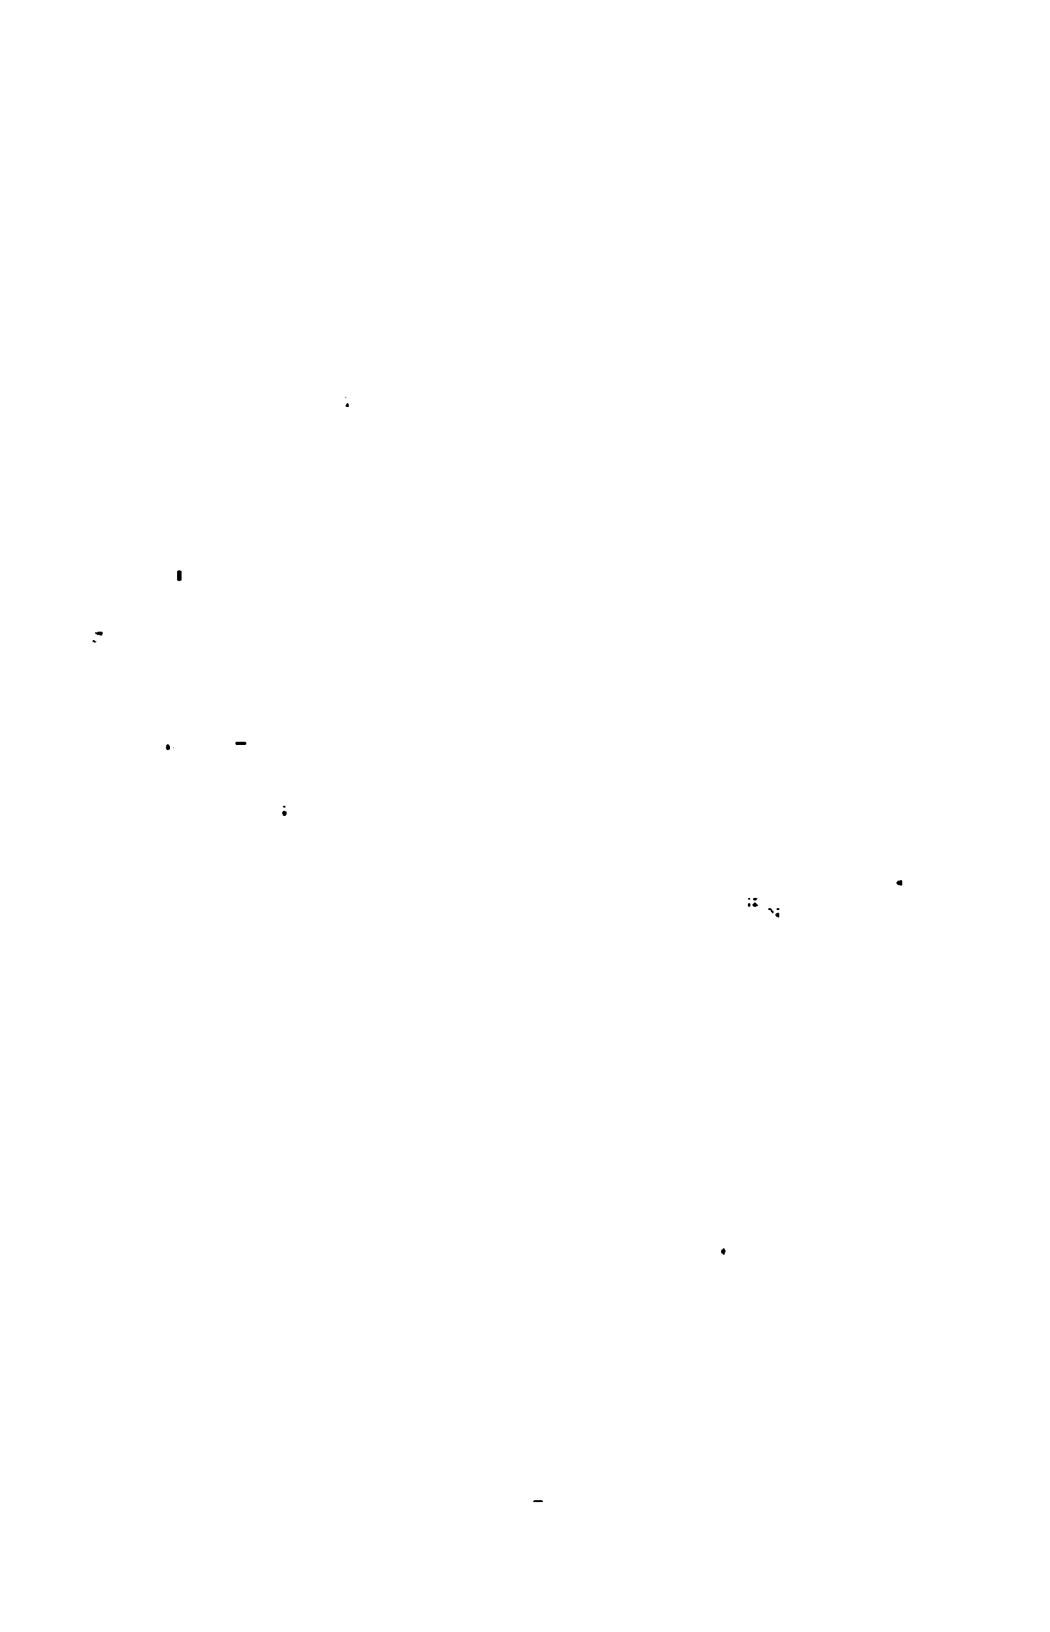

Which motion prevailed.

Mr. Lucchino moved to excuse Mr. Stone from absense at the meeting.

Which motion prevailed.

And on the motion of Mr. Lucchino,

Council adjourned.

And there being two-thirds of the votes of Council in the affirmative, the bills passed finally.

Also, with a negative recommendation,

Bill No. 2787. A Resolution entitled, "Providing a residency exemption for Mr. Norman Robertson as a member of the City Development Commission."

Which was read.

The Chair:

Is there any discussion on the bill?

Mr. Givens:

I still would like to reiterate what happened Wednesday and how the vote outcome was on Mr. Robertson. The City Development Commission is a body of five members. Presently we have four, and of those original five members all of them are city residents. Mr. Robertson was the first one to move outside the city.

It was also my feeling that all who are on the boards and authorities live within the City of Pittsburgh. We should have at least a majority of people sitting on those boards and authorities be city residents. But, also, be my feeling that it is not necessary that when you have five members to the board and one member is a non-city resident that that's an overall effect of the outcome of that particular board. I feel this is the case because of his unique qualifications in the field of economics, both nationally and internationally.

I would plead again with my fellow Council members here to reconsider this man's nomination for this particular board.

Mr. Stone:

Mr. Chairman, if I may, first of all, let me just say relative to the qualifications of Mr. Norman Robertson. I don't think there is any question — nobody has taken to task either his qualifications or he, as an individual.

But, I have a very, very basic difference with my colleague Mr. Givens. He seems to feel that a majority of the members of a commission or board should be city residents. I feel that since we ask for and the City Charter was voted on and mandated home rule that once and for all we ought to have only city residents in our departments, only city residents on our boards, and only city residents on our commissions. To do otherwise would be as I have been saying all along, and not to belabor the point, but I am the last to admit that there is a bankruptcy existing in the City of Pittsburgh relative to talent and

dedication of city residents. We asked for city residents to manage our boards, authorities, and directorships. We asked for that, I believe; that's it. Mr. Robertson knew what the requirements were. He lived in the city. He decided to depart from the city. I don't know how we can be talking out of both sides of our mouths. When we make it a rule for the firemen and policemen that if they leave the city, they must move back or quit or be fired. Then, when someone else on a commission — when they leave, we have a different standard.

All should be city residents, and the day they fail to qualify under the title or terminology, they no longer can serve.

Mr. DePasquale:

I just have a word. It is about time that we start implementing — carrying out the law in regard to home rule. Certainly there are many things in the Home Rule Charter that I didn't approve of; one is that I had five weeks vacation and have gotten me down to two within a 52 week period. I think Council has more than carried out their obligation in regard to home rule, more so than other people, without mentioning names, such as we have now with the Appeals Board. I don't think people would like Council to say, "to heck with the Home Rule Charter." But, we haven't done that and hopefully we will continue to abide by it. And, in this case we agree with Mr. Stone. We just can't keep making exceptions. Either we abide by home rule — follow it out as should be, or else just scrap it.

Bill No. 2389. A Resolution entitled, "Approving a Conditional Use under Section 2801-1-A-(7) of the Zoning Ordinance, No. 192, approved May 10, 1958, as amended, for construction of a three story extension to the existing Gardner Steel Conference Center to house the alumni development offices and provide space for a future food service area in an 'I-C' Institutional Civic District on property of the University of Pittsburgh located at the south-easterly intersection of Thackery Street and O'Hara Street, 4th Ward."

Which was read.

The Chair:

Is there any discussion on the bill?

Mr. Stone:

On Bill No. 2389, I would like my remarks from Wednesday's meeting incorporated in the record.

Remarks of Mr. Stone in reference to

Bill 2389 taken from Council's Committee meeting on July 13, 1977.

Mr. Stone:

"If I may, on this particular issue, for some who are here and those who — from the information we have received somewhere along the line, at least in City Planning, Pitt agreed to come up with something like 632 parking places, and the net result of the present proposed construction or extension of this development would result in an additional deficit of 35 for a total of 667 parking space shortage.

"From the information received from City Planning they indicated there was no opposition, but I think at our hearing it came out that we were sent a letter that expressed some opposition.

"In fairness to Pitt, their officials who were here indicated they have not been given credit for some available parking spaces they have.

"To be quite honest with you, I am not certain which is correct since it is still up in the air. This bill has to be approved this week because it will die on the 24th of July. It was on next week's agenda. So we have moved it up so you, if you care to, can move on it, today.

"Personally, for me, as Chairman of Planning and Redevelopment, I question any affirmative action here. I think there is a very serious parking problem in Oakland. I think the problem is serious to Pitt; very serious to the community. There is a need, as I understand it, that the extension be done and be done as soon as possible.

"Getting back to that parking problem, should we go with it now or should we stop and at least wait for the study?

"In addition to that, there has been, for what I have been able to ascertain here, some attempts to get Pitt to participate in some money advancements for various studies, and it is kind of a new policy that has been coming out apparently, and that's something also to consider in regard to Pitt.

"I personally have a great deal of objection to that because it has a kind of "quasi blackmail" element to it. You do this and we do this. I object to it. I am hardput to understand how the Planning Commission would have approved this in the first place because of the parking shortage and from the information they had there and additional information explained to us, which they didn't have, which would have lessened this. The city has reduced its standards for Pitt, but wouldn't have done it if it were a private development; frankly, that's my feeling.

"Rather than ask for a negative vote, I will take a motion from the floor."

MOTIONS AND RESOLUTIONS

Mr. Lucchino presented

Bill No. 2881. WHEREAS, ABC's Sports', Monday Night Football program will begin its season on September 19, 1977 in Pittsburgh; and

WHEREAS, the beauty of Pittsburgh in the general vicinity of Three Rivers Stadium and the Golden Triangle would be an asset to the telecast; and

WHEREAS, this telecast provides a great opportunity to allow the rest of the country to share in the spectacular views of Pittsburgh hills, valleys, and

rivers which are immediately adjacent to Three Rivers Stadium; and

WHEREAS, ABC Sports and the City of Pittsburgh could benefit by the cooperation of business, civic and governmental entities in Pittsburgh in making every effort to show the spectacular beauty and charm of Pittsburgh.

Now therefore be it resolved, that the Council of the City of Pittsburgh welcomes the opening game of Monday Night Football to Pittsburgh, and urges all business, civic and governmental bodies to do everything possible to have Pittsburgh reflect the great beauty of this city for this telecast.

Mr. Lucchino:

Mr. President, it seems to me that one of the things that we commonly confront with people who aren't familiar with Pittsburgh is their surprise at the beauty of this city, especially viewed from one of the hills — Mt. Washington or some other hills. And, people consistently say, "Why don't you let the rest of the country see how pretty Pittsburgh is. I always thought Pittsburgh was an old, smokey, dirty city."

It struck me when ABC announced they would cover Pittsburgh against San Francisco this year that it would be a

warm, new, and golden opportunity for us, especially with the type of broadcast equipment and cameras they use, to encourage them to take views and shots of the city. Since the stadium is right downtown, it is a unique opportunity for a more spectacular view. It is of nationwide coverage from the top of Mt. Washington. It would be beneficial also to urge all business to do some light-up for a more spectacular view. It would benefit both parties, but particularly the City of Pittsburgh in letting the rest of the country know the beautiful, progressive city that it is.

So, I move for its adoption.

Mr. Lally:

I second the motion.

Which motion prevailed.

The Chair:

There being no minutes to approve, since the Printer is on vacation, I will entertain a motion to adjourn.

And on motion of Mr. Lally,

Council adjourned.

REPORTS OF COMMITTEES

Mr. Stone presented

No. 2940. Report of the Committee on Finance for July 20, 1977, transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2805. A Resolution entitled, "AUTHORIZING the issuance and payment of Semi-Final Estimates to J-Jac Construction Corporation in conjunction with the Rehabilitation of Centre Avenue from North Craig Street to Penn Circle. Controller's Contract No. 21840 and reducing the retained percentage from ten (10%) percent to one (1%) percent."

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Bulls
Mr. Coyne
Mr. Givens

Mr. Lally
Mr. Lucchino
Mrs. Masloff
Mr. Stone

Ayes 7 Noes none
(Mr. DePasquale not voting)

And there being two-thirds of the votes of Council in the affirmative, the bill passed finally.

Also,

Bill No. 2807. A Resolution entitled, "TRANSFERRING the total sum of \$105,000 from Code Account No. 1443-1, Salaries and Wages, Regular Employees, Division of Park Police, to the following Accounts:

Code Account No. 1447, Miscellaneous Services — \$100,000

Code Account No. 1451, Repairs — \$5,000."

Which was read.

The Chair:

Is there any discussion on the bill?

Mr. Givens:

Discussion on Bill No. 2807. That bill was amended previously and if you can recall within our committee meeting on Wednesday, it has been disclosed that we don't pass this resolution because there is no money available in Code Account 1447 or in the Repair Account, 1451 — which is used so often.

I move to amend the bill by deleting in the title, following Division of Park Police, "to Code Account No. 1443, Salaries and Wages, Regular and Temporary Employees, Department of Police," and to insert in lieu thereof "to the following Accounts: Code Account No. 1447, Miscellaneous Services — \$100,000 Code Account No. 1451, Repairs — \$5,000"

In Section 1 to delete following Divis-

ion of Park Police, "to Code Account No. 1443, Salaries and Wages, Regular and Temporary Employees, Department of Police." and to insert in lieu thereof "to the following Accounts: Code Account No 1447, Miscellaneous Services — \$100,000 Code Account No. 1451, Repairs — \$5,000 for the purpose of replenishing these Accounts in order to pay for miscellaneous services and repairs until the end of the 1977 calendar year."

The bill has been amended in committee and with these amendments it will revert to its original form.

Mr. Stone:

That is because we have other legislation which is going to carry it out.

Mr. Givens:

Yes.

Mr. Stone:

I second the motion.

Which motion prevailed.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Bulls
Mr. Coyne
Mr. Givens
Mr. Lally

Mr. Lucchino
Mrs. Masloff
Mr. Stone
Mr. DePasquale
(Pres't pro tem)

Ayes 8 Noes none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also

Bill No. 2821. A Resolution entitled "PROVIDING for the issuance of a warrant to Rosemarie F. Mustovic and Paul E. Mustovic, her husband in the amount of \$2,500.00 in full settlement of claim for personal injury and damage, and providing for the payment thereof."

Which was read.

Mr. Stone presented

No. 2941. Report of the Committee on Planning and Redevelopment for July 20, 1977, transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation.

Bill No. 2720. A Resolution entitled, "Providing for an agreement or agreements with the North Side Civic Development Council, Inc. for administrative and design services in connection with the 'Geat House Sale' to be conducted by the City in the Central North Side and providing for the payment thereof in an amount not to exceed \$40,500.00."

Which was read.

Also,

Bill No. 2864. A Resolution entitled, "Approving a Conditional Use under Section 2801-1-A-(33) of the Zoning Ordinance, No. 192, approved May 10, 1958, as amended, for erection of a six story building by Squirrel Hill Non Profit Housing Corporation to be occupied as housing for the elderly containing 117 dwelling units with community space and related medical office area and 31 exterior parking stalls on 1.25

acres of land zoned 'R4' Multiple-Family Residence District bounded by: Shady Avenue; Forward Avenue; Eldridge 212 and 234, Block 87-G in the Allegheny County Block and Lot System and Sherbrook Street, 14th Ward."

Which was read.

Mr. Givens:

Mr. President, I have a little bit of discussion on 2864. I have all my information and if you can remember there were variances under the old Squirrel Hill group. Apparently they lowered it from seven stories to six stories but the overall situation is that any structure is now worth \$350 on the average.

I think that someplace, somewhere within our community we can develop housing for the elderly. If we could possibly use some of the old structures because it would cut the cost down a little and I think something should be done along the way of doing this within the community and in using the existing structures.

I hope this Council will look at future buildings to be built for the elderly and the only thing I can say about this particular structure is not having enough time to review the planning.

There is also going to be more parking slots—from 20 to 31 and I wonder how they can do that—bringing it out without seeing the plan itself. Other than that, I have no objections to the thing, but I wanted to bring this point out and I would like to see in the future the plans and specifications of the building itself, because there have been buildings built but there were no elevators and we are talking about people in wheelchairs so we have quite a problem.

I also see where we are going to have related medical office areas. Can anyone tell me how much office area there is?

Mr. Stone:

Sufficient space to take care of the people in the building.

Mr. Givens:

Is that for the people that are in the building?

Mr. Stone:

Correct. It is a requirement that whoever serves these kinds of buildings, they are to take care of the people. This is purely residential.

I would also like to say that as chairman of the Finance Committee—relative to this bill—we passed this in Council four times already. Right now they have got it together and I have spoken to the developer and the developer knows what he is doing.

The Jewish Citizens League is with them now. We have the Government supporting them and we've finally got the financing together and now it is ready to go. Everytime we delay it, the Federal Government comes out with a new regulation—new facilities, new bars—new elevators—new plans, etc. Now as a result of this the cost keeps going up. In addition to that, the exclamation costs are eating it away and by the time they get around to doing anything there will be no monies available to fill the gap.

Right now this is altogether and ready to go and although we at City Council approved enough units to supply a location, we never had one built and I think it is ridiculous to hold this back for the fourth time. We have to go through with it right now, but don't be shocked—Chicago is higher than ours.

We have tried many, many times to reduce that cost and then it turns out that they make special arrangements and special conditions for the building and likewise have increased subsidy and on that basis I would like to see them pass it today.

The Chair:

I think most of us share your concern Bob. Mr. Givens, if I recall, there was a little bit of legislation that came in front of us in January or February and it was the very same project. It was approved and as Mr. Stone said it has been recommitted three other times and if we don't get it done now it is never going to be built.

Mr. Givens:

I am in favor of housing.

The Chair:

I know everyone wants to see it done and see that it is done right. Any further discussion on the bills?

Mr. Stone:

I would like my remarks from Wednesday's session to be included in these minutes.

(On Bill No. 2864) "If you will recall, this thing was up, but the time had run out for it. (Not City Council's fault as some people thought.) They had not complied with the requirements. It had to go back; it went back and was approved again! The money is available. The developer is changed now—the United Jewish Federation, and they have all the money, and they are on their way. We would like to move this legislation to remove that "plywood jungle" over there."

Also,

Bill No. 2865. A Resolution entitled, "Approving a Conditional Use under Section 2801-1-A-(33) of the Zoning Ordinance, No. 192, approved May 10, 1958, as amended, for authority to renovate the existing St. Joseph's Hospital building and to construct a six tory extension by Crossgates, Inc., to be used as 133 dwelling units for the elderly with related recreational and service facilities and 27 exterior parking stalls on 42,240 sq. ft. of land zoned 'C4' Commercial District bounded by: East Carson

Street; South Twenty - First Street; Wrights Way; South Twenty - Second Street and Lot Numbered 358, Block 12-F in the Allegheny County Block and Lot System, 16th Ward."

Which was read.

Mr. Stone:

(On Bill No. 2865) "South Side was one of the first projects to be advanced. It was in a different location. In order to help HUD gave an allocation for the South Side. The hospital moved out and Crossgates has been working with the community and has the full support of the South Side Community Council, South Side Chambers, Planning Commission, and hopefully, City Council. They also got it altogether. It looks as though the buildings are ready to go. It looks like they are ready to dig it up.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Bulls
Mr. Coyne
Mr. Givens
Mr. Lally

Mr. Lucchino
Mrs. Masloff
Mr. Stone
Mr. DePasquale
(Pres't pro tem)

Ayes 8 Noes none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Mr. Givens presented

No. 2942. Report of the Committee on Public Safety for July 20, 1977, transmitting one resolution to Council.

Which was read, refereed and filed.

Also, with an affirmative recommendation.

Kotovsky, conveying their right, title and interest to property in the 25th Ward, located on Arch and Jacksonia Streets, being a Fire Engine House, designated as Block 23-F, Lot 406, for the sum of \$8,110.00.

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Bulls	Mr. Lucchino
Mr. Coyne	Mrs. Masloff
Mr. Givens	Mr. Stone
Mr. Lally	Mr. DePasquale
	(Pres't pro tem)

Ayes 8 Noes none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also,

Bill No. 2786. An Ordinance entitled, "An Ordinance authorizing the Bureau of Building Inspection of the City of Pittsburgh to issue a Zoning Compliance Certificate indicating that the structure under consideration complies with the Zoning Code."

Which was read.

Mr. Givens:

On Bill No. 2786 which was presented by Mr. Lucchino—Frank did you indicate on this bill whether or not this was two or three apartments or a single family dwelling?

Mr. Lucchino:

This is just a discussion that we have had and Mr. Brown said that he could obtain a history of the building and neighborhood so they can then be protected against fraudulent land affidavits that unscrupulous people file and we would have something on record—the occupancy permits and most residents are fearful of occupancy permits. This has nothing to do with the building code.

Mr. Givens:

I think my neighborhood is a primary area and in living back in World War II where we had a critical shortage of housing within the City of Pittsburgh the people then could accommodate as many as they had room for.

I am just wondering how this is going to affect the total picture.

Mr. Lucchino:

This is merely a record-keeping tool for the Bureau of Building Inspection. As I am sure you are aware we get a lot of neighborhoods where people come in and they never had numerous apartments in there but they lie and they file affidavits saying in fact they did and this is just another tool to maintain the history of what exactly does exist in the neighborhoods.

Mr. Givens:

I still have a concern for those neighborhoods because according to this ordinance they have the right to go through that whole particular block—even if it is something that they own.

Mr. Lucchino:

This ordinance has nothing to do with that. This ordinance gives the Bureau of Building Inspection the power to grant another kind of certificate.

Mr. Givens:

How can the Bureau of Building Inspection do that?

Mr. Lucchino:

When they are asked.

Mr. Givens:

Asked by whom?

Mr. Lucchino:

By an individual or whomever.

Mr. Givens:

If I live in Block 1 and you live in Block B, you are telling the Building Inspection to look into my house?

Mr. Lucchino:

They could do that if they wanted to but this has nothing to do with that. In fact they could do that right now. All this is doing is making it easier for the home owner so they don't have someone violating the Building Code.

Mr. Givens:

That is all I have, thank you.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

Which was read.

The Chair:

Is there any discussion on the bill?

Mr. Givens:

Yes, on Bill No. 2837—I agree with everything in this particular bill. I had an opportunity to go street-by-street, and on Page 3 of that particular bill, if I understand it correctly—up at the top there it says, "shall be and the same is hereby further amended by deleting therefrom the following:" Am I to understand that they are going to delete all of the no parking zones—all the way down through there?

I think what they are trying to say is that they are going to delete all the no parking zones, right? I just want to be sure that I am reading this right before we go ahead and pass the bill.

In going to Section 6, I agree with all of it with the exception of the last line, "Penn Avenue—North Mathilda Street to North Evaline Street, North Side." What they are trying to do with Penn Avenue is like an accordion. In some places they have parking—in others, no parking. Sometimes going inbound to East Liberty and sometimes going outbound from East Liberty they don't have continuity. On that basis, I have to go along with everything that they have so far, but restricting Penn Avenue—between Butler to Fortieth—that is a heavily traveled artery. They want to go from Mathilda Street to Evaline and that is certainly about five or six blocks

where there are a lot of businesses and if no parking signs are put up, it is going to hurt the businesses.

Mr. Lally:

Look at the time Dick, it is only from 7:30 to 9:00.

Mr. Givens:

Yes, but there are restaurants along that route and some of them are open because they have dining facilities.

Mr. Lucchino:

Why don't we recommit the bill and find out what kind of information traffic planning has before we go ahead with it.

Mr. Coyne:

What this bill is—starting from Penn Avenue on—Nos. 1, 2 and 3 and deleting that from it.

Mr. Givens:

With the studies that have been conducted, I can't agree with this. Mathilda is a busy intersection. Why should they go from North Mathilda to North Evaline? There is no common denominator there.

The Chair:

Maybe we should look into Mr. Lucchino's suggestion and perhaps recommit the bill and get a further explanation. Of course we can kick this thing around but that would be foolish. Dick, do you want to recommit the bill?

Mr. Givens:

I would like to amend the bill.

Mr. Lucchino:

It would be better to recommit the bill.

Mr. Coyne:

I move to recommit the bill.

Mr. Lucchino:

I second the motion.

Which motion prevailed.

Also,

Bill No. 2838. A Resolution entitled, "AUTHORIZING the Mayor and the Director of the Department of Public Works to enter into a contract or contracts for engineering services in connection with the design for reconstruction of Arlington Avenue from Carson Street to Amanda Street, and providing for the payment of the costs thereof."

Which was read.

Also,

Bill No. 2839. A Resolution entitled, "PROVIDING for an Agreement or Agreements between the City of Pittsburgh and the Borough of Dormont in connection with the resurfacing of McNelly Road from Pioneer Avenue to Midland Street; Wenzell Avenue from Voelkel Avenue to a point approximately 480 feet South on Wenzell Avenue; and providing for payment to the City the Borough's share of the cost thereof."

(Amended in committee as shown by bold-face type)

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Bulls
Mr. Coyne
Mr. Givens
Mr. Lally

Mr. Lucchino
Mrs. Masloff
Mr. DePasquale
(Pres't pro tem)

Ayes 7 Noes none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Mrs. Masloff (for Mr. Stone) presented

No. 3000. Report of the Committee on Planning and Redevelopment for July 27, 1977, transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2870. A Resolution entitled, "AUTHORIZING a Cooperation Agreement with the Urban Redevelopment Authority of Pittsburgh whereby Urban will employ an industrial-commercial marketing specialist providing salary, social security expenses, health and hospitalization costs not to exceed \$20,200; reimbursable quarterly by the City and chargeable to the Community Economic Development Program Trust Fund."

Which was read.

Also,

Bill No. 2871. A Resolution entitled, "AUTHORIZING the Urban Redevelopment Authority of Pittsburgh to acquire all of the City's right, title and interest, if any, in and to the publicly owned property in the 25th Ward of the City of Pittsburgh designated in the Deed Registry Office of Allegheny County as Block 23-E, Lot No. 240."

Which was read.

Also,

Bill No. 2872. A Resolution entitled, "APPROVING a Form of Contract for Disposition of Land by and between the Urban Redevelopment Authority of Pittsburgh and Joseph Keith Williams for the sale of Parcel 241 in the Twenty-first Ward of the City of Pittsburgh in Redevelopment Area No. 27."

Which was read.

Mr. Givens:

Mr. President, on Bill No. 2872—as much as I dislike—I have to vote "no" on his particular bill. The only reason is that the cost is \$19,800.00 which the taxpayers of this county and of the City of Pittsburgh are paying for a piece of land.

In viewing some of these particular buildings and what they sell for within the particular areas, it generally comes out to about 50 percent or over. In this particular case it is about 195 percent override and because of that I think something should be done. I am assuming that URA is already appraising it and hopefully a particular amount will be set but in conclusive, I vote "no" on the bill.

Mr. Lucchino:

I think Mr. Givens' comments are well taken but there is another issue involved. There is a little bit of difference from our regular single family subsidy that we have been paying for the units and Council has struggled with this issue for a long time in terms of amount of subsidies. I think an explanation would be due from the URA because there is no other way for them to deal with this property other than that. Either way some one is going to make money on it and I don't know what else we can do.

Mr. Givens:

I would hope there would be more bidding and advertising on this particular structure to hopefully balance out the cost.

Mr. Lucchino:

The chairman of the committee is not here, unfortunately, but the points made by Mr. Givens are very accurate and they are the points that we should make to the URA and we should ask them to come over on Wednesday and ask Mr. George to give us an explanation. Everytime I call over there this is the story they give you—"this is how much it costs and this is all the money they can get for it." I would rather they give the explanation to Council first rather than us go ahead and approve the bill. Do you want to do that?

Mr. Givens:

Fine.

Mr. Lucchino:

I move that Bill No. 2872 be re-committed for explanation.

Mr. Lally:

I second the motion.

Which motion prevailed.

Also,

Bill No. 2873. A Resolution entitled, "APPROVING a Form of Contract for Disposition of Land by and between the Urban Redevelopment Authority of Pittsburgh and Howard D. Cooper and Cynthia Cooper, for the sale of Parcel 102 in the Third Ward of the City of Pittsburgh in Redevelopment Area No. 31."

Which was read.

Also,

Bill No. 2874. A Resolution entitled, "APPROVING a Form of Contract for Disposition of Land by and between the Urban Redevelopment Authority of Pittsburgh and Samuel Sinner III for the sale of Parcel 80 in the Third Ward of the City of Pittsburgh in Redevelopment Area No. 31."

Which was read.

Also,

Bill No. 2875. A Resolution entitled, "APPROVING a Form of Contract for Disposition of Land by and between the Urban Redevelopment Authority of Pittsburgh and Curtiss E. Porter for the sale of Parcel 121 in the Third Ward of the City of Pittsburgh in Redevelopment Area No. 31."

Which was read.

Also,

Bill No. 2876. A Resolution entitled, "APPROVING a Form of Contract for Disposition of Land by and between the Urban Redevelopment Authority of Pittsburgh and Janice Bell for the sale of Parcel 79 in the Fifth Ward of the City of Pittsburgh in Redevelopment Area No. 32."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken, agreeably to law, and were:

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Mr. Bulls presented

No. 3001. Report of the Committee on Water for July 27, 1977, transmitting two resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2835. A Resolution entitled, "AMENDING Resolution No. 208, approved March 29, 1977, entitled 'Providing for the letting of a contract or contracts for the furnishing and delivery of automotive equipment, less trade-ins, for the Department of Water and for the payment thereof', by increasing the authorized amount from Forty Thousand Dollars (\$40,000.00) to One Hundred Forty Thousand Dollars (\$140,000.00), adding additional items; dump trucks and other gasoline driven equipment and changing one (1) utility truck to utility trucks."

Which was read.

Also,

Bill No. 2836. A Resolution entitled, "PROVIDING for a contract or contracts for the installation of a Reservoir Protection cover and other related appurtenances incidental thereto, for the Brashear Reservoir, and providing for the payment thereof."

Which was read.

Mr. Lally presented

No. 3003. Report of the Committee on Lands and Buildings for July 27, 1977, transmitting one ordinance and sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2845. An Ordinance entitled, "Amending Section 2 of Ordinance No. 136, approved March 20, 1973, entitled 'An Ordinance — Increasing the Bonded Indebtedness of the City of Pittsburgh by an increase of Serial General Obligation Coupon Bonds in the amount of Fourteen Million Dollars (\$14,000,000) for the purposes of acquiring and constructing its 1973 Capital Improvements Program and paying costs of the Bond Issue; Fixing the form, number, date, interest rate and maturities thereof; levying a tax for payment of Debt Service Charges; authorizing execution, sale and delivery thereof; pledging the repayment of said Bonds; and authorizing the filing for approval of said debt with the Department of Community Affairs, and authorizing the payment of the required filing fee therefor,' by reducing the Urban Redevelopment Authority allocation by Seven Hundred Thousand Dollars (\$700,000) and increasing the Department of Lands and Buildings allocation by the same amount; and by amplifying the purpose of the allocation of the Department of Lands and Buildings to include acquisition of real property and buildings for public purposes."

The Chair:

Is there any discussion on the bill?

MOTIONS AND RESOLUTIONS

Mr. Lally presented

Bill No. 3004. WHEREAS America, the State of Pennsylvania, and the City of Pittsburgh as an integral part thereof, must keep apace with the ever advancing and changing industrial techniques of production that are essential in maintaining world leadership in the betterment of life for all peoples, the development of this City's skilled craftworkers is of vital importance to the continued economic growth of our City, State, and Nation; and

WHEREAS, the challenges presented by growing scientific and technological knowledge, accompanied by growing demands upon limited natural resources require a concomitant growth in the versatility and competence of Pittsburgh's skilled craftworkers; and

WHEREAS, the Bureau of Apprenticeship and Training of the United States Department of Labor and our Local affiliated apprenticeship agency seek to help achieve, through cooperative effort, a highly skilled work force capable of meeting the City, the State, and the National economic and security goals; and

WHEREAS, the Bureau of Apprenticeship and Training and the local apprenticeship agency bring together and stimulate those responsible for training to provide equal opportunities for all qualified individuals to acquire needed skills

without regard to race, creed, sex, age, ethnic origin, or physical handicaps, thus economic security of the individual worker;

NOW, THEREFORE BE IT

RESOLVED That the Council of the City of Pittsburgh does hereby recognize the month of August 1977 as National Apprenticeship Month, and urges Pittsburgh's employers and union organizations which are not now training apprentices to take appropriate steps to assure the development of skilled workers in our community; and urge those which are now training apprentices to strengthen and expand their programs.

Which was read.

Mr. Lally:

I move for adoption.

Mr. Givens:

I second the motion.

The Chair:

Ladies and gentlemen if I may, I would like to present Mr. Patterson from the J. P. Stevens Co. who will present an award to City Council. We also have with us Miss Lucy Taylor and we would like to present her with a symbol of our activity in behalf of the Textile Workers of America.

(Speeches were made by Miss Taylor and Mr. Patterson)

The Chair:

On behalf of City Council and the Mayor and all the textile workers, I would like to present this memento to you Lucy.

Mr. Patterson:

Thank you Mr. DePasquale, and all of the members of City Council for your efforts.

The Chair:

I would like to say thank you for taking the time to come here today and honoring us—thank you very much.

Mr. Lally:

I would like to say that I have received many favorable answers in regards to it.

The Chair:

Thank you very much.

Mr. Givens:

Mr. President, I have a little unfinished business here—one that I think we all received a letter from Booker T. Williams in regards to having a magistrate in city court.

I would also like to direct to our Assistant City Clerk to send another letter to the Mayor expressing the Council's concerns and the fact that we have no name to approve or disapprove. I know he had an appointee up and Mr. Hyman was voted down but I think he should come forward with another one.

Secondly, I think Mr. Caliguiri has been in office quite a long time to re-

view some of the things that are going on in the Home Rule Charter and one of those is appointing Council members to the various authorities within the City of Pittsburgh. A letter had been sent from my office back in April and May of this past year and I have not received an answer as yet. I think it is about time our interim Mayor take appropriate action as soon as possible.

The Chair:

Mr. Givens, in regards to the magistrate, Mayor Caliguiri had nominated someone but unfortunately the fellow wasn't confirmed and we would like to see him nominate someone right away. Your points are well taken though. Any other motions and resolutions?

Mr. Lally moved

That Mr. Stone be excused for absence from this meeting.

Which motion prevailed.

Mr. Lally moved

That the Minutes of Council of Monday, July 25, 1977, be approved.

Which motion prevailed.

And on motion of Mr. Lally,

Council adjourned.

Which was read.

Mr. Stone:

Mr. President if I may, on Bill No. 2931—if you will recall, we are trying to get money out of the Public Works Employment Act of 1976, and upon approval of the projects by the Federal Government, the City will immediately receive 50 percent of each project cost. Upon completion of 40 percent of the work, the remaining 50 percent will be received by the City. Initially, this created some problems from the Controller's Office since they stated that they will not approve contracts unless they are backed 100 percent for it.

I would like to go on record saying that as Chairman of Financing, we had indicated that the money is important to us and we are prepared to find ways and means to bring up the share of the City's money so we could qualify.

I conferred with the Controller's Office this morning and was told that they have been able to work out the problems between the City Solicitor and the Solicitor for the City Controller and with that, they will be able to carry out the intent with his legislation, but I would still like to be on record as saying that we were ready, willing and able to qualify for this \$12.9 million and "aye" on all bills.

Which was read.

MOTIONS AND RESOLUTIONS

Mr. Givens presented

Bill No. 3109. WHEREAS, the Allegheny County Health Department has prepared a five year, \$3,000,000 grant application to be submitted to the Robert Wood Johnson Foundation from their Municipal Health Services Program to support a system of neighborhood ambulatory health centers; and,

WHEREAS, the application which has been developed in close cooperation with the advisory committee representing the City of Pittsburgh and various organizations to provide a full range of general medical care and preventive health services for a minimum of fifty hours per week in four neighborhood locations; and

WHEREAS, the plan is to consolidate and coordinate the existing resources and to utilize innovative marketing and service delivery approaches to develop a network of freestanding, self-supporting neighborhood health care centers.

NOW, THEREFORE, BE IT

RESOLVED, That the Mayor and the members of the Council of the City of Pittsburgh endorse and support the application of the Allegheny County Health Department for this grant from the Robert Wood Johnson Municipal Health Services Program.

Which was read.

Mr. Givens:

I move for adoption.

Mr. Stone:

I second the motion.

Which motion prevailed.

Mr. Givens:

Mr. President, in this morning's legislative meeting which was all well attended, I happened to talk to Jim Kelly who is sitting in for the Mayor, in regards to the police manpower coming up to 1,478 as required by Council's ordinance.

It appears that the Administration has done almost nothing to get the September class of 45 or 50 persons started. There have been some legal problems and it appears that the Police Department wants to promote a few patrolmen to police sergeants by a quota system and I feel it is not one that justifies the stopping or hiring of additional police officers to bring it up to par.

If need be, this will be looked into by our Finance Chairman to possibly open up the budget and if they can't promote the patrolmen to sergeants, then the only thing we can do would be to bring in these 45 to 50 recruits — otherwise, this thing will drag on and on and on. Again, I submit that to you for your consideration.

The Chair:

Are we up to the present enrollment of 1500?

Mr. Stone:

I am not sure if we are up to the quota.

The Chair:

I don't believe there is a list of new recruits as yet because they don't have enough of minorities.

Mr. Stone:

They started a list already.

Mr. Givens:

They have re-tested as of August 6 on all four categories although I couldn't tell you if it was still on or not.

The Chair:

To my knowledge they ran out of minorities and all that was left was the white males and they talked about taking this down.

Mr. Givens:

In order for them to promote from the patrolmen to sergeant — that is something they are holding up right now and the Administration claims that they can't put any more in because they would be over-budgeted. This thing has been going on for quite some time and I . . .

The Chair:

Are you saying we are going to be short 45 to 50 men if we promote them?

Mr. Givens:

There would be no problem.

Mr. Stone:

We do have the money for this and I think we ought to do this. We do have 43 openings.

The Chair:

There is no question that we have allocated the money for this purpose.

Mr. Givens:

Another point I would like to bring up here — during recess of Council, the Mayor stated that he wouldn't appoint any Council Member to any board until he serves a full four-year term as Mayor.

I think all of us are fully aware of what our intentions were then and now — that the Administration didn't com-

ply with the Home Rule Charter, but personally, I can't see representing the people of the City of Pittsburgh because we are still dragging our feet and we shouldn't any longer. I think we should sit down and discuss this again and I ask you and the Controller to sit down and find some way we can tackle the situation or doing some type of monetary stance against the Civil Service Department and the Administration.

The Chair:

Mr. Givens, I don't agree with the Mayor in regards to the Appeals Board but I think it is his right to ask a legal opinion — but the only thing that irritates me is the appointment of Council people to different authorities and boards. This is mandated and required in the Home Rule Charter and there is no argument as to the legality of it — it should have been done and it should be done.

I have had an attorney looking into this matter and I called him about three weeks ago to see what progress he has made and he felt that it was an impeachable offense and I think they must be appointed from Council to each authority and board.

If the Charter is going to be worthwhile, I think we should abide by it and if nothing else has been said, we will adjourn.

Mr. Stone moved

That the Minutes of Monday, August 15, 1977, be approved.

Which motion prevailed.

And on motion of Mr. Stone,

Council adjourned.

Also

No. 3119. Communication from Robert J. Coll, Superintendent, Department of Police, requesting permission for Asst. Superintendent Joyce and Lieutenant Tomer to attend FBI Retraining Session in Ligonier, Pa., September 18-21, 1977, at cost not to exceed \$260.00.

Which was read and referred to the Committee on Public Safety.

Mr. Lally presented

No. 3120. Resolution authorizing the Mayor and the Director of the Department of Lands & Buildings, on behalf of the City of Pittsburgh, to lease to the Jones & Laughlin Steel Corp., for the term of two (2) years, certain property of the City of Pittsburgh, located on Wharton Street, upon certain terms and conditions.

Also

No. 3121. Resolution providing for the taking of Block 24-F Lot No. 92 owned by George E. G. Morgan, et al in the 23rd Ward of the City of Pittsburgh for the construction of a fire station on Chestnut Street.

Also

No. 3122. Resolution providing for the taking of Block 24-F Lot 30 in the 23rd Ward located at the corner of Spring Garden Avenue and Chestnut Street, owned by Imler Company (a Pennsyl-

vania corporation) for public use for the construction of a Fire Station on Chestnut Street.

Also

No. 3123. Resolution providing for the taking of Block 24-F, Lot 89, in the 23rd Ward, located at 930 Spring Garden Avenue, owned by Frank W. Skledar, executor of estate of Theresia Skledar, deceased, for public use for the construction of a Fire Station on Chestnut Street.

Also

No. 3124. Poznik, deceased, for public use for the construction of a Fire Station on Chestnut Street.

Mr. Givens:

Mr. President, on this new legislation that was introduced today in the Mayor's Conference, I asked if we could have Steve George from URA to come up and give us some information on this new land because most of it is going to be done by eminent domain and I am wondering if there are people living on the property.

The Chair:

Most of it is a condemned area.

Mr. Givens:

But the property is owned by the people and the City has taken it from them. Otherwise, I want to be sure that we don't have any old ladies being evicted from their homes.

Mr. Stone:

No way. It is a lumberyard. I feel very

strongly for that site, and I would hope that we would move on this as quickly as possible because they badly need that firehouse.

Mr. Givens:

I don't know if there are any houses.

Mr. Stone:

There are no houses there. At one time it was all commercial units.

Mr. Lally:

There are two or three pieces of property.

Mr. Stone:

I'm aware of that. You have a street coming down in from here, and there are four or five streets coming together and the reason that the firehouse was put there was to clean up that intersection which I think is a capital improvement and I think it is a very essential thing for the City.

Mr. Givens:

Anybody living in that right now?

Mr. Stone:

No.

Mr. Lally:

I move to suspend Rule 8 by providing consideration of a bill only until or after the 9th calendar day following the meeting in which the bill was introduced so it will be on the agenda this Wednesday.

Mr. Stone:

I second the motion.

Which motion prevailed.

Which were severally read and referred to the Committee on Planning and Redevelopment.

UNFINISHED BUSINESS

Mr. Givens:

Mr. President, receiving the collective bargaining agreement I note again here that they are using the same language that was in it as last year, "wherein it is the sole discretion of the Mayor and Chief to determine the vacancy in accordance with the need of the department."

This language is going to have to be amended, and each time something like this comes up, I find Council getting weaker and weaker and I feel we should take some position legally.

I would like to bring to all of our attention that the class date will begin September 15 for some 45 to 50 officers in order to meet the mandatory requirement that was set forth in our budget last year in regards to our police officers.

Today we are in the same position as we were last year because of the number of police officers that retired and I think this is a very serious issue and it is frustrating to me as a City Councilman to see this type of language be con-

ducted by both the unions and the City Administration because it is in direct violation of Council's ordinance.

The Chair:

Mr. Givens, I have to add to that by saying Council has allocated money year after year for the police and fire departments but it is really the discretion of the Mayor to fill the vacancies. Of course, it hasn't been filled and the fire fighters and police apparently want to continue the arguments. What else can we do? Perhaps insist that the money will not be allocated unless we have a guarantee that the vacancies will be filled. Other than that, I don't know what else we can do.

Mr. Lally:

Mr. Chairman, just to elaborate on Mr. Givens' remarks. It is very frustrating to sit here and see this happening. I know when we took the vote last time — it was either seven to one or eight to one and Councilman Lucchino was against it for that very reason, and now to have this thing repeated again on us — I don't think it is right.

The Chair:

What can we do?

Mr. Lally:

It was the memberships that accepted this.

Mr. Lucchino:

Mr. President, the only point I want to make is that the pressure is always among the members of Council wherein every dispute that arises between the Mayor and a particular uniformed service — everyone comes running to Council and Council then remedies it by passing bills that mandate the Mayor to do certain things — one would be filling vacancies. That is the law of the City of Pittsburgh even though I voted against it, it still is the law.

It seems Council gets itself sandwiched when the union comes in and asks Council to pass a bill putting in a certain kind of language which is totally contrary to what we believe. And to be saddled with that kind of situation is unfair to Council and I think we are going to have to wake up before they pass these kinds of bills.

The Chair:

A good example of that would be when the fire fighters asked Council to table a bill in regards to the emergency squad and the Mayor wanted to eliminate that so it was upheld. So I have to agree with you on this issue.

Mr. Lucchino:

I think what Council has to do now and in future years is stand up for its rights, because when any party comes to Council, we went from the Mayor to whatever the Mayor wanted and it left Council sitting out on the limb with the ordinance that everyone else ignores.

The Chair:

Personally any Councilman or myself will prove time and time again that you have a problem here with the contract that the joint union had signed with the City of Pittsburgh. It began at five percent and ranges upward and the unions are always asking us to try and get them more money and in the end they (unions) tell us we're making fools out of them.

Mr. Lally:

As you know we were hoping that that particular clause would be eliminated this time. They have discussed it, but I don't think it is right. If they are going to do it, they should come to Council one way or the other.

The Chair:

Why don't we talk to the fire fighters.

Mr. Lally:

We have to vote on this next week.

Mr. Givens:

No, 30 days.

Mr. Stone:

I thought you said it was the 11th.

Mr. Givens:

September 13th is the cutoff date, Bob. I said 110 days. September 13th is the last date of this year before they actually go into binding arbitration.

Mr. Stone:

Mr. President, I think it is about time that I place this on record. The fact, while there is a contract that is entered between two parties, it is unfortunate that in view of our announced disagreement and displeasure and we shouldn't lose sight of it — namely, we should stay within the jurisdiction of the Home Rule Charter.

Secondly, Council will not be a party to this and if we have the copy from last year it indicated that Council's stand on this issue and that we will abide by the Home Rule Charter and that is the only way to do it.

REPORTS OF COMMITTEES

Mr. Stone presented

No. 3144. Report of the Committee on Finance for September 7, 1977, transmitting one resolution to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

The Chair:

Is there any discussion on the bills?

Mr. Givens:

I would just like for us to take note to the language in Bill No. 3053 and Bill No. 3054, with regard to the types of payments being made from and to code accounts. Here for the first time there is rearrangement in that normal procedure.

Mr. Penny:

It is just reversed. It reads the same.

Mr. Givens:

I know it means the same. If we could keep to our same process — it is legal the way it is right now. I would like to address the City Clerk to stay with normal procedure.

And on the question, "Shall the bills pass finally?"

Mr. Robinson, good to have you with us.

MOTIONS AND RESOLUTIONS

The Chair presented

Bill No. 3208. Communication from Mayor Richard S. Caliguiri, submitting the name of Donald N. Turner as Police Magistrate in City Court for a term to expire in December 1979.

Which was read, received and filed.

Also,

Bill No. 3209. Resolution that the appointment by the Mayor of Donald N. Turner of Eight Allegheny Center, Apart-

ment 702, Pittsburgh, Pennsylvania, 15212 be and the same is hereby approved and confirmed as a Police Magistrate in City Court, for a term to expire December of 1979.

Which was read.

Mr. DePasquale:

Most of Council probably knows I sent a letter to the Mayor asking him to withdraw the nomination of Donald Turner. I guess he saw fit not to do it.

Mr. Bulls:

I move to table this bill.

Mr. Givens:

I second the motion.

Mr. Lucchino:

Mr. President, the normal procedure is that we hold it for two weeks, invite the ...

Mr. DePasquale:

Table supercedes any other procedure.

Mr. Lucchino:

I mean this is unusual. If going to vote him down, then vote him down. If going to approve, then approve it. There is no real reason to table this. All we are going to do is penalize those people who have to operate the City Court. They are shorthanded now, and those defendants — 50 percent who come before the Court is black. There is no black magistrate down there. I think we should either vote one way or another. If turned down, let the Mayor submit someone else. For us to just table and have it wait and wait — just going to wait three or four months.

I think we ought to treat this like any other appointment; hold for two weeks;

bring him before Council this Wednesday or next Wednesday; and then vote. But, for us to table it — it is just going to sit here. You know he is not going to act on this.

Mr. DePasquale:

In all fairness, we haven't had anyone down there for several months. I don't know what the great concern is.

Mr. Lucchino:

I think the people who deal with the Court have concerns. Those defendants have a concern that come before that Court. For us to just table it — it is going to sit for three and a half months without any action.

Mr. Coyne:

I'm not so sure we can table it anyhow. From the opinion from the parliamentarian ...

Mr. DePasquale:

Why can't we table any bill?

Mr. Coyne:

I think the normal process is to get a bill number and go to the Finance Committee.

Parliamentarian:

You can table it if you want to.

Mr. Givens:

I would just like to bring to Council's attention that on many, many occasions we have asked the Mayor to do certain things, and the latest attempt was on the third of August. The letter is before you right now wherein we asked the Mayor to apprise this Council of this position in appointing members to the boards and authorities; filling magistrate vacancies, which he is trying to do here,

apparently; the Personnel Appeals Board, which he hasn't taken any action on; installation on the Mayor's personnel system, no action on that; and the filling of vacancies within the police and fire departments, which he has taken no action on.

If the Mayor wants to act as a responsive legislature — I think we as Council members should expect something from the Mayor in return.

Mr. DePasquale:

Thank you, Mr. Givens.

Mr. Lucchino:

The only response I have to that is that I don't disagree with that as a legitimate legislative technique. I think it can be used effectively. But, I think we should use it on something that will affect the Mayor's ability to function — something that you can have some leverage after. But, where this doesn't affect his ability to function — he submits a name to us, and we hold, and he just goes on his merry way. I subscribe, and we have subscribed, to that particular legislative procedure, but I think it is the wrong bill to do it on, that's all.

Mr. Givens:

I think just the opposite. I think Mr. Turner has an outstanding record as an attorney and possibly would be a good candidate for this magistrate position, and possibly this is one of the reasons that I feel that when we asked for things to be done as a legislative body, and were received negatively, then what can we do? I think you hit the nail on the head by saying that this is a legislative technique that can be done. I think one looks down — personally, myself, this is a technique I don't like to use, but I think this Council, as a body, must take into consideration, and using the powers endeavored by the people of the City of Pittsburgh and the fact that we sit here today with the same amount of policemen we had a year ago — I know that crime is going down to some degree, but we cannot tolerate the ex-

istence we have today, and I don't know how many times I have to respond to that. The money is in the treasury. Mr. Stone indicated that last week, and yet here we go again. I get to the point where I get very disgusted. I don't know how to express myself, but we are asking for a vote today to table this particular issue.

Mr. DePasquale:

The comment I care to make is that this is a tabling vote and would convey to the Mayor that his candidate was defeated and would have no other choice but to come through with another. If we do that, we are not really tying his hands other than that of Mr. Turner.

Mr. Coyne:

The parliamentarian wanted to make a statement.

Parliamentarian:

The holding would keep it more alive. It would not prevent the Mayor from making another nomination.

Mr. Coyne:

You mean tabling.

Parliamentarian:

Yes. The usual procedure is to hold. I would probably ask for an opinion from the Law Department on that position.

Mr. Lally:

Defer action until we get an opinion from the Law Department.

Mr. DePasquale:

Any tabling motion supercedes any other motion. I think the parliamentarian knows that. I think it would just be a waste of time. Either to do it or don't do it. My preference is then don't table

and vote on it today. I think we all have brochures. We have had it for three or four weeks. We all have certainly read it and know enough about it. Do we have a tabling motion at present?

Mr. Lally:

I don't think we can vote on it today, Mr. President.

Mr. DePasquale:

It is customary, but not mandatory.

Mr. Lally:

I don't think anybody has had a chance to study it. It would be unfair to both parties; both to him and to us, both.

Mr. Givens:

It is unfair to bring an individual out here, put him through the mechanics of appointing him, and in fact then table the issue after that.

Mr. Lally:

The only thing that I am saying is that if it were held for two weeks — if going to table it, then it can be taken off the table at any time?

Mr. Givens:

That's right.

Mr. Lally:

If you are not going to vote him down, then you don't have to table.

Mr. Givens:

Not voting, just tabling the issue — appointment until a future date —

sometime in the future and hoping that we might get certain responses from the Mayor.

Mr. DePasquale:

Tabling motion. We need a roll call vote.

And the roll being called, the ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Bulls	Mr. Lally
Mr. Givens	Mrs. Masloff
	Mr. DePasquale
	(Pres't pro tem)

Noes:

Mr. Coyne	Mr. Lucchino
-----------	--------------

Ayes	5	Noes 2
------	---	--------

And a majority of the votes of Council being in the affirmative, the resolution on the appointment of Donald N. Turner was tabled.

Mr. Givens moved

That the Minutes of Council of Tuesday, September 6, 1977 and Monday, September 12, 1977, be approved.

Which motion prevailed.

Mr. Givens moved

That Mr. Stone be excused for absence from this meeting.

Which motion prevailed.

And on motion of Mr. Givens,

Council adjourned.

Which were severally read and referred to the Committee on Planning and Redevelopment.

The Chair presented

No. 3252. Resolution requesting Allegheny County Bureau of Elections to place on November, 1977 election ballot the following referendum question: Should County and Municipal elected officials fight to change federal environmental laws in order to preserve existing jobs in the steel industry?

Which was read and referred to the Committee of Finance.

Mr. Stone:

I am somewhat at a loss here. I am in favor of the proposal but the County is going to do it and as far as I can see, it is going to cover all of the County territory including the City of Pittsburgh.

I am at a loss to understand that even though it is a good venture whether or not we are going to have two levers — one of the County and one of the City and all we do is just take the City vote.

As I indicated, I am in favor of it although I don't see a need for two levers.

Mr. Lucchino:

Why don't we have Mr. Dickson come in and tell us. We don't have to have two levers.

Mr. Coyne:

I asked that question this morning and the Mayor said you have to pass it by resolution — any municipality that wants to do it, Council would have to pass the resolution to get it on the ballot. Every municipality is not going to be on the ballot.

Mr. Lucchino:

What about the County?

Mr. Coyne:

That is not for all of the County residents.

The Chair:

The County has it on the ballot and whatever municipality wants to go on — Council has to pass a resolution.

Mr. Coyne:

Yes, that's right. If we want to get it on, we have to pass it.

Also

No. 3253. Resolution providing for Joinder by the City of Pittsburgh in a Petition to the Court of Common Pleas, Orphans' Court Division, Rearranging the composition of the Board of Trustees of Carnegie Library of Pittsburgh; and Repealing Ordinance No. 16, approved July 8, 1977 and effective July 12, 1977.

Which was read and referred to the Committee on Parks, Recreation and Libraries.

The Chair:

In regards to that board or any other board in the Home Rule Charter in the future — I couldn't make the selection or pass it — it has to be passed by the Mayor and with the approval or disapproval of Council. Does Council have the right to select people?

Mr. Lucchino:

The President of Council always made the appointments — appointed Council Members to boards. The Mayor doesn't have anything to do with that.

Mr. Stone:

You can appoint Council Members to boards but not a private citizen — that has to be done differently.

The Chair:

Thank you.

Mr. Stone:

I move to suspend Rule 8 on Bill Nos. 3252 and 3253 by providing consideration of a bill only until or after the 9th calendar day following the meeting in which the bill was introduced so it will be on the agenda this Wednesday.

Mr. Lucchino:

I second the motion.

Which motion prevailed.

Bill No. 2846. A Resolution entitled, "PROVIDING for the purchase, in lieu of condemnation, of certain property in the 21st Ward, designated as Block and Lot 7-C-226, to be used for various City facilities; and providing for the payment of the cost thereof."

Which was read.

The Chair:

Is there any discussion on the bill?

Mr. Lally:

Mr. President, as you know there has been a lot of talk about this particular bill — on the cost factor and everything else involved.

Along with yourself, we did visit both sites — the one on Penn Avenue and one on Western Avenue. It was also recommended and checked out by the Director.

I have passed out today to each Member of Council here a report to the thing and I would like to read it for the news media. I would hope that they would quote it right this time because there were some figures that were quoted wrong. This is not a reflection on Mr. Warner.

"LOCATIONS: North Side — Manchester Area — 1203 Western Avenue 1. Not as accessible, central or conveniently located to other City service facilities as the Penn Avenue Building. 2. Not as convenient for employee travel — public transportation access road pattern very poor by comparison to Penn Avenue Building.

TYPE OF BUILDING: Two story — concrete, masonry structure built for Canada Dry as a bottling and distribution center.

Adequate head room.

No rail siding and limited number of docks and loading areas.

WORK REQUIRED BY CITY TO MAKE BUILDING USABLE FOR CITY USE.

Remodel portions, rewire and re-roof — ALL TO BE DONE AT THE EXPENSE OF THE CITY.

WORK REQUIRED BY CITY THROUGHOUT THE TERM OF THE LEASE — ALL — AT THE EXPENSE OF THE CITY

EXPANSION POSSIBILITIES: NONE unless at the complete expense of the City.

SECURITY: more of a problem than at the Penn Avenue Building. 1. Neighborhood not as good (higher crime rate area) 2. Two floor operation — will require more supervisors and/or controls.

FLOOR LOADING: Good floors but second floor loading care must be observed.

FACTORS THAT CONTRIBUTE TO INCREASING COSTS OF CANADA DRY BUILDING OVER THE PENN AVENUE BUILDING

A. No clear proposal for rental at \$90,000 per year — Net lease? Gross lease? Taxes? Maintenance? Remodeling? Renovating? etc.,???

B. If a lease — with whom? If lease is not with a responsible owner there should be an engineering study made by a qualified person as to the true condition of the building. If the building is mortgaged and the City lease is used as collateral and the lessor does not carry out repairs and other contractual obligations a serious problem can arise with the mortgage holder."

These are the factors that I have considered in studying the Canada Dry Building and this is a report on it. I don't see why we have to bring it up at this time because we are not considering it at this time.

Mr. Lucchino:

My feeling is that Mr. Lally has presented a well written statement of the so called Canada Dry Building and I think Council should defer final action until we have all the buildings before us.

We have a suggestion for a lease at the Penn Avenue Building but we don't have one that is going to be sent to us by the Department of Lands and Buildings and maybe they will never send us one. In that case, the Kenny Ross Building can have its lease extended so that they are not under any time pressure. If that is not the case any more, I have told them that they can remain on there.

I say let us wait and get all of the buildings together before us so we can decide which one would be the best, rather than one at a time.

As many of you know we have had experience on what we think is a better deal and what the Administration finally decides to submit to us may not always be the same — and it makes no difference who the Administration is and on that basis I think we should wait.

Mr. Coyne:

Mr. President, the only problem with what Frank says is that in the letter that Director West sent, he said if Canada Dry is rejected he will then submit legislation for the Strip District.

The Chair:

It is only then that they present rental legislation.

Mr. Lucchino:

I'm sorry, I wasn't aware of that. I just hate to see Council get stuck in the corner and get blamed for everything. It may be a better approach if we have them all at the same time and then to make our choice.

The Chair:

I think I came by one and they had agreed that the Kenny Ross Building is not a feasible building. Now they are saying it just doesn't suit their purpose.

Mr. Stone:

I don't think that issue is before us. Bill No. 2846 is just authorizing the purchase.

It is my understanding that the vote on Wednesday was that they would not purchase it and not whether it should be leased.

Also, not before us is whether we lease the Lawrenceville property. The issue is purely that we purchase it.

There has been some indication that we shouldn't purchase it, and at this point there has been a request for \$640,000 and I discussed it with Mr. Lally and it is my understanding that the prices were as far as \$640,000 down to \$600,000 to 550,000 to \$450,000 and at one time \$430,000. That is the price variation. I had suggested to Director West when I had seen this that he negotiate a price and then come back to Council for its approval.

I don't see the sense in negotiating a price around \$550,000 and then asking City Council for a consideration of \$640,000 because what you have done is disclosed \$640,000 and the lesser figures and when you get back to it I think Bill No. 2846 deals solely with the purchase.

There is no question that it is dealing solely with the purchase but the problem is that we may want to keep the purchase option open because if you consider the lease, you are talking about \$90,000 to \$125,000 a year in five years. We are well paid off enough to buy it, why shouldn't we keep leasing the place? My only point is that we may ultimately turn it down but the option will be open.

Mr. Bulls:

I would like to state a few things about this building over on Western Avenue.

About two blocks along the way there

is a school for retarded children and the avenue itself is a congested area right now.

I've noticed that several things seem to be dumped right onto the people in the North Side — and for that school and the traffic patterns I am definitely opposed to it; I am talking about the conditions around the building.

Mr. Stone:

One more comment. Frank, this idea of holding open — I think Mr. Lally had said that at the insistence of Director West this issue was brought up. We never brought it up, so in effect it was voted up or down.

Mr. Lucchino:

I don't doubt that Mr. Lally brought it up at the insistence of Director West but we shouldn't necessarily react to what the Director thinks he wants us to do. We are elected Members of Council and we have to do what is best.

Mr. Lally:

He was telling us that we had a deadline to meet and we don't have a deadline to meet.

Mr. Givens:

In the media where so many people get their information — most of their information — by reading and listening on television Council is representing the City of Pittsburgh and it looks as though we were politically motivated.. No one wants to take that particular building.

The Mayor says that we can save \$60,000 a year if we buy that building but in traveling back and forth from the North Side to Penn Avenue — where most of the supplies and garages are — that to me is asinine. You talk about saving money — I don't know how you can save it like that. Again, this is no reflection on Mr. Warner.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Noes:

Mr. Bulls	Mrs. Masloff
Mr. Coyne	Mr. Stone
Mr. Givens	Mr. DePasquale
Mr. Lally	(Pres't pro tem)

Ayes	none	Noes 7
(Mr. Lucchino not voting)		

And there not being a majority of the votes of Council in the affirmative, the bill was defeated.

Also, with an affirmative recommendation,

Bill No. 3125. Resolution authorizing the sale of property in the 5th Ward, being a 2 story frame house on 2101 Webster Avenue, designated as Block 10-J, Lot 275, to Smith Watkins Post #2, Legion of Guardsmen, for the sum of \$6,000.00.

MOTIONS AND RESOLUTIONS

Mr. Bulls presented

Bill No. 3259. WHEREAS, Pittsburgh has been and City Council wishes the City to remain the "Steel Capital of the World"; and

WHEREAS, unemployment in Pittsburgh and in the United States is at an economically devastating and unacceptably high level; and

WHEREAS, we support fair trade but believe that the present practices of foreign governments are unfair competition in that these governments deliberately cause steel to be dumped in the American market at unrealistic prices to the detriment of the domestic steel industry and American workers; and

WHEREAS, some present and proposed Governmental policies,, particularly in the area of environmental control, have and are placing domestic steel industry at a further competitive disadvantage which are likely to result in the closing of steel plants and the severe unemployment of steel workers;

THEREFORE, BE IT

RESOLVED, That the City Council of the City of Pittsburgh, Pennsylvania, memorialize the President and the Congress to immediately review the entire

foreign import question, to promptly enforce the anti-dumping acts, and to revise the severely restrictive and costly environmental requirements so as to ensure a continuing domestic steel supply and an employed American workforce.

BE IT FURTHER RESOLVED, that copies of this resolution be transmitted to the President of the United States, the presiding officer of each House of Congress of the United States and to each Senator and Representative from Pennsylvania in the Congress of the United States.

Which was read.

Mr. Givens:

There is one point here that maybe my fellow Council Members might be able to help me out here. Does there not have to be an economic impact study to accompany major environmental controls when they do that? Is there something in the law that they are trying to enact? I don't know.

Mr. Stone:

They have not done it yet. That is what this bill is designed to do. That is what the nature of this is — whether or not we should ask Congress to make changes.

Mr. Givens:

I don't know if you would want to include that it must accompany major environmental controls before plant shutdown.

Mr. Stone:

I'd like to speak on this issue. Everytime you get more into it you tend to restrict its implication. This is just a general review.

Mr. Givens:

The biggest thing is the environmental factor — what is going to happen economically? The fact is that you don't have a study to show what the end result will be.

I think the economic impact studies must accompany and if they don't we are not gaining anything. I brought that out as a future thought.

The Chair:

Won't that study be made in the meantime?

Mr. Givens:

By law this is not required and I think this is most important that we address ourselves to this — for the protection of our health and well being.

Mr. Bulls moved

The adoption of the resolution.

Which motion prevailed.

Mr. Coyne presented

Bill No. 3260. WHEREAS, the City of Pittsburgh has been attempting and continues to seek developers for the property known as the "Old Water Filtration Site"; and

WHEREAS, said property borders on the boundary lines of some other municipalities such as Aspinwall Boro, O'Hara Township and Fox Chapel Boro; and

WHEREAS, positive results of development can be of benefit to the bordering municipalities; and

WHEREAS, because of its location, whatever is constructed at the site will necessarily affect bordering municipalities; and

WHEREAS, the City of Pittsburgh wishes to be a considerate neighboring municipality;

NOW, THEREFORE,

BE IT RESOLVED that the City of Pittsburgh and the Urban Redevelopment Authority will prepare and plan the development of the "Old Water Filtration Site" being aware of what affect the development will have on the City of Pittsburgh as well as bordering municipalities.

Which was read.

Mr. Coyne:

Mr. President, the purpose for this resolution is that many times bordering municipalities in the past have developed property not in consideration with the City of Pittsburgh and specifically I refer to the Greentree Borough when they were doing all of the developing and the trucks that were used in the construction with the development — they were using city streets and in many instances damaging them and not having any regard for the City of Pittsburgh's end of that borderline.

Mr. Stone:

If I may Bill. I attended URA's meeting last Friday and I think that that is coming into play. I think it is good that you brought it out, but in fairness I think this is one time the City is really doing a lot for that municipality in the sense that that is going to be a commercial development. They are going to be getting a shopping center and everything else and I think it is a definite contribution to that whole area.

Mr. Coyne moved

The adoption of the resolution.

Which motion prevailed.

Mr. Givens:

I would like on the post-agenda this coming Wednesday's committee meeting to have Mayor Caliguiri come over and

explain to me and other Council Members what his position is on the police and firemen, and if he is going to fill those positions.

It is now a late day of September and we are going into October and there is no way that the City of Pittsburgh can meet the mandatory requirements of police officers that we have funded for in the budget.

I would like for him to come over and explain this to Council and what if anything he is going to do to correct the situation.

I would also like for Superintendent Coll to come over. I have been talking with him since early September and I had communicated with Asst. Superintendent Mills on the turnkey problems and how they are being manned and I feel that we have a lack of manpower there, and we have been lacking there for some time. I feel this is the focal point of all criminal activities within Allegheny County. We have people working there from the communications room all the way down to a 90 pound woman with no training in self defense and I would like for Superintendent Coll to explain the whole situation to me.

Mr. Lally:

Councilman Givens, wouldn't it be better to request that Superintendent Coll come in instead of the Mayor?

Mr. Stone:

We have Ken Fields coming in to give us his dialogue on the police and fire contract. Why don't you wait until we get that information before you go into other matters.

Mr. Givens:

I would still like to have him come in.

Mr. Stone:

You don't have all the facts before you. Why don't you wait until next Wednesday when we can have a meaningful discussion. In addition to that, we are waiting for the other parties to come before us and we are going to get into other issues. I think it makes more sense to know more before you move into it. I think you are going to have a loaded agenda.

Mr. Givens:

My concern is for the safety of the citizens of Pittsburgh.

Mr. Stone:

Get off the act! You act like you are on the Apollo program by yourself!

Mr. Givens:

Well, as Chairman of the Public Safety Committee, I would like to have the Mayor over.

Mr. Lally moved

That the Minutes of Council of Monday, September 19, 1977, be approved.

Which motion prevailed.

And on motion of Mr. Lally,

Council adjourned.

Resolution opening the 1977 Budget of the City of Pittsburgh for the purpose of permitting the enactment of amended substituted Council Bill No. 3052 by making an additional appropriation of \$600,000 from the Counter-Cyclical Trust Fund for Police Salaries and an additional appropriation of \$600,000 from the Counter-Cyclical Trust Fund for Fire Salaries.

Also

No. 3293. Resolution opening the 1977 Budget of the City of Pittsburgh for the purpose of permitting the enactment of amendments, additions, and/or deletions.

Mr. Stone:

Mr. President, if I may on those two bills, they are substitute bills for one another. One was submitted by the Administration, one is being submitted by me.

It is my belief that in order to open the budget in any way you have to have first, an enabling piece of legislation, and that's what the second piece is — indicating that the budget is not being declared open.

There is other legislation which has been carried, courter-cyclical funds, and that will come up, and under this.

Now, I'd like to move to suspend Rule 8 so that this matter comes up with the other legislation on Monday. But, as it is right now, first we're declaring the budget open and then we'll pass whatever amendments have to be done under it.

Which motion prevailed.

Mr. Lally:

Can I ask a question?

Mr. Stone:

Yes.

Mr. Lally:

Can the budget just be opened for this purpose only or for other purposes?

Mr. Stone:

That's where we differ.

Mr. Stone:

Excuse me Mr. President. Did you cover that other one Mike, that amendment to 57?

Mr. Perry:

We covered that one.

Mr. Stone:

Okay, if I may, I'd like to speak just briefly to that one. I've introduced today an amendment to Section 9 of Ordinance No. 57 which is covering the levying and assessing of water rents. This was part of our budget, but the particular paragraph that we are amending is Section 9 which is not part of the budget — and I have checked with the City Solicitor.

I would just like to make this point if I may. At the present time it says that the property owner has the maintenance of the private water lines up to and including the connection to the City main water lines.

I have amended that with this particular piece of Ordinance which we have introduced today — to say it'll be up to the curb line. The reason for that is that we are perhaps the only municipality which is imposing that added burden from the curb line, curb box, called by the people in the trade, to the main line, which in most instances in the City of Pittsburgh is in the center of our streets and highways.

This has become extremely burdensome to our property owners most of whom are on fixed and limited incomes, and there have been many, many attempts on behalf of many people to avoid professional assistance in doing it. What has been happening, we have been getting a lot of people going into our road not knowing how to compact it as they return it. We don't have any continuity of material when we're finished, it obviously then becomes a safety problem for the City of Pittsburgh.

I realize in advance, there will be some cost to the City of Pittsburgh in addition with this particular piece of Ordinance, but on the other hand, I think the safety factor in developing it for the City of Pittsburgh is of prime importance, especially, if you will recall, a television coverage by Wayne Van Dyne, over in the South Side in which there was a little hole everybody thought, the City of Pittsburgh was waiting five days to look at that little hole, until they then looked at it better and found out that underneath, and if it had gone much longer, a car could have very well fit into it afterwards.

I think we've got to avoid that kind of problem. And if we're going to pave roads, it seems to me we ought to protect their surface in the kind of way in which we intend them and that's the reason for this. I'll speak more on it and give more later when the legislation comes through.

Also,

No. 3294. Ordinance amending Section 9 of Ordinance No. 57, approved December 31, 1976, entitled "An Ordinance levying and assessing water rents for the fiscal year beginning January 1, 1977, and ending December 31, 1977."

Also

No. 3295. Resolution authorizing issuance of a warrant in favor of Fred and Eva Ralph in the amount of \$565.00 in settlement of claim for damage and providing for the payment thereof.

Also

No. 3296. Resolution authorizing issuance of a warrant in favor of Richard and Clara Danner in the amount of \$745.00 in settlement of claim for damage and providing for payment thereof.

Also

No. 3297. Resolution authorizing issuance of a warrant in favor of Joseph

Wisniewski in the sum of \$558.40 in settlement of claim for damage and providing for payment thereof.

Also

No. 3298. Resolution authorizing the issuance of a warrant in favor of Wilkins Construction Company in the amount of \$10,429.56 in payment for extra work in connection with the reconstruction of Ross Street and Fourth Avenue furnished for the benefit of the City without previous authority of law, and providing for the payment thereof.

tendance at Dinner-Meeting of Municipal Finance Officers Association, Sept. 29, 1977.

Which were severally read and referred to the Committee on Finance.

Also

No. 3303. Communication from Robert Lurcott, Director, Department of City Planning, requesting permission for himself and members of his department to attend AIP annual conference in Kansas City, October 8-11, 1977, at cost not to exceed \$900.00.

Which was read and referred to the Committee on Planning and Redevelopment.

Also

No. 3304. Communication from John E. McGrady, City Controller, submitting Audit Report of Dog Licenses issued of arrested animals released, for the period July 1, 1976 to June 30, 1977.

Also

No. 3305. Communication from Charles W. Strong, Executive Director, Public Auditorium Authority of Pittsburgh and Allegheny County, submitting Audited Report for the fiscal year ending June 30, 1977.

Which were read and referred to the Committee on Finance.

The Chair presented

No. 3306. Petition from residents of the Pittsburgh area, requesting City Council to sponsor a public hearing at which may be discussed the possibility that lowering environmental standards, if approved by voters in November, could result in lowering occupational health and safety standards for steelworkers who are already suffering at their jobs.

Which was read and referred to the Committee on Finance.

REPORTS OF COMMITTEES

Mr. Stone presented

No. 3037. Report of the Committee on Finance for September 28, 1977, transmitting sundry resolutions.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 3118. A Resolution entitled, "Approving collective bargaining agreement between Pittsburgh Fire Fighters Local No. 1 and the City of Pittsburgh." (As amended in Committee)

Which was read.

The Chair:

Is there any discussion on the bill?

Mr. Givens:

I would like the municipal records to show and reflect the comments that I made on last week's committee meeting which I will supply.

INSERT REMARKS MADE BY MR. GIVENS AT COMMITTEE MEETING OF WEDNESDAY, SEPTEMBER 28, 1977.

"I cannot support the 1978 Fireman's contract. The agreement is a sound one, bargained in good faith, but if Council agrees to it, we surrender the principal we have been fighting for over the last two years.

Section 4B reads in part: "The union recognizes the sole discretion of the Mayor and the chief to determine vacancies and fill vacancies in accordance with the needs of the department and the public safety as determined by the Mayor." This language acknowledges only

the Mayor as having authority in determining the size and structure of the Fire Department. But Section 208 of our Home Rule Charter specifically provides that the Mayor or the Council can establish, revise, or abolish a unit of government.

Last year we had a parallel problem with the police contract. Our attorneys, Grogan, Graffam, McGinley and Solomon, advised that if we accepted the collective bargaining agreement, we would be agreeing with the Mayor's contention that Council does not have the right to mandate the size of the police force. They further advised that even if Council added a statement reasserting our right to establish the size of the force, we would weaken our position because of the contradictory wording of the collective bargaining contract. The fireman's contract before us contains the same language.

I cautiously guard the power given this Council in Section 208 of the Charter because we are the representatives of the citizens, and their safety is involved. It is our joint responsibility, with the Mayor, to see that the public safety is preserved. Part of that preservation is the assurance of adequate force strength in the Fire Department. If we agree to this contract, then we give up the authority given us in Section 208 of the Charter, and we handcuff Council's future role in securing the public safety.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Which was read and referred to the Committee on Public Works.

Mr. Lally:

Mr. President, I said this morning that I wasn't going to introduce any bills until the Director came here and talked to us about some of the legislation we've had. In the meantime, I have talked to the Director and in regards to the resolution about the doors downstairs, that resolution was entered here in 1971 and also in 1976 and he cannot present the resolution at the present time because the job is going out for bids, and he will have to amend it if he does. So under the circumstances he didn't submit it.

The other two were in regards to the rehabilitation of the toilet room on the third floor, and the other, second floor I think it is, for the handicapped, which he is also going to do. That is why I instructed Mike to go and get the legislation. They held it in the Mayor's office this morning.

Mr. DePasquale:

Sadly, Lands & Buildings has been threatened to come up with that resolution for the last six years, and again we're stalling I guess. I doubt if they even have one.

Mr. Lally:

Well, he said it was submitted twice.

Mr. Lally presented

REPORTS OF SPECIAL COMMITTEES

Mr. Glvens:

I have an Ordinance that I would like to introduce to the Sub-Committee on the Community Advisory Boards. At this same time I would like to thank those members of the board, one Frank Lucchino, our own Council member, Mary Hall, Phil Carter, Edward Preskar, and Rubin Jones, who is more or less an overseer of the whole thing.

This was started on 21, July of this year, and we worked throughout the summer months and went pretty heavy into the month of September and finally came out with what we consider this draft ordinance.

Mr. Glvens presented

No. 3341. An Ordinance prescribing procedures for the exercise of the powers and duties of Community Advisory Boards.

Which was read.

Mr. Glvens:

I propose to the several members of Council here that this draft ordinance go to our local department for a quick and expeditious reading of the actual ordinance itself for its legality and be sent up to this Council whereupon Mr. President I would ask that a public hearing be conducted or that Council review the bill in normal committee fashion.

Which motion prevailed.

PRESENT:

Mr. Bulls	Mr. Lucchino
Mr. Coyne	Mrs. Masloff
Mr. Givens	Mr. Stone
Mr. Lally	Mr. DePasquale (Pres't pro-tem)

The meeting was opened by the recitation of the pledge of allegiance to the Flag of the United States of America.

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one Nation under God, indivisible, with liberty and justice for all.

PRESENTATIONS

Mr. Bulls presented

No. 3353. Resolution further amending Res. No. 465, approved July 2, 1976, as

amended by Res. No. 879 approved November 15, 1976, entitled "Providing for the letting of a contract or contracts for the furnishing and delivery of automotive equipment less trade-ins, for the Department of Water, and for the payment thereof," by adding one truck with gate turner.

Also

No. 3354. Communication from John C. Miller, Director, Department of Water, submitting 1976 Annual Report.

Which were read and referred to the Committee on Water.

Mr. Coyne presented

No. 3355. Resolution providing for the repeal of Res. No. 305, effective April 28, 1977, entitled, "Providing for the purchase from George Martin Spilka, Jr., a/k/a George M. Spilka and Lena Spilka, his wife, for street improvements and other public purposes, in lieu of condemnation certain property at Brighton Road and Kleber Street in the 27th Ward of the City of Pittsburgh and providing for the payment of the cost thereof."

Also

Which was read and referred to the Committee on Public Safety.

Mr. Givens:

I would ask that a copy of that be sent down to the Fire Department, especially Fire Prevention, maybe they don't need a hearing. They could go out and look that situation over.

Mr. Lally presented

No. 3360. Resolution transferring the sum of \$5,850.00 from Code Account 1366 — Salaries and Wages, Regular Employees, Bureau of Repairs, to Code Account 1361 — Miscellaneous Services, Department of Lands and Buildings.

Wills for all that certain building situate at 1103 Western Avenue, 21st Ward, for a term of one (1) month, at a rental of \$5,850.00 for use by the Department of Supplies warehouse and body shop, and other public purposes, upon certain terms and conditions and providing for the payment of same.

Also

No. 3362. Resolution further amending Exhibit 1 of Resolution No. 1038, effective January 6, 1977, as amended, entitled "Resolution — adopting the 1977 Capital Budget; allocating and setting aside amounts in connection therewith; creating Capital Trust Funds; and transferring Bond Funds to said Capital Trust Funds", by reallocating funds for the Department of Lands and Buildings, and creating an additional project — renovation of toilet facilities.

Mr. Lally:

I move to suspend Rule 8 by providing for consideration of a bill only until or after the 9th calendar day following the meeting in which the bill was introduced so that Bill Nos. 3360, 3361 and 3362 will be on the agenda this Wednesday.

Which motion prevailed.

Mr. Lally:

The only reason I am doing this Mr. Chairman is the fact that we did say that we would hold up these bills until we get some report on the doors downstairs. I understand that this project is out for bids now, and being considered, so under these circumstances we will move them.

Also

No. 680, approved August 1, 1977, entitled: "Resolution providing for an amendment to the Articles of Agreement of the Southwestern Pennsylvania Regional Planning Commission by increasing the total membership of the Commission from 34 to 43, and by including 2 members representing the City of Pittsburgh," by incorporating the amendment to the Articles of Agreement.

Which was read and referred to the Committee on Planning and Redevelopment.

Mr. Stone:

I move to suspend Rule 8 by providing for consideration of a bill only until or after the 9th calendar day following the meeting in which the bill was introduced so it will be on the agenda this Wednesday.

Which motion prevailed.

The Chair:

When you say two, is that two total?

Mr. Stone:

If I may, we passed on this bill already, there are one or two that are

left out, I'll cover that more specifically at Wednesday's meeting. This thing we have already covered, it adds the Mayor, also adds one additional County Commissioner for each of the six counties.

The Chair:

Yes, but I am curious, other than the Mayor's representation, you represent the city right? Now are we talking about one other, or two others representing the city?

Mr. Stone:

No, under this program, there will be two from the city, one from City Council and the Mayor. If you will recall, the County Commissioners voted down the additional two for Pittsburgh — Allegheny County County Commissioners. Even though the others were for it.

REPORTS OF COMMITTEES

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Bulls	Mr. Lucchino
Mr. Coyne	Mrs. Masloff
Mr. Givens	Mr. DePasquale
Mr. Lally	(Pres't pro tem)

Ayes 7 Noes one
(Mr. Stone voting "No")

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Mr. Givens:

In last Wednesday's Committee Meeting on Bill 3265, I abstained from voting on that particular bill, and I think for the reason so stated, the fact that once the Administration receives this particular bill, Council does not have any legal review of the bills themselves, in other words, the Mayor and the Mayor only, can say if these particular contracts, some eighteen of them, and this Public Work bills come in extremely high, that only he and the Administration can withdraw those bills.

I would so make record of if any of these contracts come in much over the above stated figures that have been given in this legislation, that they consider rejecting that particular bill, and that is the only caution we have, because we are using the people of Pittsburgh's bond fund money in a twenty year loan type period, and with long interest negotiating into it, and we have cancelled some other programs because of this. I

would like to make those remarks for the record.

The Chair:

The first of my fears is that I don't think we can afford a delay here.

Mr. Lally:

That is right Mr. Chairman, this is an important bill and to reject this bill today I think we would be making a serious mistake. This money is being given to us by the Federal Government, and if it is a million three, or whatever we have to add to it, the courts ruled in favor of minority contractors here the other day, and I think we would be making a very serious mistake by rejecting this bill today.

It does create a lot of work, as you can see in the breakdown here of different departments, that will put people to work, and this is what we need in this city right now. I would have to say that we recommend this bill.

Mr. Bulls:

On Wednesday, in Committee, I also voted against this bill, but after the court decision that was made towards the minority contractors, and after talking to several of my colleagues I think it is necessary on my part to vote towards the bill today.

Twelve Million Dollars will create a lot of work, and the people of my community definitely need a lot of work.

Mr. Stone:

Aye on all bills with the exception of 3265 and 3266 for the reason expressed on Wednesday, I still do not know how you can possibly give someone ten percent of one hundred, and that comes out to be an increase of ten percent. I cannot, and I would be remiss not to mention that I think that it places the Administration in a very defeatist movement and attitude at this point. I think

if any time we should be standing up and saying that ten percent of the job will not result in ten percent more, now is the time. We are on the threshold of the determination of that issue, it should be resolved now.

So, on Bills 3265, 3266, no.

Mr. Givens:

The only discussion I have is of Wednesday, the one thing that I disagreed with on Bill 1663, was Section 1, amended Section 3101 where it read 34%. I objected to that and I feel that the 51% that was in the original ordinance was one that should suffice where the majority of people should have the say as to what happens within their neighborhood.

Also,

Bill No. 3268. An Ordinance entitled, "An Ordinance supplementing Section 2 and Section 3 of Ordinance No. 335, entitled: 'An Ordinance regulating the use and operation of vehicles on the streets of the City of Pittsburgh and providing penalties for the violation thereof', approved October 3, 1922, as amended and supplemented."

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeable to law, and were:

MOTIONS AND RESOLUTIONS

Mr. Givens presented

Bill No. 3397. WHEREAS, this year on October 24, the peoples of the world will join together once again to observe United Nations Day, recalling the date in 1945 when the United Nations Charter came into force; and

WHEREAS, United Nations Day is a time for the world's citizens to reaffirm their faith in the Charter's ideals of peace and human rights; and

WHEREAS, United Nations Day is an occasion for us to review our commitment to social and economic cooperation; and

WHEREAS, United Nations Day gives us all an opportunity to examine our involvement in the world's problems and their possible solutions.

NOW, THEREFORE,

BE IT RESOLVED that the Council of the City of Pittsburgh does hereby recognize Monday, October 24, 1977 as United Nations Day and call upon all the citizens of Pittsburgh to observe that day in the spirit of common purpose expressed in the United Nations Charter.

Which was read.

Mr. Givens moved

The adoption of the resolution.

Which motion prevailed.

Mr. Lally:

I think Mr. Givens was appointed Chairman of that United Nations Day a few months ago, I recall.

Are you going to have a helicopter to fly you around Dick, or what? That was the plan, am I right?

Mr. Givens:

I think the U.N. is a very important function of all the governments of the world, and their main thing this year is one of human rights, and that of disarmament.

And, yes I was appointed Chairman

by this Council to represent the City of Pittsburgh, and I have contacted various people throughout the City of Pittsburgh to try to make this day the most eventful as possible. It is also Veterans Day, and I think the two of them are synonymous.

Mr. Lally:

Is this National Veterans Day, the 24th?

Mr. Givens:

Yes.

Mr. Lally:

And it is at our expense too, whatever it costs.

The Chair:

I might add a bit of nostalgia before we vote in the bill, that 36 years ago I joined the United States Marine Corps, Dick, so, this is very touching. When the charter came into effect, I was on an L.S.T. bound from Guam to Pearl Harbor. It took us forty days to get there at five knots an hour. And it was the final gift of the United States Marine Corps, that they decided to give me, they wanted to get rid of me so bad. So that was a historic date.

The Chair:

I very reluctantly am resigning from the Library and Museum Boards, simply because of what has happened in the past week or so when Mr. Caliguiri was called into court for voting favorably on Station Square which I thought everybody was in favor of and found out perhaps that somebody wasn't.

At any rate, it was called a conflict of interest because he is on that Board, and I have to be fair about it, and I think that when he voted he gave that no thought. But according to the Home Rule Charter, we must state which Boards we serve on, and if we vote in

favor of any legislation for those Boards, even though we don't have a vested financial interest, it is considered a conflict of interest. According to this Charter it is grounds for removal. So, rather than getting involved in any haggling of that type when we discuss funds for the Carnegie Library Museum this coming year, or anything else that involves them, I think for my own benefit — and you feel free to do what you want yourselves — and Mike, I wish you would so notify the Museum and Library Boards of that decision.

Mr. Lally:

Isn't this in direct violation of the Charter of the Carnegie Library and Carnegie Museum. I attended a meeting this morning where it stated that the Mayor and the President of Council along with four other members of Council were to sit on the Board — a total of five from the City and four from the County.

The Chair:

I think you missed the point, I am saying that according to the financial statement that we have to file in January, we have to list being members of certain boards. And if we should vote on any legislation which favors those boards, then we are liable for expulsion from office. It states very clearly in the Charter.

Mr. Lally:

Well, how could you pass anything as far as Carnegie Library is concerned, or anywhere else.

The Chair:

I have no idea.

Mr. Stone:

Right, five members of the nine are on that board.

Mr. Lucchino.

So you never have the majority.

The Chair:

I was never a proponent of this, so don't blame me.

Mr. Givens:

I'd say, Mr. President, the intent of the law and everything else in regards to this was in this case, it was a historical landmark. That is not a function of the City Home Rule Charter. The boards and authorities that we are on are, in fact, a part of government itself, and I don't think those boards have to be so noted because they are part of the public record already. It is where you are on a board of authority either non-profit or profit within the confines of this country and world of ours for that matter as much to the City of Pittsburgh, where one has to associate that he is a member of that particular board, which causes financial gain.

The Chair:

With the exception, in the case of Mr. Calliguri, I am almost positive he didn't have a vested interest in the Historic Landmark Society, at the same time he was in danger of being expelled. I think the judge would have to have made that decision if the attorney did not withdraw his charges, it is that serious a matter.

Rather than get involved, technically you may be right, I'm just not going to take that chance. Anybody else can do what they want. It's been my luck all my life, I was the guy that got caught in the middle, and I'm not going to do it again.

Mr. Stone:

Mr. Givens, the historic landmark venture Station Square, is a non-profit venture.

Mr. Givens:

Well, that is it, profit or non-profit, as long as its not within the realm of government, like we have the Port Authority, Parking Authority, Stadium Authority and other authorities that are in conjunction with our government, I don't feel that these have to be reported. Anything over and above that as the Charter so indicates, I think you should make a statement that you are on that board.

The Chair:

Mr. Givens, I have to interrupt you, it is really a point of order, Mr. Perry our Chief Clerk can attest to this. He was called by Mr. Mulvihill, the City Solicitor and Mr. Mulvihill made an implied threat that if Mr. Calliguri was removed from office for voting in favor of legislation for History and Landmarks Society that they would then institute action to remove all of us from office for voting on legislation of the Library and Museum Boards. My Mr. Perry is here, he can verify that threat. So it is that serious a matter.

You are saying one thing and the Law Department over there is saying another thing. I don't put much stock in the City Law Department, but at the same time, this is what he said — if you have any confidence in Mead Mulvihill.

Mr. Givens:

I'll keep my confidence in the meaning of the Home Rule Charter, that any board that is a public board, and want it so mentioned in our budgets and within our deliberations here as one that could not be construed as something outside the perimeter of our own government, city government.

The Chair:

If there is no further discussion on my resignation from those boards, I would like to enter a resolution Mr. Clerk. This is in regards to Section 222 of the Home Rule Charter, Vacancies on Authorities, Boards and Commissions.

Should the Mayor fail to nominate a person to fill any vacancy, however created, on any authority, board or commission within sixty days after an office becomes vacant, council may fill the vacancy unless prohibited by law.

My resolution is that Council fill the vacancy that has been created by the Mayor in regards to the Personnel Appeals Board. This post should have been filled by January 1, it is now October 17, and the Mayor has failed to act. His argument has been that the City Law Department is investigating and trying to determine whether there is a conflict of interest or not, which state laws or regulations.

However, Council saw fit to appoint a member and the City Controller saw fit to do so. We do have a quorum, and the Mayor fails to recognize the quorum, and also fails to do his duty in regards to appointing a member, a third member, so probably if you have any faith at all in the Home Rule Charter, falls under our purview with the sixty day period having passed to make that selection of a third member of the Personnel Appeals Board.

So I am asking for a resolution to that extent if I may have it.

I'm saying simply, Frank, that according to the Charter, 60 days or more. All right, there was really no vacancy other than the post should have been filled by January 1 or shortly thereafter. It is now October and the Mayor hasn't acted, so I feel that it really comes under our jurisdiction to make that appointment.

Mr. Stone:

Don't you want to ask for nominations next Monday?

The Chair:

Well, I want the resolution passed if we have the right to do it Bob.

Mr. Stone:

We should have that already.

Mr. Lucchino:

I think the Charter speaks for itself.

Mr. Lally:

Well, then you are asking for names for nomination for next week.

The Chair:

Yes.

Mr. Stone moved

That the minutes of Council of Tuesday, October 11, 1977 be approved.

Which motion prevailed.

And on motion of Mr. Stone,

Council adjourned.

Also,

Bill No. 3446. Communication from Mayor Caliguiri, submitting the name of Mr. Ben Fischer as a member of the City Development Commission for a term to expire in January, 1980.

Which was read, received and filed.

Also,

Bill No. 3447. Resolution that the appointment by the Mayor of Mr. Ben Fischer of 154 North Bellefield Avenue, be and the same is hereby approved and confirmed as a member of the City Development Commission for a term to expire in January, 1980.

Which was read.

Mr. Stone moved

That the approval of the appointments be held for two weeks.

Mrs. Masloff seconded the motion.

Which motion prevailed.

The Chair:

I would be remiss if I didn't make some remarks in regards to the two latest choices of the Mayor. I think the Ben Fischer choice is a very marvelous one and I'm surprised he would come up with such a good one. The other one, Fletcher Byrom is a member of the Allegheny Conference and the Allegheny Conference as far as I'm concerned, is a bunch of fancy pants who have never done anything for the City of Pittsburgh. It is very reprehensible on the part of the Mayor, this is the Conference that really sponsored him to run for Mayor, and pull the cowardly act he is pulling, and I will never — I will be unalterably opposed to any member of the Allegheny Conference ever serving on any Commission. That is my personal opinion and my personal choice. I just can't understand how the Mayor of the City of Pittsburgh could do such an outrageous thing.

Any further comments on the two choices of the Mayor for the Economic Development Commission.

Mr. Lally moved

That Mr. Lucchino be excused for absence from this meeting.

Which motion prevailed.

Mr. Stone moved

That the Minutes of Council of Monday, October 17, 1977 be approved.

Which motion prevailed.

And on motion of Mr. Stone,

Council adjourned.

A Resolution entitled, "Resolution PROVIDING for an Agreement or Agreements with Allegheny County and its Department of Planning and Development to conduct a postal survey to determine housing vacancies, in an amount not to exceed \$4,000, chargeable to and payable from the 1977 Community Development Block Grant Program Trust Fund, Administration (CD-PA)."

Which was read.

Also,

Bill No. 3428. A Resolution entitled, "Resolution providing for the execution of Contract or Contracts with the Department of Community Affairs for a grant to carry out the transportation portion of the Oakland Planning Study."

Which was read.

The Chair:

Is there any discussion on the bills?

Mr. Stone:

I would like the record to clearly show that on Bill 3428 there will be no personnel from the University of Pittsburgh working on that particular study, so I am told by Mr. Lurcott of City Planning. I might at this point indicate that I am somewhat disturbed about credibility as of late with regard to this matter. I spoke to him last Friday relative to our concern about the already over-intensified condition in the Oakland area, and that there was expressed a desire that the University of Pittsburgh not be permitted under the guise of a study to obtain any additional land within the Oakland area. And in spite of that, he then came out on Monday, (even though he knew on Friday, that he was proposing individuals who are working at Pitt) to do that study, he did not so indicate to me. I've indicated to him again, that we expect, and he represented to me and I hope he sticks by that representation that in this particular Bill — 3428 — no personnel from the University of Pittsburgh will be involved.

In that connection, and with regard to this entire study, I think it should be very clearly stated, as I told him privately, that I as Chairman of Planning, will not approve the use of any personnel of the University of Pittsburgh to work on any study with regard to Oakland. I think it is asinine to say the least, when we have an already intensified area, to have a professor, consultant employee of the University of Pittsburgh who is already there on their payroll, determining what's the best interest of Pitt. It doesn't make sense.

I am also somewhat disturbed as of late, how we can have, as we have now, a drain on the State Treasury for the amount of money to run the University and paying professors full-time governmental dollars while they are able to engage in extracurricular consulting services, such as here, and also getting government dollars. I think that needs a little bit of looking into. I am told that Pitt gets some reimbursement if here is a conflict of time. But in either event, I don't think its proper, I think it certainly should be watched very closely with regard by this Council.

I have indicated to him that if the proposed sub-contract is to anyone dealing with Pitt, then I would move to table that legislation on Wednesday.

Mr. Lally:

Is there not money from the University of Pitt in private money being involved here? Like \$30,000.00 from the University.

Mr. Stone:

Yes.

Mr. Lally:

Then, dont you think that they are there to protect their own monies?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

MOTIONS AND RESOLUTIONS

Mr. Givens:

I just have one comment, which I think is worthy of note, in the Pittsburgh Press issue, the bias is a possibility of stopping of hiring of various city police officers in the grade of sergeants and lieutenants. And the thing that really is to my dismay is, on October 6, our Civil Service Commission had barred the seven or eight women who had been working in our Police Department for some fourteen, fifteen years, in the area of matron and missing persons. Although these people may not carry fire arms, in many cases in many cities throughout the country, these people are considered, and as did our city change the police designation of these women to reflect police officers. And yet, on October the 7th of this year, our Civil Service denied these people the right to be entered into this particular test. Of course, it is being protested through the state, the reason being, one, it is very evident, we do not still have a Civil Service Appeals Board. And I think without this Appeals Board the City of Pittsburgh could face charges against it, and this body here, in the fact that we are not in regulation with that of the Civil Service rules and regulations for a city of the second class by not having an appeals board, otherwise, the people working for the City of Pittsburgh cannot go through their proper judicial procedures in our Civil Service appeals board, and thus had to go the State Judicial System in order to make some amends. And I think its something that is a total disgrace upon the City of Pittsburgh if this thing has dragged on for almost a year.

Mr. Stone:

I'd just like to have the City Clerk call in Superintendent Coll, and Inspector Moore from Number 2. I received some complaints about the lack of police protection in the Hill. The reasons being

that they indicated, they have had some problems up there, they had some wild west day there about a week or so ago, a shooting between two parties right on the main street near our police station. I made a call to Inspector Moore, and also to Superintendent Coll. It wasn't within three days of that, that unfortunately that one of the grocers was killed there, by the name of Stone. I think its about time that we do something about this situation. In my investigation with Mr. Moore, I am told that while they have some beat policemen, those beat policemen are covering Market Square and Point Park, but they are not covering the neighborhood near the station. I think something ought to be seriously done about it. I'd like to have them come in on Wednesday.

The Chair:

Mr. Stone, to that effect, I think that Council ought to pass a Resolution and pass it on to the Mayor's office so that concentrated increased police protection in the Hill, you sort of beat me to a resolution I had in mind, on the same thought. I think truthfully, probably the Hill District is the worst crime area in the City of Pittsburgh, and as we know, it perhaps is 95% black, so naturally the crimes perpetrated and committed are black against black, black men raping black women, and robbing black merchants, and the black citizens in the area. For too long our superintendent has taken the attitude he has written the Hill District off. Now, I have it on good authority from most of the police who work on Centre Avenue, they can believe that there is a complete lack of concern on the part of our Police Superintendent. His attitude towards blacks has never been too good anyway, and up in that area there, they just deplore what he is doing. In regards to the party who was killed on the weekend, I was privy to a conversation about six, seven months ago when this very family begged Steve George and Eric Holmes of the Urban Redevelopment Authority to resettle them in the Hill District, they didn't want to leave the Hill District,

but they were isolated and they wanted to go into a more congested area where they felt a little safer. They were more or less out there all by themselves, and Mr. Stone, God forbid, predicted then and there unless something was done, somebody was gonna get killed, and Mr. Stone, the prophecy came true, was killed just this last weekend.

We have the same problem with Mr. Dicks who has a cleaning shop up there. And many of the black merchants are pleading and begging for help and they are getting none from the Urban Redevelopment Authority and getting no support whatsoever from our lackadaisical Police Superintendent who, as I repeat, couldn't care less about the Hill District, or any black community for that matter. And I think it is reprehensible that he doesn't, and a Resolution should be passed on the Mayor's office, and the concentration of police in that area. Because every morning I pick up the Post Gazette or the Pittsburgh Press and there is some sort of crime, and usually a homicide in that area and everybody thinks takes it lightly, especially Superintendent Coll, and its about time that somebody did something about it.

These are decent respectful human beings up there that have a few who are lousing up that whole area, and that few should be corraled, unless Mr. Coll has no other plans, we're going to have to try to force his hand. That's about the only way you ever get any action out of him anyway. Now your point is very well taken Mr. Stone.

Mr. Stone moved

That the minutes of Council of Monday, October 24, 1977 be approved.

Which motion prevailed.

And on motion of Mr. Stone,

Council adjourned.

Which was read.

The Chair:

Is there any discussion on the bills?

Mr. Givens:

I just have one comment on Bill No. 2978 dealing with the changing of the Zoning Ordinance in the Oakland area from C4 Commercial to R4 Residential — multiple purpose. And this was a certain area of Oakland that they cut out of the commercial area. I would hope that this Council would not piecemeal Oakland or any other district for that matter, especially the Oakland area, until we get a complete study. I think the commercial business people have been squeezed out of the Oakland area. I don't think this particular one right here delves into it, but it is commercial property, is now being zoned residential, which in effect does not give them the opportunity to expand their businesses into that particular area. So, there is a squeeze play between the institutions, the University and the residents, and I'm afraid if the commercial enterprise people are caught in the middle of it,

only point there again is to hope that there is a complete study completed of Oakland as to what is going to be institutional, University, residential and commercial, so once and for all we can have a good zoning district of the Oakland area.

The Chair:

Dick, with one exception. The area you are talking about, the so-called legitimate businesses there haven't really tried to expand to what they've had to be up against was a pornography shop, a pinball arcade, lewd movies and that kind of stuff. They are certainly opposed to it. They've had I don't know how many hearings, and the Zoning Board has turned them down on all occasions and this is what they are scared of. In fact, nobody is stopping these people, they are now continuing their businesses and as far as expanding they had the opportunity down through the years and they never saw fit to do so.

If you are familiar with that area it is not really that much of a commercial area we are talking about. It was always staunchly residential. Forbes Field was the reason it became commercial. They had to make it a commercial area because of the ballpark which no longer exists, so really there is no reason for that area to continue to be commercial. But your point is well taken.

Mr. Stone:

If I may, first of all, on the technical zoning basis, this present re-zoning does fit in with the character of the surrounding zoning character. In addition, there are two, I would like to at least express my voice on behalf of the residents of the Oakland area. I think there should be a deep and concerted concern by this Council on their behalf, because too long, they have been the third group on this totem pole. In the order of Pitt, commercial and then the residents. I think it is time that they get the respect from this Council in that aspect.

Relative to its character before this particular proposed zoning nothing was

happening other than adverse use of the land as it was. If anyone comes through with some major development we can then look at it with another best interest in this community. But I would be the last to sit back and let the residents get pushed again by someone else who got pushed, so to speak. I think it is time that they have their individual rights to the land that they occupied prior to the time of Pitt's great venture over their land.

MOTIONS AND RESOLUTIONS

Mr. Stone presented

Bill No. 3511. WHEREAS, the City of Pittsburgh is made up of people of varying ethnic backgrounds who did build unique and beautiful ethnic churches so that they might, each in their own way, glorify Our Lord; and

WHEREAS, these ethnic churches have collectively given to the City of Pittsburgh a sense of pride, dignity and meaningful difference — truly making Pittsburgh "Someplace Special"; and

WHEREAS, the Saint Josaphat Church located on Pittsburgh's South Side is an ethnic church, which has preserved the customs, traditions and ideals of their Polish ethnic background; and

WHEREAS, the strong religious convictions and ethnic pride of St. Josaphat's has brought a good and wholesome life to its parishioners, the South Side, and the City of Pittsburgh; and

WHEREAS, the dedication, devotion and service of its clergy, nuns, committee and parishioners have individually and collectively been exemplary; and

WHEREAS, the St. Josaphat's Church on the South Side of the City of Pittsburgh will be celebrating its 75th Anniversary, on Sunday, November 13, 1977.

NOW, THEREFORE BE IT RESOLVED

THAT the Mayor and the Members of the Council of the City of Pittsburgh do hereby:

- 1) Acknowledge the good and substantial contributions of the St. Josaphat's Church, not only to its parishioners, but to the South Side and the City of Pittsburgh; and
- 2) Extends its debt of gratitude to St. Josaphat's Church, its clergy, nuns, committee and parishioners, for their individual and collective contributions to the well-being of this City; and
- 3) Extends to the St. Josaphat's Church its warmest regards, good wishes, and congratulations on its 75th Anniversary; and finally
- 4) Extends its hopes and good wishes — for many many years of continued life and services.

Mr. Stone moved for the adoption.

Mr. Lucchino seconded the motion.

Which motion prevailed.

Mr. Lucchino:

There is a gentlemen, a police officer, who has now been assigned to City Council, Officer O'Connor. I am sure that most of the members of Council know him and I just think we ought to welcome him. He is a fine gentleman, and has done a great job for the City of Pittsburgh over the years.

The Chair:

Moss, nice having you.

Mr. Givens:

The police officer is otherwise known as "Moss", alias.

I have something very serious here, I have received several phone calls over the weekend in regards to a possible impropriety in the fact that this past Sunday there was a caravan of vehicles seen driving through the eastern section of the city, that of Homewood Brushton, Highland Park, East Liberty area in the City of Pittsburgh, some fifteen to twenty some vehicles escorted by police motorcycles both front and back, and with literature and paraphernalia of that of the Mayor of the City of Pittsburgh, and the Mayor being observed in one of the vehicles. I called the Superintendent of Police, he had no knowledge of the fact that police vehicles were being used in this particular escort. The call was made by mid-morning, he said he would get right back to me, as of this time prior to our 2:00 session, he did not make any attempt to get in contact with me. It is under further investigation.

The Chair:

Were they littering along the way?

Mr. Givens:

They were apparently escorting the interim Mayor's caravan through the eastern part of the city with police escort, and with political signs and paraphernalia over the various vehicles.

The Chair:

Well, he is taking the risk of getting all the dogs mad at him, he passed the doggie law, and now he's littering the streets. Now, the dogs are just as good as the litter, I think. Mr. Lucchino, wasn't that your bill, the littering bill?

Mr. Lucchino:

Yes.

The Chair:

I think you should take a personal front to that. Can we have the culprit arrested?

Your point is well taken Mr. Givens.

Mr. Stone:

Comment if I may Mr. President. I would like to speak again to that matter relative to the lack of police protection in the Hill District. After refusing to send extra beat policemen to the Hill District, after my personal and I might add, private telephone conversation with Superintendent Coll, and after notice to him of the recent aggravation of conditions in the Hill, and after notice of some wild west encounters, which were surprisingly not further than two blocks from #2 Police Station, and after refusing to add additional police officers even after the daylight shotgun shooting of the grocer Mr. Stone on October 28th until November 2nd of 1977, and after refusing at our hearing on this subject to even acknowledge a need of extra policemen, I noticed in yesterday's newspaper a newspaper account that a new park and walk policy would be instituted. I would be remiss not to say that I am somewhat elated and at least pleased to at least find the first and foremost acknowledgement and recognition that there does in fact exist a problem in the Hill District. This is the first acknowledgement that there was a need, even though all of these major events that happened, and after a passage of three weeks. I would be remiss as well to say if I did not express my feelings that there still exists however, a lack of understanding of the problem, and a genuine desire to act substantially in this issue. Anyone who really knows, whether he be a police officer or a lawyer, or someone concerned with the city,

cannot show any other concentrated area in the City of Pittsburgh than the Hill District as probably being our worst crime area.

I personally believe that there definitely is a shortage in that concentrated area. And if we are to follow what is alleged to be a program in the future, and I might add that there was no date of starting of that, even though we have major problems there. I cannot possibly conceive how we can park a motor vehicle and walk. This might give us extra visibility for the moment, but we then lose the already admitted shortage of vehicle visibility which travels that area and is essential.

I believe the matter of robbing Peter to pay Paul as is attempted here is not certainly within the best interest of the City, and I believe we still have a very serious lack of police protection at #2. But as I indicated, I am gratified to see now, that there is an attempt or at least a recognition that a problem does exist.

The Chair:

It's a little like locking the barn after the horse escaped, but it is better than nothing.

Mr. Lally moved

That the minutes of Council of Monday, October 31, 1977 be approved.

Pittsburgh, Pa.

Monday, November 14, 1977

PRESENT:

Mr. Bulls	Mr. Lally
Mr. Coyne	Mr. Lucchino
Mr. Givens	Mrs. Masloff
	Mr. Stone

ABSENT:

Mr. DePasquale
(Pres't pro tem)

The meeting was opened by the recitation of the pledge of allegiance to the Flag of the United States of America.

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one Nation under God, indivisible, with liberty and justice for all.

In the absence of Mr. DePasquale, Mr. Stone acted as President Pro tem.

The Chair:

I appoint Mr. Bulls and Mrs. Masloff to escort Mayor Caliguiri into Council Chamber for the presentation of his budget message.

The Chair:

I would now like to present for the proposed budget for 1978, The Honorable Richard S. Caliguiri, Mayor of the City of Pittsburgh.

Mayor Caliguiri:

Thank you Bob, Members of Council and friends.

In presenting the 1978 budget today -- my first as Mayor -- I do so with a strong feeling of confidence and optimism in the future of our City.

I realize that my enthusiastic outlook may be in contradiction to that of other major cities where fiscal and administrative stagnation persist.

We too face formidable problems but there is a new spirit being generated in this City that indicates in simple terms that we can and will do something about those problems.

Since I took office last April, I have referred frequently to Pittsburgh being on the move again and the development of a Renaissance II movement.

These were not empty slogans or hollow political rhetoric.

They have been and will continue to be definitive and attainable goals during the next four years.

I firmly believe that a Renaissance II is possible and can be accomplished with the same civic pride and enthusiasm that sparked the urban renewal program 30 years ago.

It will require the forging once again of a cooperative public-private partnership as well as a commitment from every citizen of this City.

During my 21 years of service in city government, I have found that few meaningful programs can be achieved without the confidence, trust and support of the people.

I believe we are in the process of strengthening those bonds between city government and the people which, in essence, is why I believe we can avoid the massive economic and administrative problems prevalent in other cities.

The tax level in Pittsburgh has not increased since 1970 and, to confirm what I had announced several weeks ago -- this budget has been balanced without any increases in taxes or water rates.

However, we dare not delude ourselves into assuming that such fiscal miracles can be worked endlessly.

The economic odds could be stacked against us if we take no immediate steps to broaden our tax base and inflationary costs continue to roll on.

We should be forewarned by budget cost progressions over the past three decades.

In 1960, the City budget was slightly over \$49 million; in 1970 it was \$92 million and the budget I am presenting today is \$147.2 million.

In the 60's the increased costs were absorbed through a multitude of burdensome taxes; in the 70's austerity has proved to be an effective weapon -- involving substantial reductions in personnel and other cost-saving measures plus an influx of federal aid.

Since 1970 alone, many of the basic costs of operating city government have doubled and tripled. The wage-earners and home-owners can readily relate to these increased costs covering the 1970 and 1978 budgets:

Utilities (electricity, natural gas and steam heating) -- \$1.1 million to \$2.6 million; gasoline -- \$228,000 to \$880,000; telephone service -- \$200,000 to \$359,000; street lighting (maintenance and electricity) -- \$1.5 million to \$3.2 million; automotive parts -- \$190,000 to \$600,000 and our pension costs have soared from \$3 million to \$9.2 million in this eight year period.

I mention these only to indicate today's prevailing economic conditions.

I realize fully that they are conditions with which we must cope and live but I can assure you they will not be a deterrent or block our determined efforts to keep this city moving -- to me, it represents only another challenge.

I can assure you that the tight rein on expenditures will continue as well as our efforts to eliminate waste and make the most effective use of tax revenues as possible.

The cornerstones of my administration will be economic development and housing. Our specific goals will be -- as they have been in the past six months -- to revitalize and expand business and industry to create job opportunities and broaden our tax base and to improve living conditions and the quality of life for our people and attract others back to the City.

It is vital to the morale and growth of Pittsburgh that we reverse the high rate of unemployment and that every area of

economic development that can produce jobs of substance and permanence be researched and moved into some productive stage.

The Department of Economic Development has been working with various government agencies and the private sector to coordinate and facilitate the implementation of a number of projects.

Its emphasis is on more diversification so that we are not solely reliant for jobs on basic steel which is experiencing production and lay-off problems throughout the nation. We are also concerned with our neighborhood commercial areas and we are prepared to offer advice and assistance to them.

An example of what can be done here is the Phoenix-Hills Shopping Center which stood partially completed until a few months ago when \$490,000 was provided to complete construction.

Some of the major projects on which the Departments of Economic Development, City Planning and the Urban Redevelopment Authority are working are the Herr's Island industrial park; utilization of Strip District property for commercial and light industry; development of City-based industries to provide materials for the nearby Volkswagen plant and the North Shore, Grant Street East and Penn-Liberty projects.

In addition, an Industrial Loan Program will be instituted to provide businesses with low interest money for expansion and creation of new jobs. An Ombudsman program has been initiated to offer business a one-stop agency for local government advice and assistance.

I recently named a member of the Human Relations Commission staff as coordinator for the City in the area of minority business to insure that they are given fair consideration in bidding on City contracts for goods and services.

One of the most serious aspects of today's unemployment picture affects

our young people. Our Manpower Office is working to implement a number of federally-funded youth employment and training programs to provide jobs for youth 16 to 21 years of age. Among these are the youth conservation and community improvement projects as well as programs to provide year-around student work experiences to school completion and offer a range of employment and training services for those who have dropped out of school.

This past summer the City provided 5,700 federally-funded jobs for college and high school students.

Another project which will have a positive effect on the local economy is the new multi-million dollar light rail mass transit system. In an effort to accelerate some movement in mass transit in the City, I have instructed the Department of City Planning and urged the Port Authority to begin serious work on the spine line system connecting the lower North Side, the Golden Triangle, Oakland and East Liberty. I also requested the Southwestern Pennsylvania Regional Planning Commission to give the highest priority to this proposal in setting its future public transit projects.

It is unfortunate that the 1960's and the 1970's have not brought us the public transportation system which we all hoped could be accomplished when federal and state capital assistance programs were first made available to urban centers.

But the major controversies have now been resolved in regard to the so-called Early Action Program and we may now look ahead with some assurance to the opening of the South Busway in a few weeks and the completion of the East Busway and the Light Rail Vehicle system for the South Hills corridor — which I wholeheartedly endorse.

Our transportation problems are directly related to future economic development. They are obviously regional in scope and as a member of the Southwestern Pennsylvania Regional Planning Commission, I expect to express the

City's views and aspirations with these two vital factors in mind.

Still another positive sign of the private sector's confidence in the City's economic growth is the \$30 million Station Square development which is putting to productive use the old Pittsburgh and Lake Erie Railroad property.

And, of course, this past year has seen the ground-breaking and beginning of construction of the long-delayed Convention Center with the target date for completion set for 1980. The Center will have a positive economic impact on the Pittsburgh area and can be the catalyst for launching Pittsburgh into a decade of progress.

I have urged our state representatives to press for action on legislation which would allow tax assessment incentives for industrial and commercial development in designated City areas. Among the areas that could benefit from this legislation is the site where the Convention Center is being constructed. Current owners or potential developers in this area would have the benefit of a reduced assessment for tax purposes as an incentive to construct new or rehabilitated existing industrial and commercial structures.

These and other major developments have the potential for creating thousands of jobs and providing a substantial shot in the arm for the local economy.

It is vitally important that we learn from the costly lessons of the past and make a concerted cooperative effort to implement those projects that are stalled for various reasons.

Within this budget you will find a first-time compilation of monies we expect to receive from the federal and state government in 1978. The total sum is nearly \$50 million. The major portions are: counter-cyclical (\$7,860,000 and 000); counter-cyclical (\$7,860,000) and Community Development Block Grant funds (\$23,815,000).

In the past several months, I have made periodic trips to Washington in my capacity as Mayor and representing the U. S. Conference of Mayors and the National League of Cities to express our support of programs and legislation that will provide more federal financial help for our cities — seeking our fair share of federal tax revenues that are properly due us.

I have been actively involved on all levels of government in discussions on the mounting problems within the steel industry — offering proposals to alleviate the problems of foreign steel imports, modernization and rehabilitation of steel production facilities and related lay-offs of steel-workers.

I cannot over-emphasize what the economic impact on this City will be if these problems are not resolved.

I intend to use the influence and authority of my office to seek additional federal aid as well as assisting the steel industry and its employees in attaining full production and employment.

As I stated, housing will also receive priority attention in my administration. The movement out of the City must be reversed and the availability of new housing facilities and the rehabilitation of present housing stock is vital to this effort.

The Department of Housing, recently created by Council and staffed during 1977, has established a ten-point program to increase the City's commitments and capabilities in housing. Among its objectives are: to make it easier for private builders to construct new and rehabilitate old houses; to develop effective marketing programs to sell Pittsburgh neighborhoods as good places to live to potential new residents; to protect the sound housing in the City through home repair and maintenance programs; to develop and implement programs to prevent housing abandonment and to rehabilitate or demolish units already abandoned; to develop long range plans for housing that involve the public and private sectors as well as

neighborhood residents and to provide tax assessment incentives for the construction of new homes and the rehabilitation of older homes within the City.

Some of the City's achievements in housing this year and projects for 1978 include —

... moved into the construction stage three new high-rises for the elderly in West Park Court, North Side; Carson Towers, South Side; and Squirrel Hill.

... completion of similar facilities at Three Rivers Plaza, North Side and St. Augustine's, Lawrenceville.

... more than doubled the number of housing construction permits taken out in 1976 — 750 as compared to 373.

... razed some 400 abandoned buildings, 20 percent more than 1976.

... the Department of Housing, URA and the North Side Civic Development Council are making plans for the Great House Sale in the Spring of 1978 to market vacant houses for rehabilitation.

... the Department of Environmental Services completed the winterization of 174 homes since May — three times the number completed in the initial stages of this federally funded program.

... the Home Repair Loan program completed repairs on 315 properties with construction underway on another 300 and an additional 1000 loan requests are being processed. In the past this program has been tied-up in unnecessary red-tape with applications sometimes taking as much as six months to process. Over the Summer, we have improved the time necessary to process an application to three months and I hope to reduce that further to 45 days or less so that everyone interested in rehabilitating a home can do so quickly and efficiently.

While we have placed priority emphasis on economic development and

housing we cannot and have not diminished our efforts to improve other vital municipal services.

Let me review some of this past year's accomplishments and our plans for 1978 —

... the Law Department and Office of Consumer Affairs have saved this community millions of dollars in utility costs in effectively opposing excessive utility rate increases.

... 116 miles of streets were reconstructed and resurfaced — more than double the number in any previous year and a similar effort will be put forth in 1978.

... Public Works conducted nine in-depth and 15 preliminary inspections of city bridges and in 1978 expects to participate in a proposed federal program providing funds for a stepped-up bridge inspection and rehabilitation program. In addition, \$750,000 has been allocated in the Capital budget for bridge repairs during 1978.

... a new Communications Center was installed this year in the Public Safety Building and the 9-1-1 emergency number became operational. In 1978 a new radio and communications system will be installed in the City's fire houses.

... major crime in the City decreased more than 15 percent — double the national average.

... new Senior Citizen Centers opened in Brookline, Beechview, Hazelwood, Greenfield, Perrysville and Homewood and next year additional centers will be opened in Sheraden and Bloomfield.

... the Department of Parks and Recreation initiated special recreation programs for Pittsburgh's exceptional children and with the help of the Pittsburgh Board of Education constructed a playground in Manchester.

... new swimming pools were opened

in St. Clair Village and Highland Park and next year pools will be open in East Hills, Carrick and Homewood while others are under construction in Schenley Park, Banksville, Broadhead and Manchester. Additional pools for the Woods Run/Brighton Heights area, Garfield, Brookline, Paulson, Troy Hill and Westwood will be in the design stage in 1978.

... ground was broken for the Able Long Field in Beechview as well as the Frick Nature Museum.

... a new ball field was opened in Brookline and dedicated to the memory of Danny McGibbeny.

... the Zoological Park Commission has already started Phase 1 of the new Zoo Master Plan involving an underpass under Hill Road, a new Monkey Island and a new Public Service facility.

... the renovation of Market Square was completed to enhance the appearance of that historic area of the City and give an economic lift to its varied business establishments. Next Spring, under the auspices of the Western Pennsylvania Conservancy, painting and facade improvements will be underway in Market Square to further enhance the aesthetic beauty of the area.

During the course of the year, my office and staff and various departments have been involved in some very special community activities which have become an important part of the Pittsburgh scene. Once again we had a very successful July 4 celebration and Garage Sale Downtown. The operation of the Common Market and Flea Market on the North Side continues to receive public support. And this past year, we had our first Great Race — the 10,000 meter marathon.

These are important programs in the City — providing occasions for enjoyment and relaxation and creating unique entertainment and recreational opportunities for everyone.

I intend to continue these activities and to promote greater participation and interest in them throughout the City.

One of my concerns in keeping Pittsburgh on the move is keeping Pittsburgh clean — particularly our highly visible and heavily traveled business districts. We will continue to work with the merchants, the Golden Triangle Association, the Greater Pittsburgh Chamber of Commerce, neighborhood groups and anyone else interested in a clean community. Our Department of Environmental Services has worked diligently and will continue to do so to provide street-cleaning services. However, they cannot do the job alone — it will require some civic-spirited and voluntary cooperation by the entire community.

... this past year I established a Task Force on Energy Conservation and in the 1978 Capital Budget we have appropriated \$50,000 to make a complete study of all government operations and facilities to determine how we can save energy and \$500,000 is available in capital funds to make the actual physical repairs when the study is completed.

... the program to convert present street lights in our neighborhood residential and business districts will be accelerated in 1978 with the inclusion of \$700,000 in Capital Improvement funds. Higher crime areas will receive priority under this program.

... four neighborhood public off-street parking lots were opened — two in Lawrenceville and one each in Garfield and Uptown. Seven others are scheduled next year at a cost of \$2 million.

As I have indicated many of the improvements outlined will be financed wholly or in part with funds from the Capital Budget — which is part of this budget proposal.

The \$73 million Capital Budget program provides for a balanced commitment for the City's neighborhoods as well as its economy. While it is aggressive and innovative, it is also pru-

dent — maintaining last year's level of bond fund commitments of \$12.4 million.

It represents the combined efforts and input of the Department of City Planning and those people throughout the City who attended public hearings in their neighborhoods to express their ideas and specific needs.

Other major capital improvements for 1978 include the general rehabilitation of South Side Park; replacement of the Elizabeth Street and Herron Avenue bridges; a \$350,000 program for major improvements in public facilities to make them fully accessible to the handicapped and the development of a riverfront park that will ultimately extend three miles along the banks of the Monongahela on the City's South Side.

I have only touched upon some of the major accomplishments this year and improvements contemplated for the new year.

Obviously, there is considerable activity in this City — activity that provides a legitimate basis for my optimism for our future.

Included in the 1978 budget are proposals for two new major organizational units — raising the City's nationally-recognized Emergency Medical Service program to departmental status as well as combining the operations of the Civil Service Commission, the Personnel Appeals Board and the Comprehensive Employment and Training Program into a new Department of Personnel and Civil Service Commission.

By the end of the year, the City's paramedic units will have responded to 30,000 calls and have been credited with saving hundreds of lives. The program was expanded in recent months with the addition of four new ambulances and 20 paramedics.

It presently operates with a complement of 118 employees and a fleet of ten ambulances. Two new paramedic

rescue trucks are also included in its life-saving system. Plans for 1978 call for the addition of two new ambulances.

To enable it to function with autonomy and even more effectively, I am proposing that it be established as a department. While most of this \$2.4 million program is federally funded — under CETA — the City now provides some \$750,000 or one-third of the cost.

The proposed Department of Personnel and Civil Service Commission will provide for an upgraded and expanded professional staff to insure the best quality merit personnel system for the City. It would also allow for the establishment of a modern promotional, wage and salary and job analysis system and provide for expanded training, safety and educational programs.

We are presently seeking state and federal grants as well as technical assistance to conduct a comprehensive position and classification analysis in order to eliminate wage and salary inequities.

The last study was made in 1960 and has never been revised.

It should be pointed out that the City is presently functioning with approximately 5000 regular employees — supplemented by personnel hired under federally-funded programs. It appears unlikely that further reductions can be made without being counter-productive and seriously impairing the efficiency of city services.

What we must do — and will do — is strive for greater productivity among our employees, making certain we have properly trained and qualified people for every job. We will continue to seek new techniques and methods to streamline the operations of city government.

As for the General Operations budget itself, as I stated earlier, it calls for expenditures in 1978 of \$147.2 million — \$13.4 million higher than in 1977.

The increase in attributed to \$8.4 mil-

lion for increases in employee wages, salaries and fringe benefits, a \$2 million increase in the City's debt service and \$3 million in other operational and mandated costs including utilities, equipment and supplies.

We are still in the process of negotiating contracts with several employee groups, including the refuse workers, the recreation employees and the first level blue collar supervisors. Other major collective bargaining agreements have been signed and last week the police arbitration award was handed down. A tentative two-year agreement has been reached with the Pittsburgh Joint Collective Bargaining Committee covering all blue-collar employees.

In addition, the budget provides a six percent cost of living increase for those employees not covered by collective bargaining agreements and a dental program for all employees.

To balance the 1978 budget, we will use a General and Water Fund surplus of approximately \$7.9 million and anticipated revenue collections of \$139.3 million producing \$147.2 million in available funds.

During more than 20 years in city government, I have participated in the budget making process in various capacities — supervisory, administrative and as a member of City Council.

This is my first budget as Mayor — a budget for which I must assume ultimate responsibility.

I view it as a tremendous responsibility as well as a challenge and for these reasons it has been prepared with considerable care and concern.

We are dealing with the hard-earned tax dollars of the people — their investment in the future of their families, their neighborhoods and the City itself.

I can assure the people of Pittsburgh that their investment will be used as they wish it to be used — to provide the

most efficient and effective municipal services and programs possible.

We are fast approaching the decade of the 80's and if we are to make that an era of economic and physical accomplishment in this City the motivating human, social, cultural and financial resources must be marshaled now — and I intend to marshal them.

I ask members of City Council and the people of Pittsburgh to work with me in my efforts to provide a better life for all of us in the years ahead and to keep Pittsburgh truly on the move.

The Chair:

Thank you Mayor Caliguiri.

We would like all department heads and executive directors to be in at our Wednesday meeting for instructions from City Council as to what we expect relative to the budget.

Relative to all parties assembled and others, hearings on the Operating Budget, the Capital Budget and the Community Development Budget will commence the week of November 21, 1977.

I will entertain a motion to recess for 5 minutes.

Mr. Lally:

So moved.

Which motion prevailed

And Council recessed.

And the time of recess having expired, Council reconvened with their regular order of business.

This payment to be chargeable to and payable from Code Account No. 1063, Miscellaneous Services, Department of City Treasurer."

Which was read.

Mr. Givens:

I just have one point, Mr. President on Bill No. 3497, that is dealing with the identification, plastic laminated cards, something that Sophie had brought up in the Mayor's meeting on Monday morning. That it would be advisable for all members of Council and the Council staff to get these Pittsburgh identification cards.

I could see one purpose in these, if there is any strife within the City of Pittsburgh wherein we would have to come in to the downtown area when it would be sealed off, possibly in a riot situation, or anything, in order for us to get into conduct our city type business, this might be the exact type of card we would need in order to get in.

I am sure they all know our good faces, but I think it would be a good idea to make this recommendation.

MOTIONS AND RESOLUTIONS

Mr. Givens presented:

Bill No. 3588. WHEREAS, on November 16, 1977, Elmer Paracca officially submitted his notification of retirement from the Pittsburgh City Police Department; and

WHEREAS, Elmer has served as a Pittsburgh Police Officer for thirty-three years; and

WHEREAS, ten of those thirty-three years have been rendered as Sergeant at Arms for Pittsburgh City Council; and

WHEREAS, throughout his career Elmer has received numerous commendations for outstanding service to the citizens of Pittsburgh.

NOW, THEREFORE

BE IT RESOLVED, that the Mayor and the Members of Council of the City of Pittsburgh do hereby recognize and applaud Elmer Paracca for his thirty-three years of distinguished police service to the Citizens of Pittsburgh, including his ten years as Sergeant at Arms for City Council and wish Elmer a rich and happy retirement.

Which was read.

Mr. Lally moved

The adoption of the resolution.

Mr. Stone seconded the motion.

Which motion prevailed.

Mr. Lucchino:

Mr. President, one of the programs that City Council justifiably has taken

a lot of credit for and one of the things that we are all proudest of is the Emergency Medical Service Program. I've gotten a few complaints, and on inquiry, I find out that there has been some problem when people call in the new 911 number, of asking for some emergency medical service, they have been incorrectly told that Emergency Medical Service does not respond to the particular call they have, when, as a matter of fact it is supposed to, and would, if they would call Emergency Medical Service. Some of the examples were that people injured in an automobile accident, called 911, and were asked the question, "are they obstructing traffic?" Well, the issue isn't whether the injured person is lying in the street obstructing traffic, but are they injured and should they respond.

Mr. Cannon at the Emergency Medical Services advises me that absolutely that is the case to which they would respond, and that they shouldn't be asked, "is the injured person obstructing traffic?" And, I am told that this is not an isolated incident, that this has occurred on numerous occasions. One where a person had a sickle cell crisis in the house and they called the Emergency Medical Service, 911, and they were told that Emergency Medical Service did not respond to that by the operator, when as a matter of fact, Emergency Medical Service does respond to that.

And, apparently, there is some problem in the communication area down at the Public Safety Building. I think that before we get ourselves to a situation where we are going to really have a catastrophe where someone is severely injured or dies as a result of failure to respond by some operator who answers the phone. I think that it may be helpful if we could get Mr. Cannon, Chief Kennelly, because I am told that some fire calls have come in and they've incorrectly sent out a police vehicle first to see if the place is on fire before they sent the fire vehicle out. This is not something that we as Council are at odds with the Administration about because I understand that the Administration is trying to do something about this too, to get it straightened out, but it seems that maybe there is just a

little too much bureaucracy here. So if we could bring Mr. Cannon, Chief Kennelly and Superintendent Coll in, perhaps we can help get to the bottom of whatever problem there is there.

Mr. Stone:

Don't you need somebody from Communications, Frank?

Mr. Lucchino:

Well, I don't know if that comes under Superintendent Mills, or I just assumed that if Superintendent Coll was coming, I'd have no objection if you know who he might bring from Communications.

Mr. Stone:

You would want whoever is handling Communications, though, because that is really where the problem is, not the system.

Mr. Lucchino:

Well, maybe we could have Superintendent Coll, if Mike would ask him who he would bring who is in charge of communications.

The Chair:

That is a good point, whoever is in charge of Communications.

Mr. Lucchino:

Because I think that's where the problem is.

The Chair:

The only problem with that Frank, no matter who you have down there, if they don't use the proper discretion, you know, that could happen time and time again. You tell them what they have to do and whether it is an emergency, but you get some inexperienced person down

there, like you say, saying that sickle cell is something we don't respond to, and the person could die before they get there.

Mr. Lucchino:

And people have said they've been placed on hold, and you know, they are calling an emergency number and they get placed on hold, and they end up getting disconnected. Perhaps there is going to have to be some greater supervision, or something down there. I think we ought to inquire and see where we stand.

The Chair:

Sure, you expand that to include the person who is in charge of communications.

Mr. Givens:

If I can, Mr. President, I've been working with the Fire Alarm people and the Communications people also. People are now using the 911 system for fires as you have indicated, and when you call into that you are going into our Communications Center and that information is taken down and then relayed to our Fire Alarm. The Fire Alarm is the unit that sends all the fire companies out, etc. In some cases, again, as Frank has indicated, there has been some misinformation with numbers, etc., and we've had some fire companies going to false addresses that were incorrectly taken down. I want some type of a set up where if it was for fire that the communicators down there could arbitrarily just flip a switch and it would be a hot line to the Fire Alarm section in this building so that they could get direct communication with the people. This way it would cut out, so to speak, that middle man. I think any time you get communications in a volume of calls, up to almost 230,000 police calls down there right now, to give you an idea, and it is a human error, I think, that we are looking at here, and this is one area that I've been working and on that communications with the communicators down there and the Fire Alarm System,

because it has happened, to get a hot line put in.

The Chair:

That's true, we always have that terrible problem, false alarms, I don't know what the answer would be as long as we have nuts out there that think nothing of it to pull it, and if you took the time in checking to see if it is really a fire, as Mr. Lucchino said, by the time you got there, the building or person could be burnt to death, and you have to take that chance, and there is always that risk that somebody might pull a false alarm. I don't know what you could do to get around it.

Mr. Givens:

Mr. President, I just have one more un-related subject. This had to do with the Primary, Council asking the Mayor's Office and Kenny Fields to send over the binding arbitration agreement that apparently was signed on the ninth of November, 1977, with the Fraternal Order of Police, Fort Pitt Lodge #1, and I would like to bring to the fellow Council members attention, in that agreement on Section 4 under Management, paragraph 8 reads as such:

The City, through the Superintendent of Police shall have the exclusive right to manage, administrate, and supervise the employers including the right to schedule and assign work transfer, and the sole and exclusive right to determine the size and the organization of the Police Department including the discretion of determining vacancies and to fill vacancies in accordance with the needs of the Department, and the public safety as determined by the Superintendent and the Mayor.

And of course, this is in contradiction again, with Council's feeling, and the Home Rule Charter that this is a joint responsibility. I had asked the City Clerk to check to see if there is going to be any kind of bill or communication being sent forward in regards to this binding arbitration agreement wherein Council can receive that communication,

wherein we can put an amendment to this binding arbitration agreement. If that is not so, then I would like to make it a part of the record that we use the same terminology that we used in the Fire Department and make that an amendment to this binding arbitration agreement. All we are doing is amending it with the same language and keeping with the same tone that we have had previously on any agreement that becomes before this Council that we are shut out of our due process as being legislators and Councilmembers representing the people of the City of Pittsburgh, it is a dual responsibility not of that only of the Superintendent of Police, etc.

Mr. Lally:

I agree with what you are saying there, but I don't see how we can change this when it is a binding arbitration award and add to the management right clause, and that is what you have there, and the managements right clause has been in the contract for a number of years. Now, whether you can add to it, I don't think you can.

The Chair:

These are terms that both parties have agreed to.

Mr. Lally:

Right, if it was terms that were agreed to by both parties, then I don't know what you could do.

Mr. Givens:

I have to agree Jim, that this has been being done for a number of years, but the new Home Rule Charter became effective on one January, or the first Monday of January, 1976, changed that rule, that they would add one more sentence.

The Chair:

Dick, the Home Rule Charter changed

a lot of rules, but nobody is paying attention to it, it's not even good for wallpaper according to some of the people who are access to it. The past Mayor didn't care about it, didn't honor it, your present Mayor doesn't honor it, and you know, why should anybody else honor it?

Mr. Lally:

Well, it might have changed the rules, but the fact remains when it went to binding arbitration, the author's decision is final and binding and that would have to be what I would take as the content.

Mr. Stone:

I don't think he is addressing it properly, but he is on the right track, what he is saying that is as far as the contract between those two parties who are participants in it, that that's the rights, and rules and regulations for them, and obligations. But, what he is pointing to, and I think there should be something on record aside from that agreement which says that anything in that agreement contrary to the Home Rule Charter, and abridging the rights of City Council are not recognized as having any standing here, and I think he is accurate there. Because two parties cannot meet and collectively bargain to cut off and erode the rights of the third party who is not a participant in that action.

The Chair:

Bob, we had problems similar to that three or four months ago, and to tell you the truth, I was made to look a little foolish, it wouldn't be the first time. It had to do with an ordinance that City Council passed approximately three years where no longer could a supervisor at his discretion demand a sick slip from an employee unless they were off three days or more. Under the old set up, for one day to three, the Supervisor could ask for a doctor's slip before he would okay that man to pay him. But we passed the ordinance, and

it was mandatory that three days must have elapsed before the employee must come up with a doctor's slip and an affidavit.

Two employees came in and told me they were off one day and they were docked, to put it bluntly, and I then called and talked to a fellow whose name I think, was Juran, and accused him of violating the ordinance, and he said that the ordinance, notwithstanding, there was an agreement, a collective bargaining agreement with the labor committee that gave them that exclusive right, and Mr. Cannon verified it and said, I wouldn't get into it too deep if I were you, because you will find that you are wrong. And when I checked with the bargaining committee, they told me the same thing. And in effect, they had sold Council and the members down the river as far as I was concerned.

But apparently the ordinance wasn't worth the paper it was written on, once both parties had agreed, and it stands that way now, its still at the discretion of the supervisor according to the agreement they signed, and it is similar to what you are talking about here Dick. I don't know how you can get around it.

Mr. Lally:

Its in the new agreement that they just got finished negotiating.

The Chair:

We're just going to look foolish even disputing it.

Mr. Lally:

I tried to tell these fellows that, and they said well its in there and we're going to go along with it. Now it is being voted by the members, I don't know whether it will pass or not.

The Chair:

In your experience, they have to get

the members ratification, and strangely or tragically a lot of members don't show up at the meeting and they get it through, and that's it, it becomes a law.

Mr. Stone:

Well, he is accuarte in the one point, Jeep, I don't think that two parties, namely the Police and the Administration, can agree to meet and then abrogate the powers that are vested in Council, and that is the point that I think he is making.

If they agree that you're not going to have any different manpower, and we set the manpower, then it seems to me we have prior rights as provided for in the Home Rule Charter.

Mr. Givens:

I would like to have the City Clerk check on that to see if there is any communication going to come up on this if this is what we are going to receive, if not then I would like to introduce that amendment at this Wednesday's session, to just put an amendment over top of this.

Mr. President, if the City Clerk could introduce this into legislation right here before we go into dismissal, this way we can then waive rule VIII of City Council and talk about it at the Wednesday session.

Mr. Stone:

Why don't you hold it a week. This may create a problem.

Mr. Givens:

Okay, let's hold this and have the City Clerk check out what I asked him.

Mr. Stone:

As Finance Chairman, I would like to call everyone's attention to the fact that tomorrow morning at 10:00 o'clock sharp,

we will open Budget considerations and deliberations relative to the 1978 Budget as all of you will recall, however, encompassed in this hearing, will be first of all, a review of 1977 and prior years so that we are taking stock and from then on go into 1978.

But, we would like all of you to adhere to the schedule as sharply as possible so that we can move on it.

The Chair:

Mr. Stone, you made a point the other day, and a good one, that we would review the '77 Budget and then the '78 Budget. I realize what you were leading, but apparently some people haven't grasped the message. It is surprising how many people in the City of Pittsburgh don't realize that the Budget is Council's and not the Mayor's, that the Mayor makes a proposal which we then look at and you might in effect say tear apart, and then hand back to him to sign, and if he doesn't sign it, it becomes a law within ten days, and if he does sign it, it is law, and if he vetoes it, we have the right to over-ride the veto. And as I've been saying till I'm blue in the face, that if it is a good budget, it is our budget, and if it is a bad budget it is our budget.

But for some reason or other, the public doesn't seem to know that and no one seems to care to try to get the message across. And it just frustrates me

sometimes to have to go through this with people who should know this, who are paying the taxes of the City of Pittsburgh, and are not aware of this. They are under the impression that it is the Mayor's Budget, and that is so far from the truth.

I received a phone call last night, a woman who wouldn't give her name, as they usually won't, she was very put out with the way I conduct a meeting, and especially so, when I say in a very pompous manner, "so be it". I don't ever remember saying "so be it" in my life, has anyone else ever heard me say it? I said, "are you sure you are going to the right meetings?" She said, "don't tell me, I see you up there saying so be it."

Well, so be it, we will ask for approval of the minutes.

Mr. Stone moved

That the minutes of Monday, November 7, 1977 and Monday, November 14, 1977 be approved.

Which motion prevailed.

And on motion of Mr. Lally

Council adjourned.

UNFINISHED BUSINESS

The Chair presented

Bill No. 3445. Resolution that the appointment by the Mayor of Mr. Fletcher Byrom of Chatham Center Towers be and the same is hereby approved and confirmed as a member of the City Development Commission for a term to expire in January, 1981.

Which was read.

Mr. Stone moved

The adoption of the resolution.

Mr. Lally

Seconded the motion.

The Chair:

I made some remarks about Mr. Fletcher Byrom and the Allegheny Conference which I will not take back in regard to the Allegheny Conference, but Fletcher Byrom himself is an innocent victim as I should have realized at the time, and shouldn't have made the remarks about him personally.

I have no love for the Allegheny Conference and I don't care who knows it, and I stated my reasons why at the time. However, Fletcher Byrom's record seems to be an impeccable one, and I've had several calls from people who have interceded in his behalf. At this time I see no reason not to vote aye in favor of Mr. Fletcher Byrom.

Is there any further discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeable to law, and were:

Ayes:

Mr. Bulls
Mr. Coyne
Mr. Givens
Mr. Lally

Mr. Lucchino
Mrs. Masloff
Mr. Stone
Mr. DePasquale
(Pres't pro tem)

Ayes 8 Noes none

And a majority of the votes of Council being in the affirmative, the appointment was approved.

Which was read.

The Chair:

Is there any discussion on the bill?

Mr. Givens:

Mr. Chairman, I think we were supposed to get edification on Bill No. 3513, which is the addressing of the Frank Curto Drive, as to whether or not that was legally binding. Do we receive anything from the Solicitor on that?

Mr. Stone:

Dick, I think that was if they found any problems, they were to come back on that.

Mr. Givens:

If they found any problems they were to come back.

Mr. Stone:

Yes, we gave them until today, if there was a problem.

Mr. Givens:

Apparantly there was no problem then, right? I thought they were going to give us something in writing to the effect that there were no problems, as of now we have nothing in writing. I don't want to hold it back, but there was a question that was brought up in last Wednesday's discussion.

Mr. Stone:

You're right, she indicated that she had done it. We said between Wednesday and today, look at it again, if you have any problems, come back and we can straighten it out. That was how we ended it more or less.

The Chair:

What was the problem?

Mr. Stone:

Whether under the trust agreement relative to the park there that we can change the name of the street is what I think it was.

Mr. Givens:

I have no further questions.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes 8 Noes none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

The Chair:

Before I get into Motions and Resolutions, I don't know if everybody on Council and the staff and the media, for that matter, are aware of the fact that

our Assistant Chief Clerk, Billy McCray's brother has passed away and is laid out at West Funeral Home and will be buried tomorrow at 1:00. There will be a visitation I believe until 4:00 this afternoon, and this evening. Anybody who would like to pay their respects it is West Funeral Home on Wylie Avenue.

Mr. Lally:

You said Bill's brother.

Mr. Stone:

Bill McCray.

The Chair:

Apparently he died in Chicago about a week ago, and they sent him back a couple of days ago, and he is to be buried here tomorrow.

MOTIONS AND RESOLUTIONS

The Chair:

There being no motions or resolutions and no absent members to excuse, Mr. Stone will you make a motion to adjourn.

Mr. Stone:

Before you do that, we have a meeting this afternoon of all members of Council in the Conference Room.

The Chair:

I'm sorry. Mr. Lucchino reminded me that we must approve the minutes of the past meeting.

Mr. Lucchino moved

That the Minutes of Council of Monday, November 21, 1977 be approved.

Which motion prevailed.

And on motion of Mr. Stone,

Council adjourned.

ABSENT:

Mr. Givens

The meeting was opened by the recitation of the pledge of allegiance to the Flag of the United States of America.

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one Nation under God, indivisible, with liberty and justice for all.

The Chair:

First of all, I would like to apologize for the bad weather. I get blamed for everything else, I may as well get blamed for that.

Ladies and gentlemen, in the audience today we have some distinguished guests, students from the University of Nigeria. They are staying at the University of Pittsburgh, and I understand they are here to observe our government and how it works. I hope it is satisfactory to them.

Gentlemen, I don't see any ladies out there, welcome, nice to see you.

UNFINISHED BUSINESS

The Chair presented

Bill No. 3209. Resolution confirming the appointment of Donald Turner as a Police Magistrate in the City Court for a term to expire in December, 1979.

Which was read.

Mr. Stone moved for approval.

Mr. Lucchino seconded the motion.

The Chair:

Is there any discussion on the bill?

Mr. Bulls:

I'd like to say that I think that Mr. Turner is a qualified attorney and I think that he will make an excellent Magistrate, and I vote aye.

The Chair:

I feel apropos as to having been opposed to Donald Turner in the past, and my reasons have been recorded, and they are well known, however, nothing personal was ever intended, and I never try to jeopardize a young person's future. However, I intend to vote aye, but I would like to state that we do have a Supreme Court decision, State Supreme Court decision pending in regards to the legality of Judge Flaherty's decision that the City Court is operating illegally. If that decision is upheld, then the question is moot because we will not have a City Court as we know it now, and the Magistrate serving will no longer serve.

So there is a possibility of this gentleman serving only for the next few months, but that shouldn't hinder our voting in favor of him.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Bulls	Mrs. Masloff
Mr. Coyne	Mr. Stone
Mr. Lally	Mr. DePasquale
Mr. Lucchino	(Pres't pro tem)

Ayes 7 Noes none

And a majority of the votes of Council being in the affirmative, the appointment was approved.

MOTIONS AND RESOLUTIONS

The Chair presented

Bill No. 3674. WHEREAS, the people of the City of Pittsburgh are the children and grandchildren of the escaped victims of European oppression; and,

WHEREAS, this oppression has not ceased to this very day; and

WHEREAS, the voices of the Pittsburghers can now be heard throughout the world,

NOW, THEREFORE

BE IT RESOLVED that the Council of the City of Pittsburgh go on record as joining in the plea of human rights for all people throughout the world, and especially on December 7, for the Jews of the Soviet Union.

Which was read.

Mr. Lally moved for the adoption of the Resolution.

Which motion prevailed.

The Chair:

I believe there is somebody in the audience from that organization who would like a copy of that resolution. At the conclusion of the meeting they can see the Clerk and pick up a copy of the resolution.

Mr. Stone:

Mr. President, if I may, I think you are aware that this City Council has become increasingly disturbed as well as Public Works, with the Public Utilities

who have either dug into our streets and shut them off without a permit, or have abused the use of that particular permit. This came to a head this past week when we asked that Public Works start filing charges against those utilities in violation. Since that time we have gotten some response to it, and I think that we may have solved the problem.

Just recently someone from Equitable Gas was in and met with Mr. Lally and with Mr. Gaetano of Public Works. I received a call from Bell Telephone this morning relative to the blockade of Hooper Street, and they have indicated that they have no defense, and will offer no defense other than they should have had a permit and didn't. We've been told that in the future we will get more cooperation along these lines.

I am gratified to see that they'd like to cooperate.

The Chair:

I'm glad to see that you got some results Mr. Stone.

Mr. Lally:

Mr. President, what Mr. Stone has said is right, and we did meet with Mr. Calloway on Friday afternoon, from Equitable Gas, Mr. Gaetano and myself. They are coordinating Fifth Avenue, there is an emergency there, but everything is an emergency with these guys. The gas line from Shady to Highland is in bad shape. There is no question about it and they are afraid using jackhammers and heavy equipment that this gas line

could rupture. What they have asked to do here is to go ahead and replace that gas line — that is a main distribution line for the City of Pittsburgh, almost, coming from the East Side of the City.

Along with Mr. Gaetano, they are coordinating that work together, their permits have been restored and they are now going ahead with the gas line which is important right now. I think that the little action we took here brought it all through. Thank you.

Mr. Stone:

Just a reminder, we will continue with the Capital Budget, and CD right after this meeting. We would like everyone to participate quickly, so we can finish it hopefully within forty-five minutes.

Mr. Stone moved

That Mr. Givens be excused for absence from this meeting.

Which motion prevailed.

Mr. Lally moved

That the Minutes of Council of Monday, November 28, 1977 be approved.

Which motion prevailed.

And on motion of Mr. Stone,

Council adjourned.

MOTIONS AND RESOLUTIONS

Mr. Lally:

I have a question and I don't know whether you can answer it, but I was under the impression the other day when Michelle Cunko was here in regards to the Civil Service examination from plant operators.

Now, the man that got up in the back of the room said he was 59 years of age — I think his name was Mr. Johnson. Anyhow, this fellow did receive a notice that the plant operator examination will be administered at 8:30 a.m. on Wednesday, December 14, 1977 and to please report to Room 410, City-County Building.

My question is how can you give an examination for a job that doesn't even exist in the budget for 1977?

Mr. Stone:

Jim, the problem as it is presently, the Mayor budgeted for that position

and while we are to do something with it they have to comply with their time-tables but when we resolve the problem that has to be adjusted. We agreed that we would keep those same positions so there is really no vacancy but they may have to do that in order to comply with the first of the year operations if we put it in.

Mr. Lally:

I left here with the impression that Civil Service was giving a test for a position that doesn't even exist.

Mr. Stone:

They also said that they would wait for us and that was Thursday.

Mr. Lally:

That was a meeting with the Department of Water, yes.

The Chair:

Are we saying that the test for the job isn't in the budget?

Mr. Lally:

It says the examination for the plant operators and that is not in the 1977 Budget and this is the year 1977.

Mr. Stone:

Unless we take it out of the Mayor's Budget it is there, but we are taking it out anyway.

Mr. Bulls:

What advice would you give to the guys who are working in the job right now?

Mr. Stone:

I told Jim to check with me.

Mr. Lally:

I just wanted to get it on record but my question was, she was to meet on Thursday and this is dated December 8, which was last Thursday, correct?

Mr. Stone:

That is accurate. She told me after the meeting that she would wait until after we were done with them.

The Chair:

Speaking of that situation, isn't there another situation that exists now where they are giving tests now for the present position they hold? Suppose they fail, what happens to the people then?

Mr. Lally:

They are finished.

Mr. Stone:

They are not giving a test for it now. What they did was — they opened those five positions and regardless of whether they were doing it now, they still had to take the test. If they failed they couldn't go back to the job and we would eliminate that position. Now, it is a question of whether the individual will go to another position but the position itself stays the same.

Mr. Lucchino:

The big problem with that, if we maintain the old title that is in the budget, what will we have for them to do if they are going to convert into the new system? Because nobody in the Administration earlier this year advised the operating engineers that this thing was coming and I am sure they knew about this a year ago and they didn't advise Mr. Coyne and Mr. Bulls to see what was coming in the future and I think they should have been kinder to these people and let them know a long time ago, but if we keep it in the budget, are we still

going to win the battle? What will we give them to do?

Mr. Stone:

We will pick it up there. All of us agree that it is a matter of who it is carried out.

Mr. Lally:

Okay, Bob.

Mr. Stone:

You will find out where we are.

Mr. Lucchino:

What would be the possibility of us passing some kind of resolution asking them to postpone the test?

Mr. Lally:

This would be the proper thing to do.

Mr. Stone:

In fairness, I don't know whether some of the letters went out before our meeting or not but I think we ought to find out what the facts are. Kenny (Fields) indicated that he would straighten it out. Let's find out where we are and if we still have time to do it. As Finance Chairman I am saying that everybody wants to save that job.

Mr. Lally:

This was dated the Eighth of December.

Mr. Stone:

It may have gone out before we met.

Mr. Lally:

The 14th is Wednesday and that is

pretty close and if we don't have an answer, what are we going to do?

Mr. Stone:

If we can resolve it today, fine; if not, we will bring it in Wednesday.

Mike, bring her up after today's meeting.

Mr. Lally:

We will hold this.

Mr. Lucchino:

Mrs. Masloff's tenure on Council has had an unblemished record for having all her bills passed without any dissenting votes. Since this is the last time I will ever have a chance to vote on one of her bills — I intend to vote no on her bill for no good reason.

Mr. Depasquale:

Why not be consistent and vote it down?

Mr. Lally:

Since this is Mr. Lucchino's last vote, I will vote with him.

Mr. Stone:

I don't want to break a perfectly good record, for good reasons; yes.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 3659. A Resolution entitled, "Resolution PROVIDING for the filing of an application by the City of Pittsburgh with the U. S. Department of Housing and Urban Development for a

grant in connection with the 1978 Community Development Block Grant Program; providing for the execution of Grant Contracts and for the filing of other data; approving the 1978 Community Development Block Grant Program providing for required assurances; providing for execution of payment vouchers on Letter of Credit and for certification of authorized signatures; creating a Special Trust Fund in connection with the Project; providing for the deposit of the funds in a bank account; and providing for payment of expenses, within categories."

(As amended in Committee)

Which was read.

Mr. Stone:

On Bill No. 3659, if I may, relative to the filing of application by the City of Pittsburgh with the United States Department of Housing and Urban Development for a grant relative to the 1978 Community Block Grant Program — just a couple of comments.

First of all, we were to get \$23,715,-000.00, reduced by \$740,000.00, and as a result, all of the figures were reductions accordingly and proportionately to allot for that reduction of \$740,000.00 from the United States government — in addition thereto, there were two changes made, and they are in the area of the Home Repair Loan Program, a reduction, and also a Landlord Repair Loan, a reduction. As represented to us by the Director, they are still using some 1977 monies and would not be able to gear up quite yet on those two anyway and the monies were transferred to City Council's Unspecified Local Option and Contingency Fund where it would find more useful needs based on priority.

I have presently before me two pages of line-by-line directions. I have asked the City Clerk to prepare an exact status copy of what the actual figures should be, and if there is anyone who would like to have a photocopy, I will be willing to supply it to you. But, I would then like to move that the copy be in-

serted with all the correct figures rather than going line-by-line item for change.

Mr. Lucchino:

I second the motion.

Mr. DePasquale:

Any further discussion?

Mr. Givens:

The money for this particular fund, is it to be deposited? According to Page 5 it is to be deposited in Pittsburgh National Bank. Is this money we are talking about \$23 million or what?

Mr. Stone:

As received, it is put into depository.

Mr. Lucchino:

It is just a letter of credit. Mr. Reichstein would be better able to explain. May we hear from him?

Mr. Reichstein:

We get a letter of credit for \$23 million. We don't draw down \$23 million. As we need the money, we draw it down. Say we need \$1,000.00. So drawn, it goes into the Pittsburgh National Bank for about three days and then immediately taken out of that bank and sent to whomever we are sending the money to, whatever project. It doesn't grow interest or anything.

Mr. Givens:

What's the interest?

Mr. Stone:

It doesn't apply here. It is only a conduit account.

Mr. Lucchino:

They hold the money until we need it.

Mr. Givens:

They just take administrative costs out?

Mr. Reichstein:

No — very little at all. It is just a pass-through.

Mr. Lucchino:

It's a checking account, not savings.

Mr. Givens:

They don't charge any administrative costs?

Mr. Stone:

There are other benefits from other funds.

The motion prevailed.

REPORTS OF COMMITTEES

Mr. Stone presented

No. 3768. Report of the Committee on Finance for December 21, 1977, transmitting sundry resolutions and one ordinance to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 3347. An Ordinance entitled, "An Ordinance prescribing procedures for the exercise of the powers and the duties of community advisory boards."

Which was read.

The Chair:

Is there any discussion on the bill?

Mr. Stone:

I would like my remarks from Wednesday's meeting to be incorporated here:

"Relative to Bill 3347 and more specifically to Section 2 (A) (3), "Council may dissolve a particular Community Advisory Board, and repeal its implementation Ordinance, only upon receipt of a valid initiative petition from that district."

"I believe that Council should have and should maintain the authority with cause, to dissolve a particular Community Advisory Board, and not be limited to "only upon receipt of a valid initiative petition from that district".

"I believe that Council's power to designate, carries with it the power to un-designate.

"Assuming a district has slipped to the point that it is no longer effective but the local advisory board still wants to maintain itself, and does not request

a "valid initiative petition", then, as it is, this Council would be powerless. I don't think that this Council could say that it can't — when it can and it should! That is the reason that I have suggested and you have agreed, to amend Section 2 (A) (3) to exclude the word "ONLY", and — permit another way, to dissolve a district, namely, upon the receipt of a valid initiative petition from that district."

The Chair:

Is there any other discussion on the bills?

And on the question, "Shall the bill pass finally?"

The Chair:

Is there any discussion on the bill?

Mr. Stone:

I request that my remarks as made at last Wednesday's meeting be incorporated in lieu of my present repetition of the same.

"Relative to Bill 3427 I would like to register my objection to this particular bill for the following reasons: there is a glaring conflict of interest involved in this matter, and the sensitive background involved in the Oakland area between the parties involved here. In the past the University of Pittsburgh has been feared both, by the Oakland commercial district as well as the Oakland residential district. This is due in large measure, because the University of Pittsburgh by its unilateral actions and maneuvers, some broaching and bordering that of being malicious, has caused the Oakland commercial district to end up combating the Oakland residential district, as to who or how they shall share the balance of the Oakland area — not taken or spoken for by the University of Pittsburgh.

"This, in my estimation, is a glaring red flag to all!

"In spite of this, we are still asking the University of Pittsburgh personnel to determine a traffic study — not only affecting the traffic problems of the University of Pittsburgh but also the traffic problems of the Oakland commercial and Oakland residential districts which are and could be in further conflict.

"I therefore consider it wrong to have Pitt or Pitt personnel do the study!

"Worse yet, this consultant is an employee of the University of Pittsburgh, and under their authority; in fact, this consultant/Pitt employee, is required to pay back some of the fees earned in this study to the University of Pittsburgh.

"In the event of any forthcoming con-

flict involving Pitt, on the one side and the Oakland commercial and residential districts on the other side, how could this consultant, go against his own interest, and favor anyone — but the University of Pittsburgh — his employer.

I foresee, before the study begins — that we shall have a problem. I cannot and will not, sit by without speaking out and predicting what I foresee will happen.

"Therefore my vote is no on Bill 3427 involving the Oakland Traffic Study."

MOTIONS AND RESOLUTIONS

Mr. Stone presented

Bill No. 3774. WHEREAS, the championship game of the City of Pittsburgh City League Football Season was played at the South High stadium on November 5, 1977; and

WHEREAS, South High School and Westinghouse High School football teams, because of their ability, stamina and perseverance throughout the 1977 season earned the right to play in this championship game; and

WHEREAS, South High School was victorious by a score of 22-0; and

WHEREAS, the South High School football team has brought pride and honor, not only to themselves, but to their school as well, by winning the first city football championship in their history.

NOW, THEREFORE, BE IT RESOLVED

That the Mayor and the City Council of the City of Pittsburgh extends its congratulations and best wishes to the 1977 South High School "Orioles" football team, its coaches, headed by Coach Glenn Miller, its band, cheerleaders and student body for winning the 1977 City of Pittsburgh city school football championship.

Which was read.

Mr. Stone moved

The adoption of the resolution.

Which motion prevailed.

Mr. Lally:

Mr. Chairman, being that this is Councilman Lucchino's last legislative meeting, I would like to wish him the best and continued success in his new job, wherever it may be.

The Chair:

His last meeting will be Thursday.

Mr. Lally:

Anyhow, I want to wish him the best and as far as I am concerned he has been a great help to me as a new Councilman and I want to wish him success, thank you.

Mr. Lucchino:

Thank you, sir.

The Chair:

I believe those sentiments are of most of the Council Members.

Mr. Stone:

I believe that is true.

The Chair:

If there are no further motions, I do want to make a few comments.

Over the weekend, there was a bombing of one of the massage parlors and as you know this is the heart of prostitution and dope dealings and I just want to say that Mayor Caliguiri is to

be commended for his quick action on getting a court order to close them.

My concern is that this goes back to April of 1976 when this Council passed an ordinance in regards to the intersexual massages at these parlors or anywhere else for that matter — hospitals and doctor's offices and apparently for some reason that ordinance hasn't been enforced.

I am curious to know at the present time if we can move with that ordinance and close them down permanently. I do realize that there was some sort of injunction holding us from enacting on the ordinance, but I was just curious to know if there is anything we can do. Can somebody clue me in on that? it seems by this time some decision should have been made and the ordinance should certainly be in effect by now because it's almost going on two years. Is there anything we can do to close them down permanently? I would appreciate the comments from anyone. Is there anyone who is aware of this? Are they still waiting for the court to make a decision on it, Bob (Stone)?

Mr. Pellegrini:

The ordinance was upheld last February before Judge Barry and I think they disagreed two weeks ago and that argument is scheduled for January 6. We did file the initial injunction and Judge Barry granted a preliminary injunction on Friday night upholding our ordinance.

Mr. Lally:

What is the five-day clause on the injunction?

Mr. Pellegrini:

That is our exparte injunction as based on the previous hearing which went for about 45 day.

Mr. Givens:

The Third Circuit Court of the federal appeals indicated that the intersexual massage parlors upheld that and here again we are repealing a decision that has already been made?

Mr. Pellegrini:

Judge Barry upheld it in our favor and Judge Smith said that we couldn't.

The Chair:

Is there anything we can do to keep them closed permanently?

Mr. Pellegrini:

Well, as far as it stands right now, they will be closed until the January 6th hearing.

Mr. Givens:

Mr. DePasquale, I think you bring up a good point, but the ordinance is not enforced and thereby is not working and this is something that you have to police in order to make sure that the ordinance will work.

The Chair:

I believe that the three murders are connected with dope dealing and whatever and I think something should be done to close them permanently.

Mr. Givens:

My concern is for the citizens who have to suffer in this kind of situation. My daughter was right across the street in the Encore when it happened and I think the citizens need to be protected from this.

The Chair:

Thank you Mr. Givens. Any further motions and resolutions?

Mr. Stone moved

That the Minutes of Council of Monday, December 19, 1977, be approved.

Which motion prevailed.

Mr. Stone:

Mr. President, I move that this meeting of council recess and reconvene on Thursday, December 29, 1977, at 10:45 a.m.

And Council recessed.

Which motion prevailed.

Pittsburgh, Pa.

Thursday, December 29, 1977

And the hour of recess having expired, Council reconvened and there were present:

Mr. Stone:

BUDGET MESSAGE OF THE
FINANCE CHAIRMAN
City Council — City of Pittsburgh

Before proceeding with the highlights

of the 1978 Budget, I would first like to point out that the Budget deliberations this year were perhaps the most thorough of any, in most recent years.

This year, the Budget received many "rounds of review". In stage I, Council sat with the heads of each Department, Board and Commission in order to "take stock". This first review covered the years 1977 and prior years. We undertook a probing review to analyze previously announced goals for that period to see whether or not we were able to fulfill those goals. Council's probing did much, to bring to light, more accurately, the City's actual financial status, and performance ability.

In Stage II Council, more informed and currently updated, again met with the Heads of the Departments, Boards and Commissions and on this occasion, reviewed the projections and goals for 1978, but, more pointedly, looked at the City's ability to perform the newly announced goals, in light of some of the past inabilities.

Council in similar fashion, reviewed the Capital Budget and Community Development Block Grant Program.

This review gave Council an opportunity to engage in meaningful and constructive dialogue, exchange, input and, to make changes.

For this extra effort, this year, the Members of City Council are to be commended.

The review was most necessary, this year, as we face a "Change of Command" — from an Administration that practiced total frugality, to that of an Administration with announced goals of "new direction . . . and movement, again". An Administration with such goals and aims, is most welcomed by this Council and likewise, by the citizens of this great City.

"COUNCIL'S BUDGET"

This Administration has already an-

nounced plans for implementation of programs in three major fields — Housing, Economic Development and Emergency Medical Services.

These programs are welcomed by this Council, for in reality they are an articulation of programs, initiated by City Council and therefore really "Council's Budget".

It was City Council who initiated and sponsored the Department of Housing in the City of Pittsburgh in 1975 to coordinate our massive housing efforts.

Housing is one of the major problems facing this City. We must not and cannot take this responsibility lightly.

It was City Council that initiated and sponsored the City Development Department in 1974 in order to create a better economic climate, by seeking new economic opportunities, while, at the same time, preserving or building on our present economic base.

It was City Council that initiated, sponsored and provided the funds and legislation, four years ago in the Tax Operating Budget, for Emergency Medical Services for the City of Pittsburgh, to care for the acute medical needs of our citizens. Regrettably, the previous Administration, opposed this program. This City Council; nevertheless, remained steadfast in its support of this necessary program.

The new Mayor, has created a new department of Emergency Medical Services. It is nice to know the EMS is, finally, a "part of the City of Pittsburgh". This Council has felt; however, that a Department paying salaries, less than normal, from top to bottom, was less than the "true way".

This Council; therefore, felt duty bound to re-affirm its commitment to this Program, by initiating an "across the board equalization wage increase" — closer, if not comparable to its counterparts across the Nation.

SALARIES OF DEPARTMENT HEADS

Relative to the salaries of the various City Departments, the Finance Committee made a study of comparable cities across the Nation, and was surprised to find that — the City of Pittsburgh was below the national averages.

The Mayor requested an equalization of the Department of Parks and Recreation, with that of Public Works. This Council felt that this was meritorious and granted that request; but this City Council, likewise, could not logically ignore the fact that the Police and Fire Department heads, who supervise departments larger in manpower and responsibility, should likewise be elevated to the City's top level salary, if not the national level.

SALARY OF MAYOR

As to the salary increases of the Mayor and City Council, we can but offer these few words of understanding.

The City of Pittsburgh employees, under collective bargaining agreements, entered into, between their representatives and the Administration, have received salary and fringe benefit increases of 7 to 9%. The Mayor has recommended a minimum 6% increase for the City's other municipal employees. These raises were given, because of inflation, and because of a recognized fact — that of the cost of living increased!

How, therefore, can we or the citizens of this City expect that Public Officials are free of a cost of living increase for past or future years?

In considering the salary of the Mayor, we researched the salaries of Mayors of comparable cities across the Nation. We've recognized an added responsibility: the City of Pittsburgh is the "hub" of the County and of this Southwest Region. Likewise, we recognized the fact that the salary of the Mayor had not changed since 1970 and by our new Home Rule Charter, cannot be changed, other than now, for the next four years,

even for a minimum cost of living in any one of the four years — in spite of an expected cost of living increase.

This decision was a responsible one and this Council did not shirk from that responsibility.

COUNCIL RAISES

Relative to the salaries of the City Council Members, there is a similar inequity, under our new Home Rule Charter.

Councilmen, nor any other public official, can escape a cost of living increase!

The Home Rule Charter recognized a new role and an increased involvement by City Council, there's a new responsibility to meet with the neighborhood groups — away from its chambers and at night. Further, with the implementation of the Community Advisory Boards, envisioned also, under the Home Rule Charter, there will be an even greater commitment of devotion, time and effort.

By the requirements of the Charter, the salary of Council must be set now, or remain unchanged for the next four years, again — regardless of any cost of living increases in any one year.

Little known, is the fact that the increase shall not be accorded to all Councilmen at this time!

This points out the great disparity, created by our Home Rule Charter, wherein Council members — for the same responsibility and effort — will be receiving different salaries.

In setting the salary for incoming Councilmen who cannot be granted a raise in the next four years, this Council, strongly urges an amendment to the Home Rule Charter. We call for a Charter change that will provide for — the same salary to all Council members and/or — at least, a factor for a cost of living increase for public officials.

EMPLOYEE EQUALIZATION

City Council in its deliberations, made further changes in certain areas — to correct salary problems historically out of line.

There was a temptation and a desire to do more. Especially was this so, in light of the disparity of salaries and benefits between persons on the CETA and Capital Budgets, compared to those on the Tax Operating Budget, and even more pronounced — the disparity between employees on the same budget, doing the same work, but in different departments of the City of Pittsburgh.

During our Budget deliberations, we were continually informed by the Mayor's Fiscal Staff, that a Equalization Study for all employees would be undertaken in the year 1978. Because of this proposed study, Council did not make additional changes, but rather, decided to await a final report. Such a study is necessary and long overdue!

RETIREES

Relative to our City of Pittsburgh retirees — Police, Fire and Municipal — this City Council felt that this City was morally and responsibly committed to do something this year!

Little known, is the fact that two years ago, this Council raised the minimum pension for police and fire retirees — who had given their full useful lifetime to this City — to \$300.00 per month. This is even below the minimum standard! Those police and fire retirees, who were already receiving more than the \$300.00 minimum, were not given any cost of living increase since 1974.

Last year, City Council attempted to grant a nominal cost of living increase to these retirees, but sufficient funds were not available!

This year — this Council nor this City, could morally afford to sidestep this responsibility any longer. Therefore, Council granted a \$20.00 per month

increase for police and fire retirees, as well as, all municipal retirees, who had retired, prior to January 1, 1968. While some consideration should be given to those municipal employees retiring after January 1, 1968, this Council felt that most of those retirees, were receiving Social Security benefits, in addition to their city pensions, and their burdens, while heavy, were not as severe as those who had retired earlier.

GRANTS AND DONATIONS

Relative to the Grants and Donations awarded by this City Council, we can but say that it is possible that some might differ as to the grantee and to the amounts or increases; but — from where we sat — hearing, seeing and having the benefit of some prior experience before us, we believe that our decisions were in the best interests of the City of Pittsburgh.

PUBLIC SAFETY MANPOWER

Relative to our Police and Fire Manpower, we are gratified by the willingness of this new Administration, to fill our minimum police and fire manpower levels — as mandated by this City Council.

We are; however, aware of various court cases pending, relative to promotions in ranks, and the participation of minorities and women in those promotions. Until these pending cases and issues are finally resolved, its effect will cause problems in the ability to hire and maintain the minimum mandated Manpower levels.

This City Council — for the first time — has created the positions of "Police Officer, as needed" and "Firefighter, as needed"; thereby giving the Administration the opportunity and the way to continue to hire, pending the opportunity to promote.

This can be done without the necessity of additional funds!

VACANCIES

This Council in its close scrutiny of

vacancies in the various City Departments found 27 positions vacant in the Parks and Recreation Department. 27 positions at an average yearly salary of \$10,000.00 amounts to \$270,000.00 of unfilled salary positions in 1977. This condition had existed for two years and therefore, \$500,000.00 of unfilled positions existed for a two year period! It is unfair to tax the citizens of the City of Pittsburgh for unfilled positions!

While we hope for a change of attitude on the part of the new Administration to eliminate vacancies, we felt compelled, nevertheless, to remove many of those vacant positions from the 1978 Budget.

TEN PERCENT AMUSEMENT TAX ELIMINATION FOR MOVIE THEATER OWNERS

It would be unfair to close our remarks, without some reference to the plight of the movie theater owners in the City of Pittsburgh.

There is merit in their contention that they are at a decided disadvantage, competing with the movie theaters in suburbia for the same admission dollar. The big difference is — their admission dollar is diluted by their absorption of parking costs and the ten percent City of Pittsburgh amusement tax.

Their cause and need of relief is more acute, when we learn that some have been or are, on the brink of closing their doors. We are mindful, that from a theater with closed doors, there is no ten percent amusement tax realized by the City.

Our present problem; however lies in the presently available remedies, rather than the justice of the cause!

A precedent exists for a separate classification for movie theaters in the City of Philadelphia. If, by reasonable criteria, we were able to justify an exemption, for movie theaters from other forms of amusement, could we separate the "PG movie theaters" from the "X-Rated movie theaters"?

The classification in Philadelphia is and remains to this date, unchallenged. While the movie theaters generated only \$300,000.00 of the 2.5 Million Dollars realized from the Amusement Tax Revenue in 1977, one wonders why we would not grant relief. What plagues this Council most, is the consequences that this City would be faced with, if the other amusement facilities were to, challenge any classification change for the movie theaters, and were successful. With our present tight budget, the City of Pittsburgh, could not possibly absorb a prospective loss of 2.5 Million Dollars!

We could not and therefore did not grant relief this year; but this matter must be addressed directly during 1978 and in the 1979 Budget.

WATER LINE MAINTENANCE CHANGE

In the 1978 Budget, City Council has initiated and sponsored another change of great importance to the City.

This change is in the Water Department and concerns the responsibility of city property owners for the maintenance of their water lines.

Heretofore, property owners, were responsible for maintenance of their water lines — from their property to the main line/connection, which was, in many cases, in the middle or on the other side of the street.

While property owners have had no control of the street, they soon learned to their regret, that damage to their lines, under the street, were their responsibility! Little known, is the fact that some city property owners — many on fixed and low incomes — have had to pay repair bills ranging from \$500.00 to \$7,000.00 for repairs to their water lines. Incredible, but true!

In addition, having property owners, entering our streets, near gas, electric, and other utility lines, to perform their own repairs, was creating a serious safety problem for the City of Pittsburgh.

Although, there shall be an increased

cost to the City, ranging between \$275,000.00 and \$400,000.00 per year, the City of Pittsburgh's costs, will in no way — equal the collective high costs to the unwaring property owner, not to mention the undue hardship, heretofore experienced.

City Council; therefore, by Ordinance, this week, has limited and reduced the property owners responsibility — from their property to the curb line/curb box. This is a just and right decision!

NO TAX INCREASE and "The Surplus Game"

This year, as promised — The City Council of the City of Pittsburgh shall not increase taxes for its citizens.

At the same time, and in fairness to all, it is not likely that this can and will continue in 1979!

The Finance Chairman would be remiss if he were not to comment on the so-called "Game of Surplus".

The Finance Chairman is hard put to understand how anyone can claim a "Surplus" in the Budget, when our Tax Operating Budget is subsidized by federal revenue sharing, and that sum — EXCEEDS the alleged "surplus" . . . by 2 to 5 times.

It is wrong to advocate such a system, and equally wrong to lull the citizens of the City of Pittsburgh into false security. Under that logic, if the Federal Government were to grant to each of us a subsidized sum of 10%, even we could end up with a "surplus" of 5%!

The private corporation surplus is returned in the form of a dividend. In the fraternal benefit insurance field, a "surplus" is called a "overcharge of premium". By analogy therefore, in government an alleged "surplus" is clearly — an overcharge of taxation!

RECOMMENDATIONS

The 1978 Tax Operating Budget is a tight budget! Since we are embarking into a new era, with new leadership, this budget will require constant review throughout the year, by the Administration as well as this Council.

As Finance Chairman I hereby respectfully recommend that the City Council of the City of Pittsburgh not impose any tax increase in the year 1978.

We further urge this Council to adopt the budget and strongly urge the new Mayor of the City of Pittsburgh, to accept our recommendations and revisions and to approve the 1978 Budget.

The 1978 Tax Budget reflects operating costs from all funds of \$152.114 Million and less non-appropriated funds of \$4.093 Million equals operating costs from appropriated funds of \$147.211 Million.

As Finance Chairman and having had the privilege and honor of selecting the cover of the 1978 Budget for Pittsburgh's City Council I would direct your attention to the cover and the message contained therein. "Pittsburgh's A Whole World of People" . . . let's not forget it!

Respectfully submitted,
Robert Rad Stone
Finance Chairman

Mr. Stone:

Mr. President, I would move for adoption of the Tax Operating Budget for 1978, C/D and all bills. But, I would like just in closing to add this remark, if I may. I would like to give a final thanks. I would be remiss if I did not take this opportunity as Finance Chairman to exercise a personal debt of gratitude to the following: all members of City Council who were so patient, cooperative and who constructively contributed to the input into this year during my first term as Chairman of Finance; to our Budget Controller, Robert Rush, who was amply assisted by John Buckley; Council's Engineering staff,

Edward Albert, who was assisted by Frank Martin; City Clerk, Michael Perry, and his staff whose assistance we found extremely helpful.

MOTIONS AND RESOLUTIONS

Mr. Lally:

I think we would be remiss in our duties if we didn't give our Finance Chairman a vote of confidence. He certainly did a good job. He did a very thorough job on this budget this year. I think we all should give him a word of thanks.

Mr. Stone:

Before we adjourn, I do have a point to make.

Mr. DePasquale:

I was just going to say that we do have a member apparently that is going to leave. Mr. Lally alluded to that fact at the last meeting. Because we did recess, this time — I know that all of Council sentiment and sadness in seeing Mr. Lucchino leave. From what I hear and from what I see, apparently he is going to greener pastures. So, Mr. Lucchino, without further ado, it has been a pleasure working with you.

Mr. Coyne:

I would like to commend Councilman Lucchino for the work that he has done in the past four years and also point out that Mr. Lucchino has been a very imaginative and forthright Council member. I would also like to add my wishes of good luck for what Mr. Lucchino chooses to choose.

Mr. Lally:

Mr. Lucchino sat here for four years and didn't raise taxes.

Mr. Lucchino:

That's what I was going to mention. When you are going to leave something that you have done now for the last four years, like I have done, you are expected to say something humorous and something serious. Most of the time I am never at a loss for words, but in these kind of situations, I find that I am.

But, that I did mention to Mr. Lally when Mr. Stone stated that we might have a tax increase in 1979 — I am not going to suggest that I had any cause and effect because I sat here in that four years and we never had to raise taxes. If you guys have to do it next year — some suggest that the reason why is because some people that are here are not here. I am not going to suggest that because I don't think that.

On the serious side. I do appreciate all of your kind remarks and wishes of good luck. I have enjoyed working with all of you and especially, as Mr. Stone mentioned, the people on that staff who have always been very kind to me and very helpful. I have enjoyed that people of Pittsburgh have given me this opportunity to serve for these four years. It has been a great experience. I wish all of you good luck.

Mr. Stone:

I had hoped to speak prior to this, but nevertheless, I would just like to say a few words. Relative to Mr. Lucchino, he has been a definite contribution to the City. I think in one way that this city and this Council benefited is by his presence in these last four years. I think that we can truly say that it has. Therefore, this Council and the City of Pittsburgh owes him a debt of gratitude. And with that, we say thanks and many good returns in the future.

Mr. Bulls:

I would like to say, being the newest member of Council, that it has been my pleasure to serve with Mr. Lucchino. One thing I have learned from Mr. Lucchino since I have been on this body, if you don't know something ask questions. I wish you and your family good luck and good health.

Mr. Givens:

I would like to say to you, Mr. Lucchino, that many times we have had good up and down arguments, but I think all for the betterment of the City of Pittsburgh. I know there is going to be an empty spot in all of our hearts and souls when you depart.

Mrs. Masloff

I have had the honor of sitting next to Mr. Lucchino. I did think that we should have given him a plaque, but you can't pawn it so he didn't want it. He already has a gold watch. So, all heartfelt sincerity for all he has done for me particularly.

Mr. Lally:

I said mine the other day.

Mr. DePasquale:

I would just like to close the year by saying it certainly went fast. Now, without further ado, I will ask for a motion to adjourn for the year, 1977.

Mr. Stone:

So moved.

Mr. Givens:

Second.

Which motion prevailed,

and Council adjourned.
